Star Trek: Titan: Fallen Gods Michael A. Martin, Gene Roddenberry, 2012-07-31 Though the Federation still reels from Andor's political decision that will forever affect the Federation Captain William T. Riker and the crew of the USS Titan are carrying out Starfleet's renewed commitment to deep space exploration Original **Machine Intelligence and the**

Imaginal Realm Luke Lafitte, 2022-02-01 Explores how we naturally project consciousness onto machines and how this is reflected in human culture science artificial intelligence and literature Demonstrates a direct connection between consciousness and the history of machines in American history Looks at the contributions and influence of Grace Hopper Richard Feynman Philip K. Dick Nikola Tesla Thomas Edison Elon Musk David Bohm Norbert Wiener and Steve Jobs as well as the Nag Hammadi Gnostic gospels Humans invented and constructed machines to aid them as far back as the Stone Age As the machines became more complex they became extensions of the body and mind and we naturally began projecting consciousness onto them As Luke Lafitte shows in detail although machines complicate the already complicated issue of identity because they are ours and of us they are part of our spiritual development In this sweeping exploration of the history of the machine as a tool as a transpersonal object to assist human activity and as a transitional artifact between spirits and the humans who interact with them Lafitte examines the role that machines play in the struggle between spiritual man and mechanical man throughout history He interprets the messages archetypes and language of the unconscious in the first popular stories related to mechanical men and he demonstrates a direct connection between consciousness and the history of machines in American history specifically between the inventors of these machines and the awakening of our imaginations and our powers of manifestation He examines the influence of Philip K. Dick Nikola Tesla Thomas Edison Grace Hopper Richard Feynman Elon Musk David Bohm and others and shows how the Nag Hammadi gospels explain how we can take back our myth and spirit from the machine Although the term mechanical man is a catch all phrase Lafitte shows that the term is also a meeting ground where extra dimensional communications between different forms of matter occur Every machine android robot and cyborg arose from consciousness and these mechanical men whether real or fictive offer us an opportunity to free ourselves from enslavement to materialism and awaken our imaginations to create our own realities

Late Star Trek Adam Kotsko, 2025-03-25 How Star Trek's twenty first century reinventions illuminate the unique challenges and opportunities of franchise style corporate storytelling Late Star Trek explores the beloved science fiction franchise's repeated attempts to reinvent itself after the end of its 1990s golden age Beginning with the prequel series Enterprise Adam Kotsko analyzes the wealth of content set within Star Trek's sprawling continuity including authorized books the three Kelvin Timeline films and the streaming series Discovery Picard Lower Decks Prodigy and Strange New Worlds along with fan discourse to reflect on the perils and promise of the franchise as a unique form of storytelling Significantly including the licensed novels and comic books that fill out the Star Trek universe for its fans Kotsko brings the

multiple productions of the early twenty first century together as a unified whole rather than analyzing them in their current stratified view He argues that the variety of styles and approaches in this tumultuous era of Star Trek history provides the perfect opportunity to reflect on the nature of the franchise storyworlds that now dominate popular culture By taking the spin offs and tie ins seriously as creative attempts to tell a new story within an established universe Late Star Trek highlights creative triumphs as well as the tendency for franchise faithfulness to get in the way of creating engaging characters and ideas Arguing forcefully against the prevailing consensus that franchises are a sign of cultural decay Kotsko contends that the Star Trek universe exemplifies an approach to storytelling that has been perennial across cultures Instead he finds that what limits creativity within franchises is not their reliance on the familiar but their status as modern myths held not as common cultural heritage but rather owned as corporate intellectual property

Star Trek: The Next Generation: Triangle: Imzadi II Peter David,2000-09-22 Imzadi to the people of the planet Betazed including Counselor Deanna Troi of the Starship Enterprise it means beloved and denotes a special closeness that can never be truly broken Or can it In his acclaimed earlier novel Imzadi bestselling author Peter David explored the special bond between Deanna Troi and Commander William T Riker It revealed new facets of their long and intimate relationship and put that bond to its ultimate test in a powerful and unforgettable story that remains one of the most popular Star Trek adventures ever published Now David examines the heart of Deanna Troi from an altogether different perspective as he reveals for the first time the full story of Troi s troubled romance with Lieutenant Commander Worf At first glance they cannot be more different She is an empath gentle and acutely sensitive to the needs and feelings of others He is a fierce Klingon warrior dedicated to a harsh and warlike code of honor Brought together however by a common need to care for Alexander Worf s troubled motherless son they discover hidden reserves of courage and compassion within each other Soon mutual respect leads to much stronger emotions as they embark on an unexpected courtship much to the surprise and discomfort of William Riker But does Worf s future truly lie with Deanna or on a distant outpost called Deep Space 9 And whom indeed shall Troi ultimately call imzadi

Imzadi II is a compelling story an untold chapter in the history of the Starship Enterprise

The Big One Ed Moses,2020-02-10 Twelve year old Eddie has always lived for fishing trips with his grandfather idyllic day long floats on the sweet waters of their home river But now Gramps the charismatic owner of a local sporting goods store has himself been hooked by dementia he s obsessed with catching the biggest fish in the river and he s scaring everyone in Eddie s life half to death This earthquake spawns numerous aftershocks some comic the unfortunate incident of the deceased carp how it comes about that Eddie s dad throws up at his mom s wedding And some dark the climactic 60 mile river journey one voyager perhaps mad the other perhaps kidnapped launches deep in the night carrying Eddie and his grandfather inexorably to a final fateful encounter with the Big One

Fallen Gods Michael A. Martin,2012-07-31 Though the United Federation of Planets

still reels from Andor's political decision that will forever affect the coalition. Captain William T. Riker and the crew of the U.S.S. Titan are carrying out Starfleet's renewed commitment to deep space exploration. While continuing to search the Beta Quadrant's unknown expanses for an ancient civilization's long lost quick terraforming technology, a potential boon to many Borg-ravaged worlds across the Federation and beyond, Titan's science specialists encounter the planet Taitan, home to the remnant of a once great society that may hold the very secrets they seek. But this quest also takes Titan perilously close to the deadly Vela Pulsar, the galaxy's most prolific source of lethal radiation, potentially jeopardizing both the ship and what remains of the Taitan civilization. Meanwhile, Will Riker finds himself on a collision course with the Federation Council and the Andorian government, both of which intend to deprive Titan of its Andorian crew members. And one of those Andorians, Lieutenant Pava Ek Noor sh Aqaba, has just uncovered a terrible danger which has been hiding in plain sight for more than two centuries.

Star Trek Visions of Law and Justice Robert H. Chaires, Bradley Stewart Chilton, 2003. Star Trek Visions of Law and Justice collects fourteen articles connecting popular media with academic inquiry, illustrating the connections between the future world of Star Trek and current issues in international law, law and justice, and the American legal system. It makes an ideal text to teach students interdisciplinary academic concepts using a familiar popular media phenomenon.

This is Your Life? Christopher Fry, 2017-11-07 This Is Your Life is about the journey to the center of your mind Twilight Zone music in the background Well maybe not quite the center but it challenges the premise that we are mechanical beings living in a mechanical world Contrary to the popular cultural voice that says Resistance is futile assimilated you will be Yoda people are tired broken and poor from living in this Marxist socialist paradise If we can reclaim a true definition of liberty perhaps we can achieve a Modern Reformation The human experience we call life is mind body and spirit If any one of these is missing we die Our culture has been trying to convince us for decades that we are mind and body but without any spirit People have been treated as if they were automobiles to be driven manipulated and finally discarded when their benefits run out The results of this philosophy have been disastrous The fruits of Marxist philosophy today are the same as they have been throughout history to lie steal kill and destroy leaves death in its wake and itself ultimately self destructs in a suicidal fit of rage A Christian philosophy will emerge out of the ash heap hopefully sooner rather than later We must recognize that every human being is different than every other person who has ever been We are like a microcosm an entire universe contained in this human body The spiritual realm is more real than the physical realm and twice as dangerous Unless we wish to continue living like a zombie in mind and body denying the spirit we must understand the spiritual aspect in order to experience true life This Is Your life recognizes the fact that we all have an appointment with Revelation 20 12 And I saw the dead great and small standing before the throne and books were opened Then another book was opened which is the book of life And they were judged by what was written in the books according to what they had done The books are our life stories We are all writing a book and each day is another page in our book The good the bad and the ugly it s all there The book of life is also there There was a show from the 1960s and 70s called This Is Your Life The host Ralph Edwards always had a book in his hand He would walk up to the person being highlighted and say So and so this is your life They would have events and people from their past and things on their life journey that helped make them who they were This is how one might imagine it could be when we stand before the Lord
