Conversations With Igor Stravinsky:

Conversations with Igor Stravinsky Robert Craft, 2013-07-04 *Conversations with Igor Stravinsky* is the first of the celebrated series of conversation books in which Stravinsky prompted by Robert Craft reviewed his long and remarkable life. The composer brings the Imperial Russia of his childhood vividly into focus at the same time scanning what were at the time the brave new horizons of Boulez and Stockhausen with extraordinary acuity. Stravinsky answers searching questions about his musical development and recalls his association with Diaghilev and the Russian Ballet. There are sympathetic and extraordinarily illuminating reminiscences of such composers as Debussy and Ravel, the only musicians who immediately understood *Le Sacre du Printemps* while mischievous squibs are directed at others, most notably perhaps against Richard Strauss, all of whose operas Stravinsky wished to admit to whichever purgatory punishes triumphant banality. The conversations are by no means confined to musical subjects, ranging uninhibitedly across all the arts. Stravinsky gives unforgettable sketches of Ibsen, Rodin, Proust, Giacometti, Dylan, Thomas, and T. S. Eliot. The conversations between Igor Stravinsky and Robert Craft are unique in musical history. The penetration of Craft's questions and the patience and detail of Stravinsky's answers combine to produce an intimate picture of a man who has sometimes puzzled, often delighted and always intrigued. *The Sunday Times*. Craft** Stravinsky, 1958. *Memories and Commentaries* Igor Stravinsky, Robert Craft, 1981-01-01. For the first time in one volume the celebrated Stravinsky and Craft *Conversations*. Few would dispute that Igor Stravinsky was the greatest composer of the twentieth century. Conductor and writer Robert Craft was his closest colleague and friend and for over twenty-one years he lived with the Stravinskys in their Hollywood home. In the early 1950s he accompanied the composer on his concert tours and from the mid 1950s to Stravinsky's death in 1971 he co-conducted his concerts. Together Stravinsky and Craft published five acclaimed collections known as the *Conversations* series which sprung from informal talks between the two men. In this newly edited and re-structured one-volume version Craft brings Stravinsky's reflections on his childhood, his family life, professional associates and personal relationships into sharper focus and places the major compositions in their cultural milieu. The *Conversations* books are the

only published writing attributed to Stravinsky that are actually by him in terms of fidelity to his thoughts and opinions making this volume required reading for all fans and students of Stravinsky's music Conversations with Igor Stravinsky ,

Straus, 2004-03-25 The first book to be devoted to the music of Stravinsky's last compositional period *The Cambridge Companion to Stravinsky* Jonathan Cross, 2003-07-24 Stravinsky's work spanned the major part of the twentieth century and engaged with nearly all its principal compositional developments This Companion reflects the breadth of Stravinsky's achievement and influence in essays by leading international scholars on a wide range of topics It is divided into three parts dealing with the contexts within which Stravinsky worked Russian modernist and compositional with his key compositions Russian neoclassical and serial and with the reception of his ideas through performance analysis and criticism The volume concludes with an interview with the leading Dutch composer Louis Andriessen and a major re-evaluation of Stravinsky and Us by Richard Taruskin **Expositions and Developments** Igor Stravinsky, Robert Craft, 1981-01-01 **Themes and Conclusions** Igor Stravinsky, 1982 This is the final volume in the legendary series of Stravinsky's conversations with Robert Craft In his foreword dated March 1971 shortly before his death Stravinsky wrote of his final work of words They are hardly the last words about myself or my music that I would like to have written and in fact they say almost nothing about the latter except tangentially in comments on Beethoven It is almost five years now since I have completed an original composition a time during which I have had to transform myself from a composer to a listener The vacuum which this left has not been filled but I have been able to live with it thanks in the largest measure to the music of Beethoven It is certain now that I will not be granted powers such as have recently enabled Casals to publish a book at an age six years greater than mine But I am thankful that I can listen to and love the music of other men in a way I could not do when I was composing my own Although Stravinsky may have written nothing new about his music in his last years this book collects together a number of his programme notes about his own works among them the Symphonies of Wind Instruments and Jeu de Carte and there are waspish letters to the press wide ranging interviews prefaces and reviews and a whole section entitled Squibs Readers who enjoyed the earlier volumes of recollections will find this final volume equally enlightening diverting and enriching This unique series of memories is essential reading for all students and lovers of Stravinsky
