Convivialisme Dix Questions Imaginaire Politique:

Critical Theory of Coloniality Paulo Henrique Martins, 2022-04-19 This book reveals how the critique of the domination of capitalism inaugurated by the Frankfurt School becomes pluriversal motivating the historical Critical Theory of Coloniality CTC dialogue between the Global South and the Global North CTC expresses the emergence and historical actuality of a set of intellectual fields aimed at denouncing domination and promoting emancipatory ideas at the borders of colonial capitalism The book argues that the actuality of the CTC relies on the importance of valuing theoretical and methodological pluralism in the context of the necessary redefinition of the directions of global society It reveals a plural reflection of scientific moral and aesthetic character in different areas of former planetary colonisation such as Asia Africa and America but also on the borders of Europe This book is aimed at researchers and students in the social sciences as well as in interdisciplinary studies It is attractive to those who are interested in the plural development of theoretical criticism outside the European universe and who seek to understand how capitalist power has metamorphosed with planetary coloniality Considering this book implies important reflections on topics such as development modernity tradition imperialism dependency and democracy it is interesting to specialists in development issues international relations and policymakers

A Critical Theory for the Anthropocene Nathanaël Wallenhorst, 2023-09-15 This volume which is rooted in biogeophysical studies addresses conceptions of political action in the Anthropocene and the tension between a desire to accomplish the Promethean project of modernity and a post Promethean approach This work explores the idea of an anthropological mutation of political consolidation from a post Promethean togetherness to creating the capacity to act together The political thinking of the human condition developed by Hannah Arendt is important here as a resource for thinking about humanity in terms of human adventure This has three dimensions hubris the world and coexistence referring respectively to the logic of profit of the homo oeconomicus the logic of responsibility of the homo collectivus and the logic of the hospitality of the homo religatus The intellectual and political attitude outlined in this book is an extension of critical theory the work also puts forward a critique of what poses a problem in our relationship to the world and suggests how to overcome it the ultimate goal being social transformation The author propose an uprising and an anthropological consolidation of politics based on the revitalization that is brought about by the sharing of a conviviality both between humans and with what is non human The identification of conviviality as an

educational paradigm to survive the Anthropocene gives us the much needed reason for hope despite this heritage of the Anthropocene In addition to Arendtian thinking this critical theory for the Anthropocene draws on the political thinking of several contemporary authors including Maurice Bellet Hartmut Rosa Andreas Weber Dominique Bourg and Christian Arnsperger This volume is of interest to researchers in the Anthropocene

Ethics and Justice. Éthique et justice Peter Kemp, Noriko Hashimoto, 2017 The main theme of volume 6 of *Eco ethica* is Ethics and Justice which focuses on the idea of justice in a metaphysical social and personal sense Justice is considered as a balance between opposite ambitions in interdependent persons and as equity in legislation but not as blind justice Today it is valuable not only on the national but also on the cosmopolitan level Before it became personal justice the idea of justice was considered metaphysical and social both in European and Chinese culture However in modern times it is often reduced to a moral duty without meta ethical responsibility The last section considers the importance of the philosophy of Paul Ricoeur 1913 2005 for clarifying the idea of justice Series *Eco Ethica* Vol 6 Subject Philosophy Ethics
