**James T. Webb**

## **Coping With Depression In Young People A Guide For Parents:**

Coping with Depression in Young People Carol Fitzpatrick, John Sharry, 2004-06-25 Depressive disorders can produce dramatic and frightening changes in young people's behaviour but while parents may suspect something is wrong they are often at a loss to know what. This book shows parents how to tell the difference between the ordinary ups and downs and true depression helping them better understand clinical warning signs and the various approaches to treatment. Dealing sensitively with how depression sometimes manifests itself self harm alcohol and drug abuse and suicide attempts the book offers parents practical guidance on how they can reach out to their children and find professional assistance. **I'm Not Crazy** I'm Not Crazy, 2010-08 Teens It isn't fair that you have depression or bipolar disorder. You can continue along the same path but chances are if someone gave you this workbook that path isn't the best. Working through these pages will help you understand what the heck everyone is talking about. You might even see some of your behaviors and thoughts. It has practical suggestions to help you cope. What does it hurt to try. Ultimately it is your choice to work through the issues. But it's kinda nice to see that you aren't the only one to have these crazy thoughts. *Supporting Troubled Young People* Steven Walker, 2025-02-28 Supporting Troubled Young People provides a vital and much needed resource for anyone involved with children and young people who are suffering from or at risk of developing mental health problems. Problems such as self harm eating disorders and anxiety and depression are increasing while young men in particular are at increasing risk of suicide. This is against a backdrop of NHS CAMH services unable to cope with demand and resources in the voluntary sector being stretched beyond their capacity. This means parents teachers social workers and nurses are often the first and only help available. This book gives them a jargon free accessible guide to help them assess situations provide skills and guidance to support children and young people and know how and where to get more help for them. Full of practical tips advice exercises and case studies. Articulates gender multi cultural spirituality and sexuality issues. Tackles contemporary issues such as cyber bullying eating disorders and self harm. Uses research and established theory in an engaging way enabling the reader to translate ideas into modern multi cultural practice. Supporting Troubled Young People provides any worker involved in supporting helping and caring for young people with a practical resource to use in their work as teachers social workers nurses youth workers doctors foster carers residential staff psychologists and psychiatrists. Parents and young people will also find much of value here. This book makes a rich contribution to the understanding and treatment of children's mental health at a time when this is desperately needed. It is well informed full of case illustrations to guide the reader and is written by a compassionate therapist and researcher with a solid grasp of the complex social environment in which children live today. Dr Chris Nicholson Head of the Department of Psychosocial and Psychoanalytic Studies University of Essex.

**What Works with Children, Adolescents, and Adults?** Alan Carr, 2008 What Works with Children Adolescents and Adults provides an up to date review of research on the effectiveness of psychotherapy and psychological interventions with

children adolescents adults people in later life and people with intellectual and pervasive developmental disabilities Drawing on recent meta analyses systematic reviews and key research studies in psychotherapy this volume presents evidence for the overall effectiveness and cost effectiveness of psychotherapy the contribution of common factors to the outcome of successful psy

Identifying Special Needs Glynis Hannell, 2013-11-20 Drawing from her experience as an educational psychologist and special education teacher Glynis Hannell offers guidelines to help teachers quickly recognize and categorize the specific characteristics of developmental disorders autism spectrum disorders emotional behavioural disorders specific learning disorders sensory impairments and other forms of special need The practical checklists and resources in this fully revised new edition help both classroom and specialist teachers to Screen any student for possible special needs Understand the causes and characteristics of various types of special needs Request and prepare for an intervention or IEP team meeting Link classroom observations to diagnostic criteria used by specialists Create accurate and comprehensive profiles for individual students Record each student s unique pattern of development within a special needs label Quickly record important information and avoid writing time consuming reports Coordinate information from several teachers or professionals Monitor progress and track significant changes over time Involve parents in observing and discussing their child s pattern of strengths and challenges Plan effective inclusive intervention in the classroom setting Follow up with recommended further reading websites and professional references Recognising special needs and identifying each student s unique profile of positive attributes and difficulties enables teachers and other educational professionals to ensure that all their students receive the support they need to succeed

*Primary Child and Adolescent Mental Health* Quentin Spender, Judith Barnsley, Alison Davies, Jenny Murphy, 2019-01-22 Rewritten with the new primary care environment in mind this greatly expanded and updated edition of *Child Mental Health in Primary Care* extends the structured approach of the first edition to adolescent mental health As in the first edition *Primary Child and Adolescent Mental Health* covers each problem in a uniform way offering definitions assessment outlines detailed management options and indications for referral Numerous case examples further illuminate aspects of many conditions Comprehensive and practical the forty eight chapters of *Primary Child and Adolescent Mental Health* cover the full range of difficulties and disabilities affecting the mental health of children and young people The book is divided into three volumes and can either be read from cover to cover or used as a resource to be consulted for guidance on specific problems This book is vital for all healthcare professionals including general practitioners health visitors and other staff working in primary care to assess manage and refer children and adolescents with mental health problems School medical officers social workers and educational psychologists many of whom are in the front line of mental health provision for children and young people will also find it extremely useful Reviews of the first edition This very comprehensive and detailed book provides the tools for primary care health professionals not only to assess a child s needs but in many cases also to implement an initial package of care

JUST FOR NURSES I have no

reservation in recommending the book to all people working with children and families in any capacity An important training text for a variety of professions A very effective text to be used in daily practice for quick reference CHILD AND ADOLESCENT MENTAL HEALTH This book is well produced and clearly written A useful book for anyone interested or involved with children FAMILY PRACTICE I looked through the book again and again but could not find anything missing NURSING TIMES

**Children's Mental Health and Emotional Well-being in Primary Schools** Colin Howard, Maddie Burton, Denisse Levermore, 2019-10-14 Many teachers feel overwhelmed and lack confidence when it comes to dealing with mental health and emotional well being of children these issues in their classrooms This text supports schools and teachers to develop strategies to enhance the importance of mental health and emotional well being to work on preventative strategies and to support children when they need more intervention The new edition of this important text is now updated to include coverage on the impact of early life experiences on children's mental health as well as more on the influence of technology and social media This second edition also comes with a new critical thinking feature that encourages students to reflect on these issues It outlines lots of effective strategies for working with children who are struggling to manage the school day and offers advice for engaging meaningfully with parents The final chapter Who's looking after who reminds the reader that schools should seek to support their staff as well as their pupils
