Elephant Destiny Martin Meredith, 2009-04-27 For thousands of years the majestic elephant has roamed the African continent as beloved by man as it has been preyed upon But centuries of exploitation and ivory hunting have taken their toll now as wars and poachers continue to ravage its habitat as disease and political strife deflect attention from its plight the African elephant faces imminent extinction What will become of these magnificent beasts As the elephant's future looms ever darker Martin Meredith's concise and richly illustrated biography traces the elephant's history from the first ivory expeditions of the Egyptian pharaohs 2500 years ago to today exploring along the way the indelible imprint the African elephant has made in art literature culture and society He shares recent extraordinary discoveries about the elephant's sophisticated family and
