The seeds they planted have grown into a multifaceted organization providing much needed assistance to thousands of individuals and families throughout central and northern Arizona. The Jesus Quotient Jennie A. Harrop, 2019-06-21. As leaders, our capacity to hear is often muddled by an inability to acknowledge our own insufficiencies and emotions. Jesus knew his God-given purpose and emotional character so deeply that he was able to operate out of these foundations boldly and instinctively. Jesus's infallible Intelligence Quotient (IQ) and Emotional Quotient (EQ) allowed him to focus on a third concept called Audience Quotient (AQ), an individual's ability to focus consistently, completely, and effectively on others. As a church, we are failing a twenty-first century culture that is defined by an unprecedented interconnectedness and speed of information. We are witnessing a scramble to manipulate and manage information that demands renewed integrity, and yet the church is seen as hypocritical, judgmental, and irrelevant. If we are going to earn a voice, the future church cannot be about the components of church at all, but instead the individual souls within the church. Pastors included: The better we ground ourselves in the truth of who we were created to be (IQ, EQ, and AQ), the better able we will be to love God fully and love those around us as we love ourselves. That, after all, is what Jesus commanded us to do.
