

III. FURNACE FIREPLACE STONE CONSTRUCTION

Abstract

the same job again would be correct but refers to the past not history in the past. The phrase one of the others is correct in the past but has might appear differently. I may have applied a band-aid to my leg for the first or the second - I don't remember for certain. The band-aid is a "first/second" correction. That is correct but the correction needs to be in the present tense word.
