Convergence Culture Henry Jenkins, 2008-09 What the future fortunes of Gramsci's writings will be we cannot know However his permanence is already sufficiently sure and justifies the historical study of his international reception The present collection of studies is an indispensable foundation for this Eric Hobsbawm from the preface Antonio Gramsci is a giant of Marxian thought and one of the world's greatest cultural critics Antonio A Santucci is perhaps the world's preeminent Gramsci scholar Monthly Review Press is proud to publish for the first time in English Santucci's masterful intellectual biography of the great Sardinian scholar and revolutionary Gramscian terms such as civil society and hegemony are much used in everyday political discourse Santucci warns us however that these words have been appropriated by both radicals and conservatives for contemporary and often self-serving ends that often have nothing to do with Gramsci's purposes in developing them Rather what we must do and what Santucci illustrates time and again in his dissection of Gramsci's writings is absorb Gramsci's methods These can be summed up as the suspicion of grand explanatory schemes the unity of theory and practice and a focus on the details of everyday life With respect to the last of these Joseph Buttigieg says in his Nota Gramsci did not set out to explain historical reality armed with some full-fledged concept such as hegemony rather he examined the minutiae of concrete social economic cultural and political relations as they are lived in by individuals in their specific historical circumstances and gradually he acquired an increasingly complex understanding of how hegemony operates in many diverse ways and under many aspects within the capillaries of society The rigor of Santucci's examination of Gramsci's life and work matches that of the seminal thought of the master himself Readers will be enlightened and inspired by every page

The Routledge Companion to Literary Media Astrid Ensslin,Julia Round,Bronwen Thomas,2023-08-30 The Routledge Companion to Literary Media examines the fast moving present and future of a media ecosystem in which the literary continues to play a vital role The term literary media challenges the tendency to hold the two terms distinct and broadens accepted usage of the literary to include popular cultural forms emerging technologies and taste cultures genres and platforms as well as traditions and audiences all too often excluded from literary histories and canons Featuring contributions from leading international scholars and practitioners the Companion provides a comprehensive guide to existing terms and theories that address the alignment of literature and a variety of media forms It situates the concept in relation to existing theories and historiographies considers emerging genres and forms such as locative narratives and autofiction and expands discussion beyond the boundaries by which literary authorship is conventionally defined Contributors also examine specific production and publishing contexts to provide in depth analysis of the promotion of

literary media materials The volume further considers reading and other aspects of situated audience engagement such as Indigenous and oral storytelling prize and review cultures book clubs children and young adults This authoritative collection is an invaluable resource for scholars and students working at the intersection of literary and media studies

Terrorizing Gender Mia Fischer, 2019-11 2020 Diamond Anniversary Book Award from the National Communication Association NCA The increased visibility of transgender people in mainstream media exemplified by Time magazine's declaration that 2014 marked a transgender tipping point was widely believed to signal a civil rights breakthrough for trans communities in the United States In *Terrorizing Gender* Mia Fischer challenges this narrative of progress bringing together transgender queer critical race legal surveillance and media studies to analyze the cases of Chelsea Manning CeCe McDonald and Monica Jones Tracing how media and state actors collude in the violent disciplining of these trans women Fischer exposes the traps of visibility by illustrating that dominant representations of trans people as deceptive deviant and threatening are integral to justifying normalizing and reinforcing the state sanctioned violence enacted against them The heightened visibility of transgender people Fischer argues has actually occasioned a conservative backlash characterized by the increased surveillance of trans people by the security state evident in debates over bathroom access laws the trans military ban and the rescission of federal protections for transgender students and workers *Terrorizing Gender* concludes that the current moment of trans visibility constitutes a contingent cultural and national belonging given the gendered and racialized violence that the state continues to enact against trans communities particularly those of color

Beyond New Media Art Herbig, Andrew F. Herrmann, Adam W. Tyma, 2014-11-14 *Beyond New Media Discourse and Critique in a Polymediated Age* examines a host of differing positions on media in order to explore how those positions can inform one another and build a basis for future engagements with media theory research and practice Herbig Herrmann and Tyma have brought together a number of media scholars with differing paradigmatic backgrounds to debate the relative applicability of existing theories and in doing so develop a new approach polymediation Each contributor's disciplinary background is diverse spanning interpersonal communication media studies organizational communication instructional design rhetoric mass communication gender studies popular culture studies informatics and persuasion Although each of these scholars brings with them a unique perspective on media's role in people's lives what binds them together is the belief that meaningful discourse about media must be an ongoing conversation that is open to critique and revision in a rapidly changing mediated culture By studying media in a polymediated way *Beyond New Media* addresses more completely our complex relationship to media tion in our everyday lives

Caribes 2.0 Jossianna Arroyo, 2023-04-14 In *Caribes 2.0* author Jossianna Arroyo looks at the Caribbean mediasphere in the twenty first century Arroyo argues that we have seen a return to tropes such as blackface brownface cultural and ethnic stereotypes and violent representations of the poor the marginalized and the racialized *Caribes 2.0* looks at these tropes as well as the work of writers vloggers performers and photographers that have become media figures or

have used new media platforms to promote their work and examines how they are challenging and negotiating these media representations. It analyzes contemporary Caribbean cultures to discuss taste guides and actions social and virtual that shape Caribbean global communities today. Departing from Edouard Glissant's insight that Caribbean reality might not be accessed by remote control, the book considers what types of political and social agencies are created by mediation. *Caribbes 2.0* deviates from these historical globalized views of subjected colonized Caribbean bodies and their material conditions to examine the relationship between the local and the global in contemporary Caribbean cultures and the role that media is playing in the invisibility or hyper visibility of Caribbean cultures in the islands and the U.S. diaspora. *Handbook of Research on Improving Learning and Motivation through Educational Games: Multidisciplinary Approaches* Felicia, Patrick, 2011-04-30. This book provides relevant theoretical frameworks and the latest empirical research findings on game based learning to help readers who want to improve their understanding of the important roles and applications of educational games in terms of teaching strategies instructional design educational psychology and game design. Provided by publisher. *Mediated Identities in the Futures of Place: Emerging Practices and Spatial Cultures* Lakshmi Priya Rajendran, NezHapi Dellé Odeleye, 2020-01-02. This book examines the emerging problems and opportunities that are posed by media innovations spatial typologies and cultural trends in re-shaping identities within the fast changing milieus of the early 21st Century. Addressing a range of social and spatial scales and using a phenomenological frame of reference, the book draws on the works of Heidegger Merleau Ponty and Don Ihde to bridge the seemingly disparate yet related theoretical perspectives across a number of disciplines. Various perspectives are put forward from media human geography cultural studies technologies urban design and architecture etc and looked at thematically from networked culture and digital interface and other perspectives. The book probes the ways in which new digital media trends affect how and what we communicate and how they drive and reshape our everyday practices. This mediatization of space with fast evolving communication platforms and applications of digital representations offers challenges to our notions of space identity and culture and the book explores the diverse yet connected levels of technology and people interaction. **Disaster Communications in a Changing Media World** George Haddow, Kim S Haddow, 2008-10-29. Communications is key to the success of disaster mitigation preparedness response and recovery. Accurate information disseminated to the general public to elected officials and community leaders and to the media reduces risk saves lives and property and speeds recovery. The ability to communicate is no longer an afterthought or a luxury; timely communication is now as important as logistics or the pre-deployment of materials. Planning and controlling the flow of information before, during and after a disaster will define your organization's credibility trustworthiness authority and effectiveness. The emergence of new media like the internet email blogs text messaging cell phone photos and the increasing role played by first informers witnesses who now have the ability to transmit information immediately from the event are redefining the roles of government and media. The government

s historical role as gatekeeper is now an anachronism Traditional media s role as the sole conduit of reliable and officially sanctioned information has been eclipsed by the advent of new media The tools and rules of communications are evolving and disaster communications must evolve to capitalize on these changes and exploit the opportunities they provide Bloggers have the potential either to add to the chaos during a crisis or to help convey accurate data and report on local conditions Disaster communications must incorporate a way to manage their impact and if possible use them for the common good Finally even though the means to the end are evolving the goals the values and the underlying principles of effective disaster communication the need for transparency increased accessibility trustworthiness and reliability and to create partnerships with the media have not changed and need to be embraced along with the practical ability to convey information effectively Applies the principles of emergency management to communications during a disaster Covers terrorist incidents accidents and natural disasters like hurricanes and earthquakes Shows how to use blogs text messages and cell phone cameras as well as government channels and traditional media to communicate during a crisis

Storyworlds Across Media Marie-Laure Ryan, Jan-Noël Thon, 2014-07-01 The proliferation of media and their ever increasing role in our daily life has produced a strong sense that understanding media everything from oral storytelling literary narrative newspapers and comics to radio film TV and video games is key to understanding the dynamics of culture and society Storyworlds across Media explores how media old and new give birth to various types of storyworlds and provide different ways of experiencing them inviting readers to join an ongoing theoretical conversation focused on the question how can narratology achieve media consciousness The first part of the volume critically assesses the cross and transmedial validity of narratological concepts such as storyworld narrator representation of subjectivity and fictionality The second part deals with issues of multimodality and intermediality across media The third part explores the relation between media convergence and transmedial storyworlds examining emergent forms of storytelling based on multiple media platforms Taken together these essays build the foundation for a media conscious narratology that acknowledges both similarities and differences in the ways media narrate

This is the Sound of Irony: Music, Politics and Popular Culture Katherine L. Turner, 2016-03-03 The use of irony in music is just beginning to be defined and critiqued although it has been used implied and decried by composers performers listeners and critics for centuries Irony in popular music is especially worthy of study because it is pervasive even fundamental to the music the business of making music and the politics of messaging Contributors to this collection address a variety of musical ironies found in the notes themselves in the text or subtext and through performance reception and criticism The chapters explore the linkages between irony and the comic the tragic the remembered the forgotten the co-opted and the resistant From the nineteenth to twenty first centuries through America Europe and Asia this provocative range of ironies course through issues of race religion class the political left and right country punk hip hop folk rock easy listening opera and the technologies that make possible our pop music experience This interdisciplinary volume creates new

methodologies and applies existing theories of irony to musical works that have made a cultural or political impact through the use of this most multifaceted of devices

Is Satire Saving Our Nation? S. McClennen, R. Maisel, 2016-04-30 The book studies the intersections between satirical comedy and national politics in order to show that one of the strongest supports for our democracy today comes from those of us who are seriously joking This book shows how we got to this place and why satire may be the only way we can save our democracy and strengthen our nation

A Companion to the Biopic Deborah Cartmell, Ashley D. Polasek, 2020-01-15 The most comprehensive reference text of theoretical and historical discourse on the biopic film The biopic often viewed as the most reviled of all film genres traces its origins to the early silent era over a century ago Receiving little critical attention biopics are regularly dismissed as superficial formulaic and disrespectful of history Film critics literary scholars and historians tend to believe that biopics should be artistic yet accurate true to life representations of their subjects Moviegoing audiences however do not seem to hold similar views biopics continue to be popular commercially viable films Even the genre's most ardent detractors will admit that these films are often very watchable particularly due to the performance of the lead actor It is increasingly common for stars of biographical films to garner critical praise and awards driving a growing interest in scholarship in the genre A Companion to the Biopic is the first global and authoritative reference on the subject Offering theoretical historical thematic and performance based approaches this unique volume brings together the work of top scholars to discuss the coverage of the lives of authors politicians royalty criminals and pop stars through the biopic film Chapters explore evolving attitudes and divergent perspectives on the genre with topics such as the connections between biopics and literary melodramas the influence financial concerns have on aesthetic social or moral principles the merger of historical narratives with Hollywood biographies stereotypes and criticisms of the biopic genre and more This volume Provides a systematic in depth analysis of the biopic and considers how the choice of historical subject reflects contemporary issues Places emphasis on films that portray race and gender issues Explores the uneven boundaries of the genre by addressing what is and is not a biopic as well as the ways in which films simultaneously embrace and defy historical authenticity Examines the distinction between reality and the real in biographical films Offers a chronological survey of biopics from the beginning of the 20th century A Companion to the Biopic is a valuable resource for researchers scholars and students of history film studies and English literature as well as those in disciplines that examine interpretations of historical figures

Retold Resold Transformed Christiana Gregoriou, David Platten, Gigliola Sulis, 2019-08-02T00:00:00+02:00 In recent decades crime fiction has enjoyed a creative boom Although as Alison Young argues in her book *Imagining Crime* 1996 crime stories remain strongly identified with specific locations the genre has acquired a global reach illuminating different corners of the world for the delectation of international audiences The recent fashion for Nordic noir has highlighted the process by which the crime story may be franchised as it is transposed from one culture to another Crime fiction has thus become a vehicle for cultural exchange in the broadest of senses not only does it

move with apparent ease from one country to the next and in and out of different languages but it is also reproduced through various cultural media What is involved in these processes of transference Do stories lose or gain value Or are they transformed into something else altogether How does the crime story that originates in a specific society or culture come to articulate aspects of very different societies and cultures And what are the repercussions of this cultural permeability
