Father-Daughter Incest in Twentieth-Century American Literature Christine Grogan, 2016-10-03 The first major study to challenge the narrow definition of post traumatic stress disorder PTSD by rereading six American literary texts this book argues for the importance of literature in representing not just circumscribed singular traumatic events as Cathy Caruth argued in the late nineties but for giving voice to chronic and cumulative or complex traumatic experiences This interdisciplinary study traces the development of father daughter incest narratives published in the last hundred years from male authored fiction to female authored memoir bringing new readings to Fitzgerald's *Tender Is the Night* Ellison's *Invisible Man* and the Dylan Farrow Woody Allen case This study builds on the work of those ushering in a second wave of trauma theory which has argued that the difficulty of speaking about a traumatic experience is not necessarily caused by neurobiological changes that prevent victims from recalling details Rather it's from social and political repercussions In other words they argue that many who experience trauma aren't unable to deliver accounts they fear the results There is a significant gender component to trauma whose implications along with those of race and class have largely gone unexamined in the first wave of trauma theory Exploring two additional questions about articulating trauma this book asks what happens when the voice of trauma is crying out from what Toni Morrison has called the most delicate most vulnerable member of society a female child and second what happens when the trauma is not just a time limit event but chronic and cumulative experiences Some traumatic experiences namely father daughter incest are culturally reduced to the untellable and yet accounts of paternal incest are readily available in American literature This book is written in part as a response to the psychological community which failed to include complex PTSD in the latest edition of the DSM DSM 5 denying victims many of whom are father daughter incest survivors the validation and recognition they deserve and leaving many misdiagnosed and thereby mistreated

The Ruse of Repair Patricia Stuelke, 2021-08-09 Since the 1990s literary and queer studies scholars have eschewed Marxist and Foucauldian critique and hailed the reparative mode of criticism as a more humane and humble way of approaching literature and culture The reparative turn has traveled far beyond the academy influencing how people imagine justice solidarity and social change In *The Ruse of Repair* Patricia

Stuelke locates the reparative turn's hidden history in the failed struggle against US empire and neoliberal capitalism in the 1970s and 1980s. She shows how feminist antiracist and anti-imperialist liberation movements' visions of connection across difference, practices of self-care and other reparative modes of artistic and cultural production have unintentionally reinforced forms of neoliberal governance. At the same time, the US government and military universities and other institutions have appropriated and depoliticized these same techniques to sidestep addressing structural racism and imperialism in more substantive ways. In tracing the reparative turn's complicated and fraught genealogy, Stuelke questions reparative criticism's efficacy in ways that will prompt critics to reevaluate their own reading practices. **Lived Through**

This Anne K. Ream, 2014-04-15 In these pages you'll meet a community of rape and sexual violence survivors who have been shaped but refuse to be defined by their histories of violence. They are brave and they are outspoken but mostly they are hopeful. From its insistently resolute opening essay to its final deeply moving story, *Lived Through This* is a book that defies conventional wisdom about life in the wake of sexual violence while putting names and faces on an issue that too often leaves its victims silent and invisible. Part personal history of Anne Ream's own experience rebuilding her life after violence, part memoir of a multi-country, multi-year journey spent listening to survivors, *Lived Through This* is at once deeply personal and resolutely political. In these pages we are introduced to, among others, the women of Atenco, Mexico, victims of rape and political torture who are speaking out about gender-based violence in Latin America; Beth Adubato, a woman who was raped by a popular athlete and then denied justice when her college failed to fully investigate the attack; and Jenny and Steve Bush, a rape survivor and her father who are working together to share Jenny's testimony of surviving rape at the hands of a veteran in order to alter the US military's response to sexual violence committed by those in its ranks. Writing with compassion, candor, and at times even much-needed humor, Ream brings us a series of stories and essays that are as insistent as they are incisive. Considered individually, her profiles are profoundly moving and even inspiring. Considered collectively, they are a window into a world where sexual violence is more commonplace than most of us imagine. The accomplished and courageous women and men profiled in *Lived Through This* are in the words of the author, living reminders of all that remains possible in the wake of the terrible. **Monstrous Mothers: Troubling Tropes** Andrea O'Reilly, Abigail L.

Palko, 2021-08-01 Motherhood is one of those roles that assumes an almost outsized cultural importance in the significance we force it to bear. It becomes both the source of and the repository for all kinds of cultural fears. Its ubiquity perhaps makes it this perfect foil. After all, while not everyone will become a mother, everyone has a mother. When we force motherhood to bear the terrors of what it means to be human, we inflict trauma upon those who mother. A long tradition of bad mothers thus shapes contemporary mothering practices and the way we view them, including the murderous Medea of Greek mythology, the power-hungry Queen Gertrude of *Hamlet*, and the emasculating mother of Freud's theories. Certainly, there are mothers who cause harm, inflict abuse, act monstrously. Mothers are human. But mothers are also a favourite and easy scapegoat. The

contributors to this collection explore a multitude of interdisciplinary representations of mothers that through their very depictions of bad mothering challenge the tropes of monstrous mothering that we lean on revealing in the process why we turn to them Chapters in *Monstrous Mothers Troubling Tropes* explore literary cinematic and real life monstrous mothers seeking to uncover social sources and results of these monstrosities *My Desire for History* Allan Bérubé, 2011-06-01 This anthology pays tribute to Allan Berube 1946 2007 a self taught historian and MacArthur Fellow who was a pioneer in the study of lesbian and gay history in the United States Best known for his Lambda Literary Award winning book *Coming Out Under Fire The History of Gay Men and Women in World War II* 1990 Berube also wrote extensively on the history of sexual politics in San Francisco and on the relationship between sexuality class and race John D Emilio and Estelle Freedman who were close colleagues and friends of Berube have selected sixteen of his most important essays including hard to access articles and unpublished writing The book provides a retrospective on Berube s life and work while it documents the emergence of a grassroots lesbian and gay community history movement in the 1970s and 1980s Taken together the essays attest to the power of history to mobilize individuals and communities to create social change **The Voice of the Mother** Jo Malin, 2000 Analyzing this narrative practice Malin examines ten texts by women who seem particularly compelled to tell their mothers stories Each author is in fact able to write her own autobiography only by using a narrative form that contains her mother s story at its core These texts raise interesting questions about autobiography as a genre and about a feminist writing practice that resists and subverts the dominant literary tradition
