Conversations With Elie Wiesel:

Conversations with Elie Wiesel Elie Wiesel, Richard D. Heffner, 2009-08-26 *Conversations with Elie Wiesel* is a far ranging dialogue with the Nobel Peace Prize winner on the major issues of our time and on life's timeless questions. In open and lively responses to the probing questions and provocative comments of Richard D. Heffner, American historian, noted public television moderator, producer, and Rutgers University professor, Elie Wiesel covers fascinating and often perilous political and spiritual ground, expounding on issues global and local, individual and universal, often drawing anecdotally on his own life experience. We hear from Wiesel on subjects that include the moral responsibility of both individuals and governments, the role of the state in our lives, the anatomy of hate, the threat of technology, religion, politics, and tolerance, nationalism, capital punishment, compassion and mercy, and the essential role of historical memory. These conversations present a valuable and thought provoking distillation of the thinking of one of the world's most important and respected figures, a man who has become a moral beacon for our time.

Elie Wiesel Elie Wiesel, 2002 Elie Wiesel has given hundreds of interviews. Yet his fame as a human rights advocate often directs such conversations toward non literary issues. Indeed many of Wiesel's questioners barely address the writer's role that has defined him since the 1950s. Unlike previous volumes in which he speaks with interviewers, *Elie Wiesel: Conversations* collects interviews which set in relief the writer at work. This book focuses on Wiesel the literary artist instead of Wiesel the Holocaust survivor or the 1986 Nobel Peace Prize laureate. Beyond highlighting Wiesel's literary significance, these interviews also correct many faulty assumptions about his achievement. Few American readers know that he writes in French, that he has been favorably compared to Andr  Malraux and Albert Camus. Not many realize that the Holocaust has been the subject of only a few of his forty books. Particularly in his nonfiction, Wiesel's scope is wide, addressing Jewish life in all its religious and historical complexity. Though most of Wiesel's books do not focus on the Holocaust, they are written against the backdrop of what he has come to term *The Event*. Always the presence of Auschwitz can be felt; always the author lives in the shadows of the flames that once illuminated and blinded him. These interviews are reminders that the writing life is both solitary and public, interior and social. The writer must venture beyond his study and speak out against the world's traumas and outrages. Robert Franciosi is an associate professor of English at Grand Valley State University in Allendale, Michigan. He is the editor of *Good Morning: A Holocaust Memoir*. His work has appeared in *American Poetry*, *Contemporary Literature*, *Modern Jewish Studies*, and the *William Carlos Williams Review*.

The Art of Inventing Hope Howard Reich, 2019-05-07 *The Art of Inventing Hope* offers an unprecedented in depth conversation between the world's most revered Holocaust survivor, Elie Wiesel, and a son of survivors, Howard Reich. During the last four years of Wiesel's life, he met frequently with Reich in New York, Chicago, and Florida, and spoke with him often on the phone to discuss the subject that linked them: Reich's father, Robert Reich, and Wiesel were both liberated from the Buchenwald death camp on April 11, 1945. What had started as an interview assignment from the *Chicago Tribune* quickly

evolved into a friendship and a partnership Reich and Wiesel believed their colloquy represented a unique exchange between two generations deeply affected by a cataclysmic event Wiesel said to Reich I've never done anything like this before and after reading the final book asked him not to change a word Here Wiesel at the end of his life looks back on his ideas and writings on the Holocaust synthesizing them in his conversations with Reich The insights on life ethics and memory that Wiesel offers and Reich illuminates will not only help the children and grandchildren of Holocaust survivors understand their painful inheritance but will benefit everyone young or old

The Violence of Peace Stephen L. Carter,2011-01-11 The man who many considered the peace candidate in the last election was transformed into a war president writes bestselling author and leading academic Stephen L Carter in *The Violence of Peace* his new book decoding what President Barack Obama s views on war mean for America and its role in military conflict now and going forward As America winds down a war in Iraq ratchets up another in Afghanistan and continues a global war on terrorism Carter delves into the implications of the military philosophy Obama has adopted through his first two years in office Responding to the invitation that Obama himself issued in his Nobel address Carter uses the tools of the Western tradition of just and unjust war to evaluate Obama s actions and words about military conflict offering insight into how the president will handle existing and future wars and into how his judgment will shape America s fate Carter also explores war as a way to defend others from tyrannical regimes which Obama has endorsed but not yet tested and reveals the surprising ways in which some of the tactics Obama has used or authorized are more extreme than those of his predecessor George W Bush Keeping the nation at peace Carter writes often requires battle and this book lays bare exactly how America s wars in Afghanistan and Iraq are shaping the way Obama views the country s role in conflict and peace ultimately determining the fate of the nation

Fantasies of Witnessing Gary Weissman,2018-07-05 *Fantasies of Witnessing* explores how and why those deeply interested in the Holocaust yet with no direct familial connection to it endeavor to experience it vicariously through sites or texts designed to make it real for nonwitnesses Gary Weissman argues that far from overwhelming nonwitnesses with its magnitude of horror the Holocaust threatens to feel distant and unreal A prevailing rhetoric of secondary memory and trauma he contends and efforts to portray the Holocaust as an immediate and personal experience are responses to an encroaching sense of unreality In America we are haunted not by the traumatic impact of the Holocaust but by its absence When we take an interest in the Holocaust we are not overcoming a fearful aversion to its horror but endeavoring to actually feel the horror of what otherwise eludes us Weissman focuses on specific attempts to locate the Holocaust in the person of Elie Wiesel the most renowned survivor and his classic memoir *Night* in videotaped survivor stories and Lawrence L Langer s celebrated book *Holocaust Testimonies* and in the films *Shoah* and *Schindler s List* These representations he explains constitute a movement away from the view popularized by Wiesel that those who did not live through the Holocaust will never be able to grasp its horror and toward re creating the Holocaust as an experience nonwitnesses may put themselves through It is only by acknowledging the desire that gives shape to such representations

and by exploring their place in the ongoing contest over who really knows the Holocaust and feels its horror that we can arrive at a more candid assessment of our current and future relationships to the Holocaust he says **After the Deportation** Philip Nord,2020-12-03 A total of 160 000 people a mix of r sistants and Jews were deported from France to camps in Central and Eastern Europe during the Second World War In this compelling new study Philip Nord addresses how the Deportation as it came to be known was remembered after the war and how Deportation memory from the very outset became politicized against the backdrop of changing domestic and international contexts He shows how the Deportation generated competing narratives Jewish Catholic Communist and Gaullist and analyzes the stories told by and about deportees after the war and how these stories were given form in literature art film monuments and ceremonials
