Snyder,2011-11-20 If you ve ever wanted to retain more of your royalties or try publishing e books but didn t know where to start this book is for you Recently e books have exploded onto the publishing scene making it easier than ever for writers to break into the market But many people who read e books aren t familiar with how to create them What formats should you offer Where do you sell them What do you use for a cover And most important how do you go from a Word document to an EPUB MOBI or PDF file Best selling multi published author J M Snyder has written this no nonsense hands on guide She takes the mystery out of e publishing while making the process of creating an e book simple cheap and easy Using Microsoft Word or an equivalent word processing program along with inexpensive or free software readily available online you will learn how to create the nine most common e book formats You will be walked through cover art design interior book layout and e book creation as well as given many of the tips J M has learned along the way Also included is a brief guide to online bookstores where you can sell your finished e book Let J M Snyder help you discover how easy it is to publish yourself Kindle Automation for the Mac Steven Lewis Lewis,2010-11 *Build a Bulletproof Ebook* Ray Cleghorn,2014-12-12 Build a Bulletproof Ebook is a straight to the point factual guide that takes you from manuscript to publication with no detours This no frills guide doesn t mess around but takes you from A to Z showing you how to build a bulletproof ebook and publish it online with Amazon Barnes and Nobel and other publishers or any website PHOTO ILLUSTRATED Build a Bulletproof Ebook is a complete How to step by step guide that shows you from beginning to end exactly how to get your work in order and published on the internet The detailed instructions coupled with photo illustrations explain how to prepare your manuscript properly and walks you through the complete process including uploading and publishing on Amazon Barnes and Noble and others One feature of this manual that is seldom if ever found in other ebook help publications is the inclusion of an ebook template that you may use again and again to ensure a stable and reliable book every time you publish Another helpful component of this manual is the section on designing and creating a cover for your book should you desire to do that yourself The cover section is designed to use free graphic design software readily available on the interment as well as the more professional software that you may already own Using the information in this ebook you

can display your own book article photos teachings recipes etc and make it available for download on the internet It is now easy and inexpensive when you have the know how that is available in this new How To book An additional benefit is that all of the instruction can be utilized using both free and commercial editors and software programs For less than the price of a hamburger and coke you can quickly have your manuscript in the proper configuration converted to any ebook format you desire and published on line No need to learn computer code or to buy expensive software The only cost to you should be the price of this guide and a little time putting it into practice Building a quality ebook has never been easier [How to Make, Market and Sell Ebooks - All for Free](#) Jason Matthews, 2013-09-09 the best book hands down for any author looking to self publish a refreshing change from the hard sell type of internet marketing I d been exposed to previously I would have given this book 10 stars if I could a must have for anyone who aspires to self publish Now having read many more on the subject there are many I can say without question this is THE BEST ONE Your one stop guide for everything self publishing Save time money energy and sell ebooks Discover the best ways to Maximize Social Media and Online Platform Create a Professional Blog Site Design Ebook Covers Format and Upload for Amazon Smashwords Barnes Noble Apple and other Retailers Convert Documents to any Format epub mobi pdf and more Create a Professional Website Rise with SEO search engine optimization in Google Bing rankings Sell from your own Sites with a system that runs on Autopilot Make Paperbacks Use PR public relations to drive Traffic to You and much more Plus you can do all these things for free Packed with information examples over 250 links to sites and software to accomplish goals at retailers and your own websites Simple enough for beginners and relevant to experts who could use extra guidance Like ten books in one the only source for everything to succeed Updated for 2013 Subjects sell ebooks ebook business publish ebooks self publishing writers writers reference writing e publishing book marketing kindle indie authors *Reinventing the Book: How eReaders, Multimedia Content, and Social Reading Are Changing the Way We Read* Joe Wikert, 2012-09-11 NOTE FROM THE AUTHOR Over the last 20 years I ve been an author a publisher and most importantly a frustrated member of the publishing industry My frustrations stem from the glacial pace of change in publishing as well as a lack of true risk taking at the highest ranks in our industry Several years ago I decided to start thinking out loud about where the industry should be heading and posted those thoughts on my Publishing 2020 blog Those posts are freely accessible by anyone with a web browser but after 7 years they re not well organized for a first time visitor That s where Hyperink comes into play I was recently approached by Hyperink to see if I d be willing to let them curate my posts into ebook format with individual parts set up for each major topic area I didn t have the time to do this and since I m a big fan of experimentation I accepted their offer to do the job for me What you re reading right now is the results of their efforts I hope you enjoy it and one or two of the pieces get your creative juices flowing Joe Wikert EXCERPT FROM THE BOOK Rethinking Samples March 26 2012 I m bored with e book samples I feel like I m collecting a bunch and then forgetting about most of them I m pretty sure I m not alone and I m even more certain this

adds up to a ton of missed sales opportunities Although this would be impossible to prove my gut tells me the revenue missed by not converting samples into sales is a much larger figure than the revenue lost to piracy And yet the publishing industry spends a small fortune every year in DRM but treats samples as an afterthought Think about it Someone who pulls down a sample is already interested in your product They re asking you to win them over with the material you provide Far too often though that material is nothing more than the front matter and a few pages of the first chapter Some of the samples I ve downloaded don t even go past the front matter I m looking for something more Let s start with the index Would it really be that hard to add the index to e book samples No And yet I ve never seen a sample with the index included Sure many of these books have indexes that can be viewed separately on the e book s catalog page but why not include them in the sample Give me a sense of what amount of coverage I can expect on every topic right there in the sample How about taking it up a notch Give me the first X pages of the full content include the entire index at the end and in between include the rest of the book but have every other word or two X d out That way I can flip through the entire book and get a better sense of how extensively each topic is covered By the way if the entire book is included like this then the index can include links back to the pages they reference Next up why do I have to search and retrieve samples Why can t they be configured to automatically come to me After a while a retailer should be able to figure out a customer s interests So why not let that customer opt in to auto sample delivery of e books that match their interests I love baseball Send me the samples of every new baseball book that comes out I ve got plenty of memory available in my e reader and I can delete any samples I don t want I ve also mentioned this before but it s worth saying again How about letting me subscribe to samples from specific authors Again it would be an opt in program but I wonder how many interesting books I ve missed because I didn t discover the sample Finally this problem doesn t appear till after the sample is converted into a sale but why can t the newly downloaded e book open up to where I left off in the sample Seriously this has got to be one of the easiest annoyances to fix so why hasn t anyone taken the time to do so Buy the book to read more

bookdown Yihui Xie,2016-12-12 bookdown Authoring Books and Technical Documents with R Markdown presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word The bookdown package inherits the simplicity of syntax and flexibility for data analysis from R Markdown and extends R Markdown for technical writing so that you can make better use of document elements such as figures tables equations theorems citations and references Similar to LaTeX you can number and cross reference these elements with bookdown Your document can even include live examples so readers can interact with them while reading the book The book can be rendered to multiple output formats including LaTeX PDF HTML EPUB and Word thus making it easy to put your documents online The style and theme of these output formats can be customized We used books and R primarily for examples in this book but bookdown is not only for books or R Most features introduced in this book also apply to other types of publications journal papers reports dissertations course handouts study notes and even novels You do not have to use R either Other choices of computing languages include Python C C SQL Bash Stan JavaScript and so on although R is best supported You can also leave out computing for example to write a fiction This book itself is an example of publishing with bookdown and R Markdown and its source is fully available on GitHub

On Making Ebooks , *Self-Publishing Your Book* Roger Ellerton PhD, CMC,2014-01-16 I am the author of eight books three paperbacks and eight ebooks Overall I have been successful in getting my books published and sold However I have made mistakes and learned some valuable lessons along the way This book is far from a complete resource on how to write publish and market your books The purpose of my book is to share with you my insights and experiences based on my mistakes and lessons learned In doing so my hope is to save you time and money and make your publishing experience less onerous more enjoyable and hopefully profitable For example do you know that in many countries there is a national organization that collects fees from organizations e g schools government for the right to copy published works These fees are then passed on to the registered authors publishers Note The operating processes and eligibility requirements of these organizations vary from country to country
