How to Raise a Man Megan de Beyer, 2020-02-01 In *How to Raise a Man* as you learn more about the development of masculinity identify your parenting style and familiarise yourself with the issues facing parenthood today you will become a more compassionate centred and effective parent In this era of metoo and allmenaretrash it's evident that something is going wrong with the way men progress from childhood into

adulthood and few realise how critical the role of the purposeful and emotionally empowered mother is in a boy's journey to maturity. So what does all this mean for you as the mother of an adolescent boy? Like it or not, mom, your son is Generation Z. He has been adored and treasured, photographed and recorded. Many of his generation of adolescents are outwardly assertive and outspoken and have good boundaries yet inwardly they are full of paradoxes. And they are confusing to manage. Your GenZ rules you. They are clever. But as a mother, you need to be smarter. Teenagers need centred adults to guide them. Confident, capable adults should never overreact, sulk, withdraw or blame, and if you find yourself resorting to this behaviour, it is time to reset your parenting methods. If you are confused or irritated by your pre-teen or teenage son or feel bewildered and hurt by his behaviour, this book will guide you to a clear understanding of teenagers in general and teenage boys in particular. Written by a parenting expert and drawing on Western psychology as well as Eastern philosophy, the processes and ideas in this practical guide will help you raise the man you want your son to be. **The Publishers Weekly**, 2006
