First Things Fast A Handbook For Performance Analysis:

First Things Fast Allison Rossett, 2009-06-09 An Essential Knowledge Resource THE WORLD OF LEARNING AND PERFORMANCE has changed significantly since the first edition of *First Things Fast* was published more than a decade ago. This thoroughly revised and updated second edition of the best selling classic recognizes a world chock full of technology, economic strains and opportunities. How do learning and performance professionals plan in this shifting context? How do they take advantage of new human and Internet based resources? How do they bring their recommendations forward and add more value no matter where they work? These questions are addressed throughout this new edition. This important resource is a practical guide that is filled with job aids, design templates and examples offering step by step guidance to the basics of performance analysis. This new edition includes New questions and templates that reflect the shift of learning and support from the classroom to the workplace and the blends that provide learning and support in both environments. Fresh approaches for using wikis, blogs and online surveys to gather information. Innovative ideas for tapping into the power of social networking and the possibilities presented for analysts. Information on the critical link between analysis and evaluation and new guidelines for both activities. A wealth of new illustrative case examples. Insightful commentaries from successful leaders in the field who explain how they use analysis to advance individual and organizational strategy. Allison Rossett combines thought leadership for the profession with practical guidance. This book, the second edition of a classic in the field, is filled with proven practices and ready to use tools making this a resource you ll use frequently. DANA GAINES ROBINSON COAUTHOR PERFORMANCE CONSULTING AND STRATEGIC BUSINESS PARTNER. What I appreciate about this book is that it is a straightforward practical guide to planning and it embraces new technology and the convergence of learning and work. NANCY J LEWIS VICE PRESIDENT AND CHIEF LEARNING OFFICER ITT CORPORATION **First Things Fast** Allison Rossett, 1998-11-06 This book is a hands on guide to planning and consultation with an emphasis on tools, tales, templates, speed sources and systems. *First Things Fast* is the quick start you need to surmount resistance to investigating performance. You ll get job aids, design templates and implementation examples that direct you through the basics of performance analysis. A frequently updated internet based coaching and information system will complement and supplement the book. www.jbp.com/rossett.html Human Performance Improvement William J. Rothwell, Carolyn K. Hohn, Stephen B. King, 2012-06-14 Today s dynamic organizations must achieve positive results in record time, a challenge that requires managers to avoid problems before they arise and to solve these issues quickly. Human Performance Improvement (HPI) is a powerful tool that can be used to help build intellectual capital, establish and maintain a high performance workplace, enhance profitability and encourage productivity as well as increase return on equity and improved safety. Written by a group of highly respected authors in the field, this book will show you how to discover and analyze performance gaps, plan for future improvements in human performance design and develop cost effective interventions to close performance gaps.

Mastering the Instructional Design Process William J. Rothwell, H. C. Kazanas, 2011-01-06 The fourth edition of *Mastering the Instructional Design Process* has been completely revised and updated and is based on the instructional design competencies of the International Board of Standards of Performance and Instruction IBSTPI. The book identifies the core competencies of instructional system design and presents them in a way that helps to develop these competencies and apply them successfully in real world settings. This comprehensive resource covers the full range of topics for understanding and mastering the instructional design process including detecting and solving human performance problems, analyzing needs, learners, work settings, and work, establishing performance objectives and performance measurements, delivering the instruction effectively, and managing instructional design projects successfully. *Handbook of Visual Languages for Instructional Design: Theories and Practices* Botturi, Luca, Stubbs, Todd, 2007-12-31 Presents languages and notation systems of ID and the integration of these technologies in education.

The Instructional Design Knowledge Base Rita C. Richey, James D. Klein, Monica W. Tracey, 2010-10-18 The *Instructional Design Knowledge Base: Theory, Research, and Practice* provides ID professionals and students at all levels with a comprehensive exploration of the theories and research that serve as a foundation for current and emerging ID practice. This book offers both current and classic interpretations of theory from a range of disciplines and approaches. It encompasses general systems, communication, learning, early instructional media, conditions-based, constructivist design, and performance improvement theories. Features include rich representations of the ID literature, concise theory summaries, specific examples of how theory is applied to practice, recommendations for future research, a glossary of related terms, a comprehensive list of references. A perfect resource for instructional design and technology doctoral masters and educational specialist certificate programs. The *Instructional Design Knowledge Base* provides students and scholars with a comprehensive background for ID practice and a foundation for future ID thinking.

Fixing Education Initiatives in Crisis James Marshall, 2024-05-15 Proven practices to rescue struggling education initiatives or prevent a crisis before it starts. Insufficient planning, unclear outcomes, missing data for leaders overseeing education initiatives: it can often seem like there's a crisis around every corner. Drawing on decades of experience in assessment, evaluation, and data-driven decision making, author and Professor of Educational Leadership James Marshall offers a combination of evidence-based practices and real-life experiences that provide practical solutions to the diverse challenges school leaders encounter as they implement new initiatives. Exploring oft-encountered challenges such as poor outcomes, waning interest or support from leadership, public relations issues, scaling and sustainability roadblocks, and other implementation-related obstacles, the book identifies six types of crises confronted by education leaders and offers valuable insights and solutions for each. Features include guidance to recognize the six types of education initiative crises and strategies for resolution tailored to each type; 24 unique tools to positively impact challenges such as the Triage Tool to prioritize crisis intervention and the Don't Swamp the Boat tool to explore the complement of initiatives in your school. Two

case studies and real world examples illustrating the application of selected tools across a range of crisis types Whether you re an education leader dealing with a program or initiative in crisis or proactively looking to prevent a crisis Fixing Education Initiatives in Crisis provides practical solutions to navigate troubled initiatives and guidance for the design and implementation of healthy initiatives that yield predictable results [ASTD's Ultimate Train the Trainer](#) Elaine Biech,2009-09-01 Here at last is the ultimate authority on training new trainers from the consummate training professional Elaine Biech and ASTD Configured in a usable format ASTD s Ultimate Train the Trainer is a must have for every training manager s bookshelf Included for the training manager is a complete train the trainer program that can be delivered tomorrow as well as topic based sessions to improve subject specific skills such as writing learning objectives dealing with difficult participants training styles and ADDIE This complete manual guides training managers in conducting train the trainer programs and supports new trainers too by providing insight and development into the practice of training Bonus material includes learning activities handouts PowerPoint slides plus a chapter that gives you more hints and direction to support successful training practitioners A supplemental CD Rom comes with the manual giving you all the content in one place Note CD ROM is not available for this title **Planning Programs for Adult Learners** Rosemary S.
