Juvenile Justice and Delinquency David Springer, Albert Roberts, 2011-04-18. Traces the progress toward resolving critical juvenile justice and delinquency issues and to provide cutting edge intervention strategies to effectively rehabilitate juvenile offenders and prevent delinquency. The 21 chapters in this book are divided into four sections. Part I provides an overview of juvenile delinquency and the juvenile justice system. In this section, we examine historical, political, legal, and arrest delinquency trends and consider comprehensive community planning as one strategy for improving the juvenile justice system. Part II explores early crime prevention strategies, effective programs to reduce antisocial behavior, and school bullying and the powerful relationship between school performance and juvenile delinquency. Part III examines and critiques a range of developmental, familial, and sociological theories that are commonly used to explain and understand juvenile delinquency. Finally, in Part IV, we examine a range of juvenile justice treatment and policy alternatives, including mental health screening and assessment, suicide prevention, evidence-based intervention models, police responses, and strategies to delinquency, drug, and mental health courts, therapeutic jurisprudence, restorative justice, female delinquency, and community-based after care.

Brinegar,Lisa M. Harrison,Ellis Hurd,2019-04-01 While developmental responsiveness is a deservedly key emphasis of middle grades education this emphasis has often been to the detriment of focusing on the cultural needs of young adolescents This Handbook volume explores research relating to equity and culturally responsive practices when working with young adolescents Middle school philosophy largely centers on young adolescents as a collective group This lack of focus has great implications for young adolescents of marginalized identities including but not limited to those with culturally and linguistically diverse backgrounds LGBTQ youth and those living in poverty If middle level educators claim to advocate for young adolescents we need to mainstream conversations about supporting all young adolescents of marginalized identities It empowers researchers educators and even young adolescents to critically examine and understand the intersectionality of identities that historically influenced and continue to affect young adolescents and why educators might perceive marginalized youth in certain ways It is for these reasons that researchers teachers and other key constituents involved in the education of young adolescents must devote themselves to the critical examination and understanding of the historical and current socio cultural factors affecting

all young adolescents The chapters in this volume serve as a means to open an intentional and explicit space for providing a critical lens on early adolescence a lens that understands that both developmental and cultural needs of young adolescents need to be emphasized to create a learning environment that supports every young adolescent learner **Banishing**
