W.R. Benton, 2021-01-24 On a strange and hostile planet a survey team finds they are not alone A team of NASA astronauts embark on a 1 year long survey expedition to a newly discovered planet Their mission is to explore and document the planet's weather environment and useful resources if any But before long weird disturbances make them realize that they may not be alone The planet has extreme weather and temperature conditions that make just basic tasks and even survival difficult New species of plants and other life forms are strange and in some cases deadly to the unprepared Like the original settlers on the American frontier they must be resourceful and self-reliant One year is a long time for a small group faced with unknown dangers and challenges will they complete their mission goals or will they suffer the fate of many pioneers in an unforgiving new land *Raised by Wolves* Elaine White, 2023-05-16 Bad news always comes in threes As do the hits that knock Keon's

perfectly laid plans into chaos His no good brother conducted a hostile takeover of their pack became Alpha and got killed in the space of a year Grief has crippled their father leaving Beta Weston desperate for Keon s return as Simeon s last act as Alpha was to name Keon his successor Leaving his friends is heartbreaking Arriving home to a hostile pack is unsurprising But finding a rival pack hovering on the boundaries of his land vying for blood could be a problem With Simeon dead they don t seem to care which Alpha bleeds for the crimes With no other choice Keon shoulders the burden of being Alpha Fighting bleeding and sacrificing As a new Alpha he needs to prove himself to get the respect needed for them to accept change like dragging Vihaan into the 21st century On the top of the list is finding a mate But who would want to mate an Alpha whose own pack doesn t respect him
