*Approaches to Religion and Mythology in Celtic Studies* Alexandra Bergholm, Katja Ritari, 2009-03-26 This publication is the first interdisciplinary collection of articles focusing on religion and mythology in Celtic studies The first part presents various current viewpoints within the field from scholars of history art history and literary studies In addition to more traditional approaches the other two parts of the book illustrate the possibilities of applying new theories and methods from the discipline of Comparative Religion to the analysis of Celtic materials They introduce previously unpublished results of the international research network The Power of Words in Traditional European Cultures and the research project Religion Society and Culture Defining the Sacred in Early Irish Literature funded by the Academy of Finland at University of Helsinki The present collection serves as a significant contribution towards a better understanding of issues that have not been previously brought together in a single volume As such it is of interest to scholars in Celtic studies as well as other related disciplines

**Narrative Technique of Yana and Maidu Myths** Alice Josephine Bristol, 1912 *Myths of Magical Native American Women* Teresa Pijoan, 2019-09-07 Myths allow us to experience and find a meaning for life through different cultures Myths resonate within us bringing an experience of existing within a dissimilar reality The Native American storytellers who shared their myths with the author were taught by their Elders who lived in a place and culture altered from that of today These myths were told and recorded by the author with the understanding they would not be lost Some of these myths were found to be almost lost some to be very old almost forgotten The Salt Woman stories are difficult to find They are very old and come from several cultures and diverse tellers Other myths are from New Mexican Pueblos Southeastern Creek Lakota Cheyenne Hopi and Guiana cultures

**A Study of Bagobo Ceremonial, Magic and Myth** Laura Estelle Watson Benedict, 1916 **The Body of Myth** J. Nigro Sansonese, 1994 Long ago the ancestors of the Greeks Romans and Hindus were one people living on the Eurasian steppes At the core of their religion was the shamanic trance a natural state but one in which consciousness achieves a profound level of inner awareness Over the course of millennia the Indo Europeans divided and migrated into Europe and the Indian subcontinent The knowledge of shamanic trance retreated from everyday awareness and was carried on in the form of myths and distilled into spiritual practices most notably in the Indian tradition of yoga J Nigro Sansonese compares the myths of Greece as well as those of the Judeo Christian tradition with the yogic practices of India and concludes that myths are esoteric descriptions of what occurs within the human body especially the human nervous system during trance In this light the myths provide a detailed map of the shamanic state of consciousness that is our natural heritage This book carries on from the works of Carl Jung and Joseph Campbell to show how the portrayal of consciousness embodied in myth can be extended to a reappraisal of the laws of physics before they are descriptions of the world these laws like myths are descriptions of the human nervous system
