Denny, Christopher McMahon, 2011-05-01 Finding Salvation in Christ brings together some of the most important figures in contemporary theology to honor the work of William Loewe systematic theologian and specialist in the theology of Bernard Lonergan SJ For over three decades Loewe s writings have sought to make classic christological and soteriological doctrines comprehensible to a Catholic Church that is working to integrate individual subjectivity communal living and historical consciousness in the wake of the Second Vatican Council Essays included in this volume assess Loewe s reinterpretation of patristic and medieval Christology from Irenaeus to Anselm of Canterbury and explain the significance of the theology of Lonergan and Loewe for the fields of soteriology economics family life and interreligious theology While some recent postliberal theologies have polarized the church s relationship with contemporary culture by minimizing similarities between Christianity and other worldviews the contributors in this volume continue Lonergan s project of integrating the findings of various intellectual disciplines with Christian theology and use Loewe s historical and systematic work as a guide in that endeavor While

Lonergan's transcendental Thomism has been criticized by both traditionalists and revisionists. Essays in this collection apply Loewe's theological methodology in a variety of ways to demonstrate that time-honored doctrines about Christ can be transplanted into new cultural contexts and gain intelligibility and credibility in this process. Having lived and labored through the far-reaching changes in Catholic thought introduced in recent decades, Loewe's career provides a model for theologians attempting to build bridges between the past and the present and between the church and the world. **Nature and Time, Volume III** Dong In Baek, 2025-04-14 Can theology mend a divided nation? In *Nature and Time Volume III* Baek Dong In invites the reader on a transformative journey that bridges profound theological concepts with the urgent quest for peace on the Korean Peninsula. Moving beyond abstract doctrines, this book brings the Trinity and the active work of the Holy Spirit into the real-world challenges of a nation longing for unity. Discover how the divine relationship within the Trinity offers a powerful model for reconciling unity and difference, just as North and South Korea seek harmony without losing their unique identities. Experience the Holy Spirit not as a distant comforter but as a dynamic force driving change, healing wounds, and inspiring hope. Blending theology, Scripture, and philosophy, Baek Dong In crafts a practical framework for peace that resonates with the lived experiences of the Korean people. This isn't just a book for theologians; it's for anyone who believes faith can ignite real-world transformation. Join the conversation and explore how timeless spiritual truths can pave the way toward a more peaceful, united Korea. [Daring to Share](#) Sandra Beardsall, Mitzi J. Budde, William P. McDonald, 2018-06-29 Multi-denominational congregations offer rich soil for new interpretations of what it means to be a church. These parishes have chosen to covenant together for worship, service, ministry, mission, and nurturing of faith across two or more denominational traditions. *Daring to Share* tells their stories, investigates their practices, and proposes a fresh vision of church for the twenty-first century. This book equips ordained and lay leaders for the formation and flourishing of such ministries. It describes five models of partnership, analyzes the parish life cycle, interprets how worship works, addresses constitutional and governance issues, and reflects theologically on the intersection of diversity and unity. What can we learn from these congregations? Studying their particular witness, struggles, and promise for the future fills a gap in both congregational studies and contemporary ecclesiology. Multi-denominational parishes are more than a convenient way to revitalize congregational ministry. They present new opportunities and approaches for sharing the gospel. Ecumenical convergence meets demographic realities to suggest a mission strategy that will transform local practice and perhaps the church itself. By daring to share, these churches challenge a fractured world. **Handbook for the Christian Faith** James M. Dawsey, 2023-08-15 Is religion disappearing from American life? Less than 50 percent of Americans now hold membership in any religious institution, and even fewer attend worship services. The decline in Christian churches is especially pronounced among the young, and cuts across all denominations. But for Methodists and like-minded Protestants, concerns are deeper than shrinking denominational membership. Polls show disconcerting ignorance about religious and spiritual matters even among

churchgoers Our values as a society are in large measure molded by religion What shape will Protestant Christianity take in the twenty first century And of Methodism And beyond that what kind of community will we be Dawsey proposes returning to the roots of Christianity And with anecdotes and stories and a sweeping grasp of church history he examines those essential practices and beliefs necessary to revitalize American churches Key he argues is rediscovering Christianity as a philosophy of living John Wesley characterized the practice of religion as first doing no harm second doing good and third keeping the ordinances of faith Loving God and God s creation the doing of Christianity marks the path for becoming the churches and individuals Christians were called to be *Reciprocal Church* Sharon Galgay Ketcham,2018-11-13 The church faces an unprecedented loss of rising generations Young adults who were active and engaged in the local church are leaving the community behind after high school What can we do Sharon Galgay Ketcham reflects theologically on the church community and its role in forming faith offering values and practices that can shape a community into a place where faith will flourish in those both young and old **Sharing Peace** Gerald Schlabach,Margaret R. Receptive Ecumenism and the Call to Catholic Learning Paul Murray,2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and

has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other s gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesialogists professional ecumenists sociologists psychologists and organizational experts

A Different Way of Being
David Kirwa Tarus, 2019-02-28 If my people who are called by my name will humble themselves and pray and seek my face and turn from their wicked ways then I will hear from heaven and I will forgive their sin and will heal their land 2 Chronicles 7 14 Kenya is a diverse nation with many ethnic communities and cultural traditions However this diversity has led to deep divisions over the years resulting in entrenched ethnopolitical tension and conflict In this book Dr David Kirwa Tarus advocates for a Christian theological response to the nation s divisions by presenting various theological perspectives on anthropology society and politics including those of John Calvin and John Mbiti as well as other prominent Kenyan theologians This work traces the history of ethnopolitical conflict in Kenya and the church s response from 1895 to 2013 and thoroughly examines how a reformed theology can provide a pathway to social cohesion in Kenya David Tarus humbly yet boldly challenges Kenyans to pursue national unity and peace by interrogating their allegiances to their ethnic communities and political parties This book carefully argues why it is only a Christian identity commitment to humanity as bearing the divine image and the triune God himself that can heal the divisions in this land and in turn bring an end to other social evils such as corruption intolerance and violence Ethnopolitical conflict is not confined to one nation and this study will bear much fruit in other contexts where people yearn for social cohesion
