Fenn, 2002-10-02 The astonishing hitherto unknown truths about a disease that transformed the United States at its birth A horrifying epidemic of smallpox was sweeping across the Americas when the American Revolution began and yet we know almost nothing about it Elizabeth A Fenn is the first historian to reveal how deeply variola affected the outcome of the war in every colony and the lives of everyone in North America By 1776 when military action and political ferment increased the movement of people and microbes the epidemic worsened Fenn s remarkable research shows us how smallpox devastated the American troops at Qu

bec and kept them at bay during the British occupation of Boston Soon the disease affected the war in Virginia where it ravaged slaves who had escaped to join the British forces During the terrible winter at Valley Forge General Washington had to decide if and when to attempt the risky inoculation of his troops In 1779 while Creeks and Cherokees were dying in Georgia smallpox broke out in Mexico City whence it followed travelers going north striking Santa Fe and outlying pueblos in January 1781 Simultaneously it moved up the Pacific coast and east across the plains as far as Hudson s Bay The destructive desolating power of smallpox made for a cascade of public health crises and heartbreaking human drama Fenn s innovative work shows how this mega tragedy was met and what its consequences were for America **Pierre-Esprit Radisson** Pierre Esprit Radisson,2012 VOLUME 2 will contain The Port Nelson Relations Miscellaneous Writings and Related Documents

Athinuwick Victor P. Lytwyn,2002-03-06 The original people of the Hudson Bay lowlands often known as the Lowland Cree and known to themselves as Muskegowuck Athinuwick were among the first Aboriginal peoples in northwestern North America to come into contact with Europeans Muskegowuck Athinuwick challenges long held misconceptions about the Lowland Cree and illustrates how historians have often misunderstood the role and resourcefulness of Aboriginal peoples during the fur trade era Although their own oral histories tell that the Lowland Cree have lived in the region for thousands of years many historians have portrayed the Lowland Cree as relative newcomers who were dependent on the Hudson s Bay Company fur traders by the 1700s In Muskegowuck Athinuwick historical geographer Victor Lytwyn shows instead that the Lowland Cree had a well established traditional society that far from being dependent on Europeans was instrumental in the survival of traders throughout the network of HBC forts during the 18th and 19th centuries
