## **George Washington American Presidents Reference Series:**

Chronology of the U.S. Presidency Mathew Manweller, 2012-03-19 This engaging and authoritative four volume resource offers fascinating portrayals of the 44 men who have achieved the ultimate seat of power in the United States the presidency From George Washington to Barack Obama *Chronology of the U S Presidency* portrays each of the nation s chief executives in richly observed detail Chapter by chapter we meet the real flesh and blood men occupying the one office elected by the entire country the office that most profoundly affects the workings of the government U S relations with other countries and the everyday lives of all American citizens Spanning four volumes this work covers each president s early life and rise to power the pivotal events during his presidency and when applicable his post presidential life In addition the book includes sections on the First Ladies and presidential families plus primary source documents speeches memos messages to Congress and entertaining FYI facts for example once bitter rivals John Adams and Thomas Jefferson died hours apart on the 50th anniversary of the Declaration of Independence they helped create together More than just names and dates history *Chronology of the U S Presidency* helps readers understand the ways each of these intriguing men changed the country and how he in turn was impacted by his time in power *George Washington* Thomas Langston, Michael G. Sherman, 2003-06-02 Each volume in the new American Presidents Reference Series is organized around an individual presidency and gathers a host of biographical analytical and primary source historical material that will analyze the presidency and bring the president his administration and his times to life The series focuses on key moments in U S political history as seen through the eyes of the most influential presidents to take the oath of office Unique headnotes provide the context to data tables and excerpted primary source documents George Washington born in 1732 was the first president under the Constitution of the United States In 1753 he began his military career as a major in the Virginia militia In 1755 he was appointed aide de camp to Major General Edward Braddock under whom he fought in the French and Indian War Three years later Washington resigned his post to seek election to the Virginia House of Burgesses where he served for nine years He was also a Virginia delegate to the First Continental Convention On June 16 1775 Washington accepted a commission as the commanding general of the Continental army His skills as a multifaceted leader military political inspirational eventually led to the British defeat the signing of the Treaty of Paris in September 1783 and Washington s retirement However in 1787 he agreed to serve as a delegate to the constitutional convention Presidential electors unanimously elected Washington president in 1789 Key events during his two terms of office were the enactment of the Bill of Rights Washington s commitment to neutrality in his foreign policies and the ongoing debate about the role of the national government as championed by ardent opponents in Washington s administration the Democratic Republican Secretary of State Thomas Jefferson and the Federalist Secretary of the Treasury Alexander Hamilton Washington established the tradition of the two term presidency when he retired George Washington died on December 14 1799 This new volume of the presidency of George Washington will cover His military exploits before

during and after the American Revolution His inspirational role during the constitutional convention The Jeffersonian and Hamiltonian political perspectives Foreign affairs American neutrality and the Jay Treaty of 1795 Washington's legacy on American democracy

**American Presidents Reference Series Set** Various, 2003-11-21 Save 25% When you buy all eight volumes in the American Presidents Reference Series Set Each volume in this series is organized around an individual presidency and gathers a host of biographical analytical and primary source historical material that analyzes the presidency and brings the president his administration and his times to life The series focuses on key moments in U S political history as seen through the eyes of the most influential presidents to take the oath of office Unique headnotes provide the context to data tables and excerpted primary source documents The format of each book follows the same organization and includes Introduction Biographical Sketch Campaigns and Electoral Strategies Administration Policies Crises and Flashpoints Relationship with Major Institutions After the White House or presidential legacy Key Figures in the Administration Chronology Index This is a valuable series for academic and high school libraries as well as public libraries and their patrons interested in American presidential history The American Presidents Reference Series Set includes Abraham Lincoln Andrew Jackson Franklin Delano Roosevelt George Washington Harry S Truman Lyndon Baines Johnson Theodore Roosevelt Woodrow Wilson

**George Washington and the Origins of the American Presidency** William D. Pederson, Mark J. Rozell, Frank J. Williams, 2000-07-30 This essay collection is a retrospective analysis of the Washington administration's importance to the understanding of the modern presidency Contemporary presidential scholarship gives little attention to the enormous impact that Washington's actions had on establishing the presidency Most contemporary literature starts with 1933 and although FDR's impact on the development of the modern institution of the presidency is undeniable Washington's actions in office also established standards for practices that continue to this day This analysis of the Washington presidency begins with an examination of Washington's leadership and its relevance to the modern presidency The second group of essays looks at different aspects of presidential powers and the precedents established by the Washington administration The third section examines Washington's press coverage looking at the origins of Washington's image and the various myths in the press as well as the president's difficult relations with his contemporary press A thoughtful and important corrective that will be of interest to scholars students and researchers involved with the American presidency and its history

*Our Country's Presidents* Ann Bausum, 2017 National Geographic presents the 44 leaders of the United States of America in this fully up to date authoritative and lavishly illustrated family reference Page 4 of cover

[American Presidents](#) Gleaves Whitney, 2003-01-01 This one of a kind volume collects the Presidents farewell speeches from Washington to Clinton The Presidents shine as experienced statesmen visionaries moralists storytellers their speeches as a hybrid of historical document and literary masterpiece

**Religion and the American Presidency** M. Rozell, G. Whitney, 2007-05-14 This volume opens a new avenue toward understanding the politics and policies of many US presidents As the essays in this book reveal religion

has had an enormous impact on many critical presidencies in US history. Contrary to the conventional wisdom these essays reveal the deeply religious side to Truman, Eisenhower and Reagan among others. The Seven-Day Scholar: The Presidents Dennis Gaffney, Peter Gaffney, 2012-02-07. A bite of history a day all year long. Flawless storytelling, expert research and intriguing one page essays make *The Seven Day Scholar: The Presidents* perfect for history buffs. *The Presidents* addresses formative moments in the lives of the presidents, crucial political decisions, little known facts and insights into the intriguing individuals Americans have selected to lead our country. Each chapter includes seven related narrative entries, one for each day of the week. The book explores many fascinating facts and issues about the presidents including: Did Washington really enjoy dancing? Why did President Jefferson avoid speaking in public? Why did Lincoln crack down on civil liberties? Why did Eisenhower fight against big defense budgets? How responsible was Reagan for the end of the Cold War? As well as covering each president, the book includes chapters on the Best and Worst Writers and Speakers, Most Controversial Elections, Scandals, Most Controversial Foreign Policy Decisions, The Peacemakers, First Ladies, The Best and Worst Presidents and more. Entries also include follow up resources where curious readers can learn more. Readers can sweep through the book from beginning to end or use it as a reference book periodically exploring topics and presidents in which they are interested.

*The Inaugural Addresses of Twentieth-Century American Presidents* Halford Ryan, 1993-06-30. The essays in Halford Ryan's *The Inaugural Addresses of Twentieth Century American Presidents* explore how presidents have used their addresses to empower themselves in office. The volume's construct holds that the president delivers persuasive speeches to move the Congress and the people and to move the people to move the Congress if it is intransigent. Even on Inauguration Day, a largely ceremonial occasion, the president seeks acquiescence and action from Congress and the people in his first rhetorical deed as the nation's chief executive officer. Since scholars agree that the rhetorical presidency arose in the twentieth century with Theodore Roosevelt, the book commences with Roosevelt's address followed by all subsequent presidents' inaugurals including that of Bill Clinton. The authors' methodology applies classical rhetoric to the nexus of political discourse, the interrelationships between the speaker, the speech and the audience, discussing *vox populi*, *elocutio*, *inventio* and *actio*. Each of the chapters analyzes the political situation with regard to political purpose, giving special attention to genre, criticism and to the themes of campaign rhetoric that were or were not carried forth into the inaugural address. The essayists explicate the evolution of each inaugural's preparation, criticize its delivery and evaluate its persuasive strengths and weaknesses by accounting for its reception by the media and by the American people. Recommended for scholars of political communication and rhetoric, political science, history and presidential studies.

**Faith and the Presidency From George Washington to George W. Bush** Gary Scott Smith, 2006-10-12. In the wake of the 2004 election, pundits were shocked at exit polling that showed that 22% of voters thought moral values was the most important issue at stake. People on both sides of the political divide believed this was the key to victory for George W. Bush, who professes a deep and abiding faith in God. While some

fervent Bush supporters see him as a man chosen by God for the White House opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state In fact Gary Scott Smith shows none of this is new Religion has been a major part of the presidency since George Washington s first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents Was Thomas Jefferson an atheist as his political opponents charged What role did Lincoln s religious views play in his handling of slavery and the Civil War How did born again Southern Baptist Jimmy Carter lose the support of many evangelicals Was George W Bush as his critics often claimed a captive of the religious right In this fascinating book Smith answers these questions and many more He takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history

**American Reference Books Annual** Bohdan S. Wynar,2003 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering The Development of the American Presidency Richard J. Ellis,2015-06-26 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding beyond the current newspaper headlines The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

**Princeton's War Program** Princeton University,1924 *History of the George Washington Bicentennial Celebration ...* United States George Washington Bicentennial Commission,1932 George Washington on Coins and Currency Heinz Tschachler,2020-07-27 George Washington is the most popular subject on coins medals tokens paper money and postage

stamps in America Attempts to eliminate one dollar bills from circulation replacing them with coins have been unsuccessful Americans reluctance to part with their Georges are beyond rational considerations but tap into deep felt emotions To discard one dollar bills means discarding the metaphorical Father of His Country Alexander Hamilton the nation s first Secretary of the Treasury said that monetary tokens were vehicles of useful impressions This numismatic history of George Washington traces the persistence of his image on American currency These images are mostly from the late 18th century This book also offers a close look at the pictorial tradition in which these images are rooted George Washington ,

*Congressional Record* United States. Congress,1978 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Mr. President** Ray Raphael,2013-01-22 The dramatic and penetrating story of the political maneuverings and personalities behind the creation of the office of the president with ramifications that continue to this day For the first time by focusing closely on the dynamic give and take at the Constitutional Convention Ray Raphael reveals how politics and personalities cobbled together a lasting but flawed executive office Remarkably the hero of this saga is Gouverneur Morris a flamboyant peg legged delegate who pushed through his agenda with amazing political savvy and not a little deceit Without Morris s perseverance a much weaker American president would be appointed by Congress serve for seven years could not be reelected and have his powers tightly constrained Charting the presidency as it evolved during the administrations of Washington Adams and Jefferson Raphael shows how given the Constitution s broad outlines the president s powers could easily be augmented but rarely diminished Today we see the result an office that has become more sweeping more powerful and more inherently partisan than the framers ever intended And the issues of 1787 whether the Electoral College the president s war powers or the extent of executive authority continue to stir our political debates *Presidents at War* Steven M. Gillon,2025-02-18 Steven M Gillon historian and New York Times bestselling author is back with the story of how WWII shaped the characters and politics of seven American presidents World War II loomed over the latter half of the twentieth century transforming every level of American society and international relationships and searing itself onto the psyche of an entire generation including that of seven American presidents Dwight D Eisenhower John F Kennedy Lyndon B Johnson Richard Nixon Gerald Ford Ronald Reagan and George H W Bush The lessons of World War II more than party affiliation or ideology defined the presidencies of these seven men They returned home determined to confront any force that threatened to undermine the war s hard won ideals each with their own unique understanding of patriotism sacrifice and America s role in global politics In *Presidents at War* Gillon examines what these men took away from the war and how they then applied it to Cold War policies that proceeded to change America and the world forever A nuanced and deeply

researched exploration of the lives philosophies and legacies of seven remarkable men Presidents at War deftly argues that the lessons learned by these postwar presidents continue to shape the landscape upon which current and future presidents stand today     **Bi-monthly Bulletin of the American Institute of Mining Engineers** ,1915
