published books of the year *A Safe Place for Change, revised 2nd edition* Hugh Crago, Penny Gardner, 2019-02-15 It is increasingly recognised that the strength of the bond between counsellor and client is the best indicator of a good outcome for the client. The theoretical model employed by the counsellor matters less than the relationship the counsellor can build with each individual client. Yet first year counselling students continue to be taught about different models of therapy and specialised approaches supposedly needed by clients with different problems. The result is often confusion and uncertainty and many trained counsellors graduate without a solid grasp of how to form an authentic relationship with any client. Unlike most texts *A Safe Place for Change* focuses squarely on the therapeutic relationship. Skills are presented in terms of their contribution to the relationship. Theories and models are referred to throughout but the authors emphasise what the different approaches have in common rather than the specialised terminology that often makes them seem more different than they actually are. The personal capacities and skills that distinguish a good counsellor or therapist are presented in the same order in which they would appear within the actual therapeutic relationship. The initial chapters teach holding and exploring skills that are almost automatically required in the first few sessions with a new client. Then follows a chapter that deals with the challenge to the counsellor-client relationship which often appears after the first two sessions and shows counsellors how they can respond most usefully to that challenge. As the therapeutic relationship continues and deepens it becomes possible to invite clients to consider how they might be contributing to their own problems, the skill of gentle honesty or encountering. Finally the authors introduce two different approaches to achieving change: solving the problem via advice, instruction and homework and re-parenting the person, something that is more likely to be crucial in long-term work with clients who present entrenched difficulties in living and relating. Well-written, insightful and accessible, this textbook speaks directly to students of counselling and psychotherapy, recognising their needs and their challenges. The authors' real-world experience is evident throughout the book, as is their skill in teaching complex concepts in clear language. **Dancing at the River's Edge** Alida Brill, Michael D. Lockshin, 2009-01-01 An invaluable resource for medical professionals, victims of chronic illnesses and their loved ones, this dual memoir by a doctor and his longtime patient traces the growth of their unique friendship over a span of decades. By exploring the bond between caregiver and sufferer, this sensitive account evokes not only the constant day-to-day frustrations and emotional toll suffered by the chronically ill but also an understanding of the mental struggles and conflicts that a conscientious doctor must face in deciding how best to treat a patient without compromising personal freedoms. In alternating chapters, the narrative explores the frustration, joy, despair, grief and pain on both sides of the doctor-patient relationship. *As We Are Now* W. S. Penn, 1998 As we are now: mix blood essays on race and identity **The Spirituality of the Diocesan Priest** Donald B. Cozzens, 1997 Beyond the dramatic drop in seminarians and the declining numbers of priests, beyond the sexual misconduct scandals shaking the confidence and trust once readily given to priests, a spiritual deepening and maturing is renewing the spirit and confidence of the diocesan priest. In this collection of essays, twelve priests

including four bishops reflect on the spirituality of the diocesan priest from their personal and pastoral experience Have diocesan priests finally transcended the monastic and religious order spiritualities that have shaped their prayer and interior lives for centuries Is a spirituality particular to the diocesan priest emerging precisely at a time when the priesthood is under such close scrutiny The contributors pastors theologians poets and bishops grapple with the maturing of the diocesan priest's soul touch the mystery of the priesthood and unveil personal often moving dramas of grace Contributors and their articles include Tenders of the Word by Donald B Cozzens Personal Symbol of Communion by Denis Edwards Confessions of a Pilgrim Pastor by William Hammer A Kindled Heart by Frank McNulty A Glorious and Transcendent Place by Robert F Morneau The Conciliar Documents and the 1983 Code by Edward G Pfnausch Ruminations of a Canonist by James H Provost Heralds of the Gospel and Experts in Humanity by Sylvester D Ryan Servant of the Servants of God by Robert Schwartz Speaking Out for the Inside by William H Shannon Paul of Tarsus A Model for Diocesan Priesthood by Richard J Sklba and Spirituality of the Diocesan Priest Using the Wrong Measure by Kenneth Untener
