

# Essential Oils & Enlarged Prostate

My husband was on antibiotics for 3 weeks with an enlarged prostate and nothing worked. Finally he decided to let me use Young Living essential oils, which I found the following in the Essential Oil Reference Guide, and all symptoms went away within two days.

I applied the following with coconut oil and layered them one at a time:

Mister, Cypress, and Lavender on the lower back and the inside of the ankles.

My husband has anxiety when he's sick so I used the following to help:

A drop of Valor down his spine

A drop of Joy on his heart
