

## Description

Now in its second edition, *Criminal Evidence: An Introduction* provides comprehensive and applied coverage of the rules of evidence, along with numerous case excerpts that clearly illustrate those rules. Using engaging, straightforward language, authors John L. Worrall, Craig Hemmens, and Lisa Nored offer an invaluable and innovative resource for both students and instructors. Concentrating on the Federal Rules of Evidence, this distinctive text presents in-depth yet concise coverage of evidentiary law in thirteen succinct chapters. To draw students into this complex subject, the authors explain criminal evidence through a unique blend of text and case excerpts throughout, these excerpts illuminate the rules in useful, fascinating, and often unusual examples.

**Murphy on Evidence** Richard Glover, 2015

Murphy on Evidence frames the law of evidence in its practical context Suitable for both undergraduates and BPTC students

the text is supported by a wealth of online resources based around two fictional cases bringing the law to life and developing a clear contextual understanding of the law     The Welsh Criminal Justice System Robert Jones, Richard Wyn Jones, 2022-10-15 This study represents the first systematic attempt to explore the functioning of the policing and criminal justice system in post devolution Wales Its particular relevance is underscored by the revelation that Wales has the highest imprisonment rate in western Europe Drawing on official data as well as extensive interviews with senior figures this book represents the first systematic exploration of the operation of the justice system in Wales across the jagged edge of devolved and non devolved functions There remains little understanding of how the justice system operates in the anomalous circumstances of post devolution Wales This book aims to fill this gap in understanding and concludes with an assessment of the proposals of the Commission on Justice in Wales for reform     ,     The Environmental Policy Paradox (1-download) Zachary A. Smith, 2015-09-25 This book examines environmental policy in the United States in air water land use agriculture energy waste disposal and other areas It discusses the legal processes that come into play when citizens pursue environmental policy goals in the courts     **Internet Child Pornography** Richard Wortley, Stephen Smallbone, 2012-08-17 This book provides a comprehensive introduction to the problem of Internet child pornography that spotlights the connection between technology and behavior presenting practical suggestions for reducing this pervasive problem The role of the Internet in fueling the problem of child pornography is enormous Prior to the Internet child pornography was typically locally produced of poor quality expensive and difficult to obtain United States law enforcement officials were able to boast in the late 1970s that the traffic in child pornography had virtually been eliminated The advent of the Internet in the 1980s made vast quantities of child pornography instantly available in the privacy of the viewer s home Today child pornography largely exists because of the opportunities provided by the Internet Internet Child Pornography provides a comprehensive overview of the issue by describing the problem of child pornography examining the impact of the Internet and presenting a profile of users With this foundation in place the authors then address responses to child pornography and shed light on the complexities of dealing with criminal activities that are perpetrated largely online for example the fact that people behave differently in online environments than they do in other areas of their lives The book examines prevention efforts designed to reduce access to child pornography law enforcement responses designed to catch known offenders and treatment responses designed to reduce reoffending     *Research Handbook on Climate Change, Oceans and Coasts* Jan McDonald, Jeffrey McGee, Richard Barnes, 2020-12-25 This topical Research Handbook examines the legal intersections of climate change oceans and coasts across multiple scales and sectors covering different geographies and regions With expert contributions from Europe Australasia the Pacific North America and Asia it includes insightful chapters on issues ranging across the impacts of climate change on marine and coastal environments It assesses institutional responses to climate change in ocean and marine governance regimes adaptation to climate impacts on ocean and coastal systems and communities and climate

change mitigation in marine and coastal environments Through a plurality of voices disciplinary and geographical perspectives this Research Handbook explores cross cutting themes of institutional complexity fragmentation scale and design trade offs
