Introduction to Policing Steven M. Cox, David Massey, Connie M. Koski, Ericka Wentz, 2023-01-30 Written by an author team that includes former and current law enforcement officers Introduction to Policing focuses on the most thought provoking contemporary issues in the world of policing The authors tackle complex issues that impact policing today such as social diversity advancements in technology and global issues such as terrorism and transnational organized crime The Fifth Edition offers fully updated content in SAGE's Vantage courseware platform

Policing Transnational Crime Saskia Hufnagel, Anton Moiseienko, 2020-06-04 As the threats posed by organised crime and terrorism persist law enforcement authorities remain under pressure to suppress the movement or flows of people and objects that are deemed dangerous This collection provides a broad overview of the challenges and trends of the policing of flows How these threats are constructed and addressed by governments and law enforcement agencies is the unifying thread of the book The concept of flows is interpreted broadly so as to include the trafficking of illicit substances trade in antiquities and legal and illegal migration including cross border travel by members

of organised crime groups or foreign fighters The book focuses especially on the responses of governments and law enforcement agencies to the changing nature and intensity of flows The contributors comprise a mix of lawyers sociologists historians and criminologists who address both formal legal and practical on the ground approaches to the policing of flows The volume invites reflection on whether the existing tool kit of governments and law enforcement agencies is adequate in this changing environment and how it could be modernised for example by increased reliance on technology or by reappraising the role of the private sector As such the book will be useful not only for academics and practitioners who work on security related matters but also more generally to those who are interested in what the near term future of policing is likely to look like and how the balance between law enforcement on the one hand and human rights and civil liberties on the other can be achieved

Economic Crime Mark Button,Branislav Hock,David Shepherd,2022-04-24 This book is the first attempt to establish economic crime as a new sub discipline within criminology Fraud corruption bribery money laundering price fixing cartels and intellectual property crimes pursued typically for financial and professional gain have devastating consequences for the prosperity of economic life While most police forces in the UK and the USA have an economic crime department and many European bodies such as Europol use the term and develop strategies and structures to deal with it it is yet to gain traction as a widely used term in the academic community Economic Crime From Conception to Response aims to change that and covers definitions of the key premises of economic crime as the academic sub discipline within criminology an overview of the key research on each of the crimes associated with economic crime public private and global responses to economic crime across its different forms and sectors of the economy both within the UK and globally This book is an essential resource for students academics and practitioners engaged with aspects of economic crime as well as the related areas of financial crime white collar crime and crimes of the powerful
