

Dometic engineers have spent two years completely redesigning and reengineering one of the most popular and most imitated RV air conditioners.

WELCOME TO THE ALL-NEW ...

BRISK II

A Revolution in RV A/C Technology!

Cooler ... stronger ...
quieter ... lighter ... the
Brisk II puts it all together for an
all-new, best-in-class RV A/C, starting
with 15 percent increased air flow
and improved cooling capacity!

Reengineered where it matters

Heavy-duty motor support brackets, reinforced mounting screw holes, and thick structural EPP foam housings all help create a sturdier, more reliable A/C unit. The compressor and motor are mounted with rubber isolation pads and grommets to reduce vibration.

Hi-tech materials

Used by automotive and aircraft engineers, EPP (Expanded Polypropylene) foam makes Brisk II lighter, better insulated, and more aerodynamic, while adding structural integrity and reducing noise and vibration.

Durable design

SLEEK SHROUD

Sleek new shroud offers better ventilation, more strength and superior aerodynamic performance.

ALL-NEW BASE PAN

Three-inch deep-drawn 680 carbon steel has an extra smooth powder-coated finish for long-lasting durability against rust and corrosion.

Ten percent greater strength and rigidity is achieved through a heavier gauge metal pan with ribbed areas and reinforced vent holes. More platform stability adds to the life cycle.
