Dostoevsky and Kant Evgenia Cherkasova,2009 In this book Evgenia Cherkasova brings the philosopher Kant and the novelist Dostoevsky together in conversations that probe why duty is central to our moral life She shows that just as Dostoevsky is indebted to Kant so Kant would profit from the deeply philosophical narratives of Dostoevsky which engage the problem of evil and the claims of human community She not only produces a novel reading of Dostoevsky but also guides us to later often neglected Kantian texts This study is written with scholarly care penetrating analysis elegance of style and moral urgency Cherkasova writes with both mind and heart Emily Grosholz Professor of Philosophy The Pennsylvania State University

Dostoevsky's Religion Steven Cassedy,2005-05-02 Any reader of Dostoevsky is immediately struck by the importance of religion within the world of his fiction That said it is very difficult to locate a coherent set of religious beliefs within Dostoevsky's works and to argue that the writer embraced these beliefs This book provides a trenchant reassessment of his religion by showing how Dostoevsky used his writings as the vehicle for an intense probing of the nature of Christianity of the individual meaning of belief and doubt and of the problems of ethical behavior that arise from these questions The author argues that religion represented for Dostoevsky a welter of conflicting views and stances from philosophical idealism to nationalist messianism The strength of this study lies in its recognition of the absence of a single religious prescription in Dostoevsky's works as well as in its success in tracing the background of the ideas animating Dostoevsky's religious probing

his invocation of unconditional love Central to Dostoevsky's vision is his understanding of the relationship between the dual human yearnings for individualism and community In the process the author related Dostoevsky's conclusions to the thought of Plato Augustine Anselm Dante Kierkegaard Schopenhauer Nietzsche and Sartre Throughout the work the author compares contrasts and evaluates Dostoevsky's analyses with contemporary discussions of the rule of law the adversary system and the relationship between individualism and communitarianism

Immanuel Kant Arsenij Gulyga, 2012-12-06 Life and work of a philosopher cannot be unravelled into separate strands The true events of such a life are only thoughts Kant has no other biography than the history of his thought He lived most of his life in one city Königsberg and never ventured beyond the frontiers of East Prussia He did not seek fame he did not gain power neither in living nor in loving did he encounter turbulence He never married Outwardly Kant's life ran smoothly and uniformly Perhaps it was more monotonous than the lives of other philosophers That could not be said of the inner life the life of the mind There everything was wondrously alive Daring ideas came into being gathered strength clashed with other ideas yielded ground or ripened in the strife Kant's thought roamed the continents pushed beyond the confines of the earth strove to the farthest reaches of the universe His thought ix

The Kantian Ethics: Metaphysics of Morals, The Critique of Practical

Reason & Perpetual Peace Immanuel Kant, 2023-11-28 Immanuel Kant's *The Kantian Ethics* serves as a cornerstone in the field of moral philosophy encompassing *Metaphysics of Morals*, *The Critique of Practical Reason*, and *Perpetual Peace*. In this seminal work, Kant explores the ethical principles that govern human actions, grounding morality in reason and autonomy. His writing style is characterized by its systematic and rigorous argumentation, drawing upon his broader philosophical framework of transcendental idealism. Kant's emphasis on the categorical imperative as a universal moral law distinguishes his ethical theory from other contemporary utilitarian approaches. The text not only delves into the nature of ethics but also reflects on the limits of human knowledge, making it a profound and thought-provoking read. Immanuel Kant, a renowned Enlightenment philosopher, dedicated his life to exploring the limits and possibilities of human reason. His extensive work in metaphysics, epistemology, and ethics laid the foundation for modern philosophy, influencing thinkers across centuries. *The Kantian Ethics* showcases Kant's intellectual rigor and profound insights into the nature of human morality, making it essential reading for anyone interested in ethical theory and philosophical inquiry.

The Wild East Viktor Mikhailovich Sergeev, 1998 A provocative analysis of the problem of all pervasive corruption and surging violent crime in last Soviet and post Soviet Russia. Victor Sergeyev asks how it is possible to label and control certain behaviors as deviant in a context where the legal and moral ethical norms of a collapsed regime have been discredited but not replaced, particularly when the elite of that failed regime in league with a patently criminal element is thriving in the new chaos.

Hermeneutics - Ethics - Education Andrzej Wiercinski, 2015 This book confronts the challenges that hermeneutics brings to ethics and education by thematizing the critical influence which ethics and contemporary educational theory and practice have on the self-understanding of philosophical hermeneutics. In the hermeneutic spirit of commitment to cultivating lifelong habits of critical thinking, moral reflection, and articulate expression, the book presents many voices that illuminate a rich cultural diversity with the profound hope of nurturing the full flourishing of human beings. The hermeneutics of education calls for diverse ways of thinking about education which deeply cares for the common good of individuals, communities, and nations. This diversity promotes a genuine interest in different approaches to the event *Ereignis* of education. *Series: International Studies in Hermeneutics and Phenomenology, Vol. 8, Subject: Hermeneutics, Ethics, Education*.

Dostoevsky's Conception of Man Peter McGuire Wolf, 1997-10 Dostoevsky's novels have contributed to a conception of man that reverberates in the conclusions of prominent twentieth-century philosophical anthropologists. Max Scheler, Martin Heidegger, Jean Paul Sartre, Maurice Merleau-Ponty, and Albert Camus, among others, have admitted that the works of Dostoevsky had an influence on the manner in which they learned to conceive of human nature and the world in which humans live. Our aim in this dissertation is to ask what is there in the novels of Dostoevsky concerning the nature of man of which certain philosophers could claim that in their philosophical conceptions of man they were positively influenced by him. The main thesis is substantiated with a careful analysis of four novels: *Notes From the House of the Dead*, *Zapiski iz mertvogo doma*, *Notes From the Underground*.

Zapiski iz podpol'ia Crime and Punishment Prestuplenie i nakazanie and The Brothers Karamazov Brat'ia Karamazovy These novels were chosen partly because I have come to the conclusion that these novels more than others concretely show in what sense the leading characters appear to have made themselves be what they had freely chosen to be under the circumstances in which they had to live and that they were fully aware of the responsibility they had to bear for the implications and consequences of what they had thus decided Based upon a close reading four interpretive chapters employ the most significant criticism from English Russian and French literary scholarship Dostoevsky's philosophical conception of man is compared and contrasted with the conception that Scheler and Heidegger hold i.e. that freedom is man's essence Sartre's atheistic humanism and Camus' thought The following conclusions are consonant with Dostoevsky's work freedom is constitutive for the being or the mode of being essence of man it is an inalienable duty one must become oneself Man strives to overcome himself and to exceed his freedom but in so doing invariably loses it Man exceeds himself only in the sense that he realizes an ideal human possibility The Dostoevskian man reveals not only the absence of human nature but also the enormous power which man possesses for achieving his ideal human possibility

The Karamazov Case Terrence W. Tilley, 2023-06-01 This is a new interpretation of Dostoevsky's novel The Brothers Karamazov that scrutinizes it as a performative event the polyphony of the novel revealing its religious philosophical and social meanings through the interplay of mentalities or worldviews that constitute an aesthetic whole This way of discerning the novel's social vision of sobornost a unity between harmony and freedom its vision of hope and its more subtle sacramental presuppositions raises Tilley's interpretation beyond the standard theology and literature treatments of the novel and interpretations that treat the novel as providing solutions to philosophical problems Tilley develops Bakhtin's thoughtful analysis of the polyphony of the novel using communication theory and readers' hearer response criticism and by using Bakhtin's operative image of polyphony to show the error of taking faith vs reason argues that at the end of the novel the characters learned to carry on in a quiet shared commitment to memory and hope

Dostoevsky's Crime and Punishment Robert Guay, 2019 The gruesome double murder upon which the novel Crime and Punishment hinges leads its culprit Raskolnikov into emotional trauma and obsessive destructive self-reflection But Raskolnikov's famous philosophical musings are just part of the full philosophical thought manifest in one of Dostoevsky's most famous novels This volume uniquely brings together prominent philosophers and literary scholars to deepen our understanding of the novel's full range of philosophical thought The seven essays treat a diversity of topics including language and the representation of the human mind emotions and the susceptibility to loss the nature of agency freedom and the possibility of evil the family and the failure of utopian critique the authority of law and morality and the dialogical self Further authors provide new approaches for thinking about the relationship between literary representation and philosophy and the way that Dostoevsky labored over intricate problems of narrative form in Crime and Punishment Together these essays demonstrate a seminal work's full philosophical worth a novel rich with complex themes

whose questions reverberate powerfully into the 21st century The Heresies of Jan Patočka James Dodd,2023-03-15 A nuanced reflection on the meaning and resonance of Patočka's philosophy Foregrounding the turbulent political and intellectual scene in Czechoslovakia following the Prague Spring in 1968 James Dodd explores the unity of philosophy history and politics in Jan Patočka's life and legacy Dodd presents Patočka as an essential philosopher of modern concepts such as freedom subjectivity and history and also as an interpreter of prominent thinkers such as Husserl and Heidegger Dodd outlines the phenomenology that Patočka as a late pupil of Husserl and Heidegger crafted in response to the classical model before turning to his philosophy of history which was oriented around the problem of Europe and the care for the soul Finally Dodd examines Patočka's role as a dissident intellectual and one of the principal voices of the Charter 77 human rights movement until his death in March 1977 By situating Patočka's thought in relation to classical phenomenology and to the political and historical conditions of Central Europe Dodd illuminates the enduring impact of this key thinker of the twentieth century **Brigham Young University Studies** ,1960 A voice for the community of LDS scholars T.G.Masaryk (1850-1937) Harry Hanak,2016-01-13 Between the wars a personality cult grew around Masaryk These three volumes constitute the first balanced critical assessment of the actual achievement of the university professor who became the first president of Czechoslovakia In this the first volume scholars from Europe and North America offer new insights into the career and ideas of Masaryk during the three decades preceding the outbreak of World War I They appraise his role as critic of injustice and outworn tradition providing a most significant interpretation of his place in modern history
