

EXAMPLE 2 The Artist's Technique, Chapter 3

This exercise is for practicing shifting from the first to the second finger, while prioritising energy and lightness. On the way up, the shift is played once, very quickly and very lightly, without the thumb moving, and then again, slightly slower, also without the thumb moving. Once you have landed in the new position the second time, the thumb follows the rest of the hand. On the way down, the thumb moves first and the shift is again played once very quickly and then at a slower speed. The shifting finger should glide unimpeded without pulling to either side of the string, and should be undetectable.
