Waldron, David Ethan Milstein, 2017-07-27 The Criminal Justice System An Introduction Fifth Edition incorporates the latest developments in the field while retaining the basic organization of previous editions which made this textbook so popular Exploring the police prosecutors courts and corrections including probation and parole the book moves chronologically through the differen

**Critical Issues in Crime and Justice** Mary Maguire, Dan Okada, 2014-11-11 A comprehensive provocative overview of the origins and present state of issues and perspectives in criminal justice and criminology from leading scholars in the field In this important book of essays leading scholars explore the gamut of topics in criminal justice and criminology examining both historical and contemporary material to illustrate the past and present of each topic covered Drawing on a wide range of sources Mary Maguire and Dan Okada illustrate the breadth of research policy and practice implications in key areas of the field such as crime theory law enforcement jurisprudence corrections and criminal justice organization and management The coverage of concepts insights voices and perspectives is geared toward students with a background in criminal justice or criminology courses to challenge them to synthesize what they have learned to question standard interpretations and to begin to create new directions and visions for their future careers as professionals in the field

**Juries, Lay Judges, and Mixed Courts** Sanja Kutnjak Ivković, Shari Seidman Diamond, Valerie P. Hans, Nancy S. Marder, 2021-07-29 Offers a comprehensive and comparative picture of how countries around the globe use ordinary citizens to decide criminal cases

**Current Legal Problems 2010** George Letsas, Colm O'Cinneide, 2011-01-30 This year's volume covers topics such as military detention English criminal law terrorism democracy human rights civil liberties the media and international law family law child welfare health feminism economic theory corporate law competition regulation contract law biotechnology biodiversity and more

**The International Criminal Court and Global Social Control** Nerida Chazal, 2015-12-14 The International Criminal Court was established in 2002 to prosecute war crimes crimes against humanity and genocide At its genesis the ICC was expected to help prevent atrocities from arising or escalating by ending the impunity of leaders and administering punishment for the commission of international crimes More than a decade later the ICC's ability to achieve these broad aims has been questioned as the ICC has reached only two guilty verdicts In addition some of the world's major powers including the United States Russia and China are not members of the ICC These issues underscore a gap between the ideals of prevention and deterrence and the reality of the ICC's functioning This book explores the gaps schisms and contradictions that are increasingly defining the International Criminal Court moving beyond existing legal international relations and political accounts of the ICC to analyse the Court from a criminological standpoint By exploring the way different actors engage with the ICC and viewing the Court through the framework of late modernity the book considers how gaps between rhetoric and reality arise in the work of the ICC Contrary to much existing research the book examines how

such gaps and tensions can be productive as they enable the Court to navigate a complex international environment driven by geopolitics The International Criminal Court and Global Social Control will be of interest to academics researchers and advanced practitioners in international law international relations criminology and political science It will also be of use in upper level undergraduate and postgraduate courses related to international criminal justice and globalization Goals of Civil Justice and Civil Procedure in Contemporary Judicial Systems Alan Uzelac,2014-01-11 This book is a collection of papers that address a fundamental question What is the role of civil justice and civil procedure in the various national traditions in the contemporary world The book presents striking differences among a range of countries and legal traditions but also points to common trends and open issues It brings together prominent experts professionals and scholars from both civil and common law jurisdictions It represents all main legal traditions ranging from Europe Germanic and Romanic countries Scandinavia ex Socialist countries and Russia to the Americas North and South and China Mainland and Hong Kong While addressing the main issue the goals of civil justice the book discusses the most topical concerns regarding the functioning and efficiency of national systems of civil justice These include concerns such as finding the appropriate balance between accurate fact finding and the right to a fair trial within a reasonable time the processing of hard cases and the function of civil justice as a specific public service In the mosaic of contrasts and oppositions special place is devoted to the continuing battle between the individualistic liberal approach and the collectivist paternalistic approach the battle in which seemingly paternalistic tendencies regain momentum in a number of contemporary justice systems **Coalition Government Penal Policy 2010-2015** David Skinns,2016-07-12 This book shows how the overall impact of the penal policy agenda of the Coalition Government 2010 2015 has not led to the intended rehabilitation revolution but austerity outsourcing and punishment designated here as punitive managerialism divThe policy of austerity has led to significant budget cuts in legal aid and court services which threaten justice It has also led to staffing reductions and overcrowding in the prison system which threaten order and have undermined more positive work with prisoners The outsourcing of prison and community based offender services is based on untried method with uncertain results The shift in orientation towards punishment is regrettable because it is essentially negative The book notes that this move to punitive managerialism is located in the broader trend towards neo liberalism It concludes by attempting to articulate the parameters of an affordable and emotionally satisfying yet humane and rational penal policy *Disabling Criminal Justice* Marie Tidball,2024-02-22 This book considers the governance of autistic defendants and offenders in the UK courts Utilising the social model of disability it considers the dominant strategies of governance including vulnerability which the author argues obscures the rights of disabled people in the criminal justice system In doing so it sheds light on how this group should be governed Drawing on rigorously researched case studies of autistic adult defendants through the court process the book brings together relevant legal and policy literature criminological and criminal justice theory and disability studies to provide insight into the dividing

practices that affect the governance of disabled defendants conduct Using interviews with elites and practitioners textual analysis and court observation of eight autistic adult defendants through their court process the book investigates why the status of autistic defendants as disabled under the Equality Act 2010 has been overlooked in criminal justice policy and criminal court decision making It explores the impact of the collateral effects and symbiotic harm of the criminal justice process on family members who support these defendants through the criminal justice process **Judicial Selection in the States** Herbert M. Kritzer,2020-04-30 Using detailed case studies of the relevant US states Herbert Kritzer provides an unprecedented examination of the process and politics of how states select and retain judges The book is organized around the competing goals of politics and professionalism namely whether the focus in choosing judges should be on future judicial decisions court outputs or on the court processes by which those decisions are reached Or in considering who should be a judge whether the emphasis should be on political credentials or on professional credentials One important finding is that political concerns have surpassed professionalism concerns since 2000 Another is that voters have been more supportive of professionalism in selecting appellate judges than trial judges Judicial Selection in the States should be read by anyone seeking a deep understanding of the complex interplay between politics and the judiciary at the state level in the United States *Domestic Violence and Criminal Justice* Nicola Groves,2013-12-04 This book aims to provide an up to date and comprehensive introduction to the subject of domestic violence and its interaction with the criminal justice system including agencies such as the police the Crown Prosecution Service the probation service and Children s Services the courts and the prison service as well as voluntary agencies such as Women s Aid The book also looks at how these various agencies work together at a local level and the coordinating role of the Home Office and the direction provided at a central level Domestic Violence and Criminal Justice examines the phenomenon of domestic violence the various forms it takes and the theories that have been put forward to explain it It takes an historical approach to examine policy and legislative developments over the last forty years and how those developments make themselves manifest today The authors provide an authoritative and critical account of the different agencies and the work they carry out both independently and jointly they also consider the limits of a crime centred response to domestic violence The book provides a conceptual framework in which domestic violence and criminal justice might be better understood It covers all the current issues in this field and it will be a source book in directing readers to further reading It will be essential reading for both students and practitioners in the field

Regulating Policing Edward Cape,Richard Young,2008-09-24 The Police and Criminal Evidence Act 1984 PACE was an innovative and controversial attempt to regulate the investigation of crime Two decades on it now operates in a very different context than in the mid 1980s Whilst legal advice has become established as a basic right of those arrested and detained by the police the police service has become increasingly professionalised but also increasingly driven by government objectives and targets The Crown Prosecution Service originally established to separate prosecution from investigation is now

becoming involved in the investigative process with the power to make charge decisions Although the basic structure of PACE has survived almost continual revision and amendment has resulted in a markedly different creature than that which was originally enacted In 2007 the government embarked on a further review of PACE promising to re focus the investigation and evidence gathering processes to deliver 21st century policing powers to meet the demands of 21st century crime This collection brings together some of the leading academic experts police officers and defence lawyers who have a wealth of experience of researching and working with the PACE provisions They examine the critical questions and issues surrounding PACE providing unique and exciting insights into the demands and challenges of the regulation of policing Contributors David Dixon Professor of Law University of New South Wales Authorise and Regulate A Comparative Perspective on the Rise and Fall of a Regulatory Strategy Andrew Sanders Professor of Criminal Law and Criminology University of Manchester Can Coercive Powers be Effectively Controlled or Regulated John Coppen Police Federation spokesperson on police custody issues PACE A View From the Custody Suite John Long Assistant Chief Constable Avon and Somerset Constabulary Keeping PACE Some Front Line Policing Perspectives Barbara Wilding Chief Constable South Wales Police Tipping the Scales of Justice A Review of the Impact of PACE on the Police Due Process and the Search for the Truth 1984 2006 Richard Young Professor of Law and Policy Research University of Bristol Street Policing After PACE The Drift to Summary Justice Ed Cape Professor of Criminal Law and Practice University of the West of England PACE Then and Now 21 Years of Re balancing Anthony Edwards Leading criminal defence solicitor The Role of Defence Lawyers in a Re balanced System John Jackson Professor of Public Law Queen s University Belfast Police and Prosecutors after PACE The Road from Case Construction to Case Disposal     **Legal Architecture** Linda Mulcahy,2010-12-16 Legal Architecture addresses how the environment in which the trial takes place can be seen as a physical expression of our relationship with ideals of justice as it approaches the history of courthouse design as a reflection of the troubled history of notions of due process     Injustice in Person Rabeea Assy,2015 The right to litigate in person is fiercely protected in common law jurisdictions but litigants in person nonetheless pose serious challenges to the administration of justice By examining the theoretical underpinnings of the right to self representation this book provides a new perspective in the debate over access to justice     Dictionary of Youth Justice Barry Goldson,2013-06-17 This Dictionary explicitly addresses the historical legal theoretical organisational policy practice research and evidential contexts within which modern youth justice in the UK and beyond is located The entries cover a spectrum of theoretical orientations and conceptual perspectives and engage explicitly with the key statutory provisions and policy and practice imperatives within each of the three UK jurisdictions This book is a key resource for those teaching and studying under graduate and post graduate courses in criminology criminal justice sociology social policy law socio legal studies community justice social work youth and community work and police studies together with policy makers managers and practitioners working within the youth justice sphere including staff training officers youth justice officers social workers

probation officers police officers teachers and education workers health professionals youth workers drug and alcohol workers and juvenile secure estate staff The Dictionary of Youth Justice is designed to meet the needs of researchers policy makers managers practitioners and students begins with an introductory chapter that maps the key shifts in contemporary national and international youth justice systems contains over 300 alphabetically arranged entries written by almost 100 experts in the respective fields that explicitly address the core components of youth justice in England and Wales Northern Ireland and Scotland Provides specifically tailored recommended key texts and sources in respect of each entry is closely cross referenced and contains a detailed index to assist readers to make connections between and across entries includes a detailed Directory of Agencies that relate to youth justice in each of the three UK jurisdictions is compiled and edited by one of the UK's leading authorities in youth justice
