SEND within a historical and geographical context so that readers can understand how and why the current SEND policy and practice has developed as it has. She considers assessment and planning in relation to both informal and standardised approaches and offers ways to engage with young people's peers and families' views and experiences. Wearmouth focuses on ways to understand, assess and address the most common forms of SEND: literacy and numeracy difficulties and behavioural concerns related to social, emotional and mental health. She discusses how ICT might be used to include young people with various degrees of difficulty in learning and explores professional relationships and partnership work with parents and families. Throughout this engaging guide, readers are supported with clear questions of focus for each chapter and within each chapter exemplars and vignettes and reflective and discussion activities for individuals and groups can be found to enable them to consider their own practice to ensure that all young people can learn effectively in their classrooms. The supportive companion website provides a wealth of further reading resources. *Manual of Dietetic Practice* Joan Gandy, 2019-08-26
