SCHMIDT, 2020-01-13 When it comes right down to it the Bible doesnt really tell us much about resurrection This is hardly surprising because the gospel writers are trying to make sense of a story that well doesnt really make sense at least not to a rational mind This has led people to a variety of positions that roughly fall somewhere between two extremes Of course Jesus never rose from the dead people dont do that Anyone who says so is crazy or Jesus rose physically from the dead and appeared to lots of people and you must believe this or you are going to hell While most people lie somewhere between these two positions they may not be sure just where exactly nor are they always sure that they are allowed to be where they think they are To put that another way many people who understand themselves to be Christian struggle to accept the idea that Jesus physically rose from the dead but are afraid to say so This guide does not set out to prove or disprove that Jesus physically rose on Easter Sunday Instead it invites participants to engage with the biblical stories of Christs resurrection to

try to understand what the gospel writers meant to tell us what they wanted us to take from these stories After all they did not set out to prove a point of history they wrote them down because these stories had transformed their own lives and the lives of many others at the time Hopefully reading and exploring these stories can enhance our lives too Ultimately how we experience Christ today is what matters not what might have happened 2 000 years ago

**Easter — The Rest of the Story** Rick Renner, **The Case for Christmas and the Case for Easter Study Guides with DVD** Lee Strobel, 2018-11-20

Bestselling author Lee Strobel examines how we can know the biblical accounts of Jesus' resurrection are accurate by objectively looking at the evidence surrounding Jesus' death the evidence of the empty tomb and the evidence of the many witnesses who saw him alive after his crucifixion

**The Case for Easter Study Guide** Lee Strobel, 2018 In his bestselling book *The Case for Christ* Lee Strobel retraced his spiritual journey from atheism to faith by showing how the evidence he obtained from experts in the field of history archaeology and ancient manuscripts led him to the verdict that Jesus truly was the Son of God Now in this four week study for Easter DVD digital downloads sold separately Lee investigates the story surrounding the resurrection of Jesus and how we can know that it is true In each session he will explore the following aspects of the Easter story What the Gospel accounts actually say about Jesus' death and resurrection how we can reconcile the discrepancies between the accounts and how we can know the biblical accounts are accurate How we can use a technique known as five minimal facts facts on which even skeptical scholars agree are true and medical evidence to build a strong case for Jesus' resurrection What the evidence in the Gospels reveals about the Jesus tomb being empty why the Gospel writers are credible when they make this claim and what this evidence leads us to conclude Who the Bible states witnessed Jesus being alive after the crucifixion how early creeds emerged that stated Jesus was alive and how it's clear the early church carried on this teaching *The Case for Easter* invites participants to examine the evidence for themselves and consider whether the story of Jesus' resurrection makes sense It will point them to the inescapable conclusion that led Lee

**Christians** Donald Schmidt,2020-01-10 So what really happened that first Easter Sunday The simple answer is that no one knows only a problem if one is trying to prove that each of the stories is factually accurate If we suspend that attempt for a moment and read the Easter stories in the gospels for what they are profound statements of faith we may discover something much more powerful and lasting Few stories in the entire pantheon of literature evoke as much emotion as the gospel accounts of the resurrection of Jesus For many Christians these are the quintessential texts the ones that define Christianity their personal faith and the whole of human existence That s a lot to put onto a few simple stories When using this study therefore it will be helpful to have a sense of where participants are coming from Are they a mixed group with ideas that are all over the theological map Do they tend to approach the stories as metaphor and take the stance that the resurrection could not possibly have happened Do they take it literally and believe that things must have happened exactly as they are recorded Do they feel that there is some point to reading these stories even though they leave us with more questions than answers People s ideas may differ slightly or greatly and that s okay The point of doing this study is not so that everyone comes out with the same belief nor is it to convince anyone at any time that they must believe one thing or another The purpose of this study is to explore these powerful faith stories so that they might in turn inform and enhance our daily living **Divine**
