*A Thematic Access-Oriented Bibliography of Jesus's Resurrection* Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort *A Thematic Access Oriented Bibliography of Jesus's Resurrection* addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Poems articles and stories deal with the meaning spirit and customs of Easter *The Survival of Easter Island* Jan J.  
Boersema,2015-04-13 In this book Jan J Boersema reconstructs the ecological and cultural history of Easter Island and  
critiques the hitherto accepted theory of the collapse of its civilization The collapse theory advanced most recently by Jared  
Diamond and Clive Ponting is based on the documented overexploitation of natural resources particularly woodlands on  
which Easter Island culture depended Deforestation is said to have led to erosion followed by hunger conflict and economic  
and cultural collapse Drawing on scientific data and historical sources including the shipping journals of the Dutch merchant  
who was the first European to visit the island in 1722 Boersema shows that deforestation did not in fact jeopardize food  
production and lead to starvation and violence On the basis of historical and scientific evidence Boersema demonstrates how  
Easter Island society responded to cultural and environmental change as it evolved and managed to survive

Remembering 1916 Richard S. Grayson,Fearghal McGarry,2016-03-03 A pioneering analysis of how the Easter Rising and  
the Battle of the Somme have been remembered in Ireland since 1916 **The Rising (New Edition)** Fearghal  
McGarry,2016-01-21 The Easter Rising of 1916 not only destroyed much of the centre of Dublin it changed the course of Irish  
history But why did it happen What was the role of ordinary people in this extraordinary event What motivated them and  
what were their aims These basic questions continue to divide historians of modern Ireland The Rising is the story of Easter  
1916 from the perspective of those who made it focusing on the experiences of rank and file revolutionaries Fearghal  
McGarry makes use of a unique source that has only recently seen the light of day a collection of over 1 700 eye witness  
statements detailing the political activities of members of Sinn F in and militant groups such as the Irish Republican  
Brotherhood This collection represents one of the richest and most comprehensive oral history archives devoted to any  
modern revolution providing new insights on almost every aspect of this seminal period The Rising shows how people from  
ordinary backgrounds became politicized and involved in the struggle for Irish independence McGarry illuminates their  
motives concerns and aspirations highlighting the importance of the Great War as a catalyst for the uprising He concludes by  
exploring the Rising s revolutionary aftermath which in time saw the creation of the independent state we see today This  
edition includes a new preface which reflects on the continuing importance of the Easter Rising as a symbol of Irish  
nationhood and which looks at the 2016 centenary commemorations in both Ireland and the UK within the wider context of  
the Decade of Centenaries *The Rising (Centenary Edition)* Fearghal McGarry,2016-01-21 The Easter Rising of 1916 not

Heartfield, Kevin Rooney, 2015-11-27 One hundred years ago Easter 1916 Irish revolutionaries rose against the British Empire proclaiming a Republic from the steps of the General Post Office in Dublin The men and women of the Easter Rising were defeated by the overwhelming force of the British Army in five days of intense fighting Their leaders were executed But the Easter Rising lit a fire that ended with the whole country turning against Westminster's rule and founding a nation But today the heirs to the Irish state are embarrassed about 1916 They are ashamed that their state owes its origins to a revolution Along with academics and other commentators in the press and on television they dismiss the Rising as the work of violent fanatics and the defeat of constitutional politics Who's Afraid of the Easter Rising explains why today's Dublin elite are recoiling from the origins of their state in a popular struggle Where the critics paint the Rising as an armed conspiracy we explain that it was in fact a revolt against war not a militaristic upsurge but the first challenge to the awful slaughter of the First World War The Statesmen of Europe sacrificed millions upon the altar of war Their recruiting sergeants in Ireland Edward Carson and John Redmond sent 200 000 Irishmen into the slaughter and nearly 50 000 were killed The Easter Rising drew a halt to British recruitment and the blow to the Empire was the first crack in a growing revolt against the war followed by the Russian Revolution in 1917 and the German revolution the following year which ended the conflict The Easter Rising was an inspiration to those who were challenging the Empires of Europe from India to Vietnam from New Zealand to Moscow it was an inspiration to British activists like John Maclean and Sylvia Pankhurst and it was an inspiration to the Irish men and women who rose up against British rule to free their nation *The Voyage of Captain Don Felipe González to Easter Island, 1770-1* Bolton Glanvill Corney, 2015-10-22 Published in 1908 English translations of first hand accounts by the first
