Ebonics New Perspectives On Language And Education:

Ebonics David J Ramirez, Terrence Wiley, Gerda de Klerk, Enid Lee, Wayne E. Wright, 2005-03-22 Controversy erupted in 1996 when the Oakland Unified School District's Ebonics Resolution proposed an approach to teaching Standard English that recognized the variety of English spoken by African American students. With new demands for accountability driven by the No Child Left Behind policy and its emphasis on high stakes testing in Standard English, this debate will no doubt rise again. This book seeks to better inform this next episode. In Part 1, leading scholars place the debate within its historical and contemporary context, provide clear explanations of what Ebonics is and is not, and offer practical approaches schools can and should follow to address the linguistic needs of African American students. Part 2 provides original documents that accompanied the debate, including the original resolutions, legislation, organization position papers, and commentary analyses from leading linguists. This book is written for all those whose work impacts the lives of Ebonics speakers in our public schools. **Ebonics: The Urban Education Debate (New Perspectives on Language and Education)** Gerda De Klerk, ,

Ebonics J. David Ramirez, 2005-01-01 This collection of papers, comments, and documents traces the distant and recent history of the Ebonics debate in the USA. The book examines how, despite increasing access to public education over the past century, schools continue to impose language standards and expectations on children that methodically privilege some while disadvantaging others. **Social Actions for Classroom Language Learning** John Hellermann, 2008-01-01 Based on socio-cultural approaches to research on language learning and classroom video recordings, this book documents language

learning as an epiphenomenon of peer face-to-face interaction. This book provides web links so the reader can see the data from the classroom that is the subject of the analyses. **Heavenly Readings** Andrey Rosowsky, 2008 This ethnographic study investigates for the first time in any significant depth the literacy practices associated with the religion of Islam as they are shaped, lived, and experienced within a typical Muslim community in the United Kingdom. It seeks to counterbalance prevailing views on such practices which have often been misrepresented and misunderstood. **Sociopolitical**

Perspectives on Language Policy and Planning in the USA Thom Huebner, Kathryn Anne Davis, Joseph Lo Bianco, 1999 In the third part, some practical issues are raised by looking into the role of language and culture in teaching reading. Foreign language policy in higher education, Hawaiian language renaissance, and gender neutralization in American English. **BOOK**

JACKET Language Teacher Identities Matthew Clarke, 2008 This book explores the development of the first cohort of students to complete a new Bachelor of Education in English language teaching in the United Arab Emirates, theorizing the students' learning to teach in terms of the discursive construction of a teaching identity within an evolving community of practice. **Social Context and Fluency in L2 Learners** Lynda Pritchard Newcombe, 2007 The focus in this book is on learners' experiences using Welsh outside class, but the issues discussed have implications for a wide range of other situations where the population is bilingual or multilingual and interaction takes place in a language of wider communication. A
