The Leader's Bookshelf Martin Cohen,2020-10-09 Which books inspired some of the world s most successful people and why Come on a journey of literary exploration and find out how books can impact your life It turns out that the life stories of many famous people start out with a particular book that inspired them when young Here Martin Cohen explores the lives of some remarkable people inventors scientists business gurus and political leaders and the books that have challenged inspired and influenced them And so exploring the ideas dreams and inspirations that this diverse group shared is at the heart of this book too Inspiration in particular is the thread that ties together individuals with characters and backgrounds as diverse as Jane Goodall and Barack Obama Malcolm X and Judge Clarence Thomas Oprah Winfrey and Malala Yousafzai Rachel Carson and Frans Lanting Often behind many tales of achievement lies much more than a collection of smart tactics There are beliefs and values that guide many a grand strategy too And the strategies are often very different which if you think about it shouldn t come as a surprise If there really were just one recipe for success well everyone would be using it already No the thing that unifies these disparate approaches is that they all provided for their owners a kind of conceptual grid onto which a wide range of day to day creative scientific or business practices are able to develop and grow For Sergey Brin and Larry Page the founders of Google for example the grid was Charles Darwin s notions of natural mutation and iteration With Henry Ford the man who pioneered the method of the assembly line the grid was an obscure ethereal theory of life as a sequence of

reincarnations And for both Oprah Winfrey and Steve Jobs the grid was existentialist ideas about the pursuit of authenticity In all these cases a grand indeed often philosophical theory meshed perfectly with a practical business strategy All of these remarkable people and the books that most inspired them are explored in this book **Owning Up** Rosalind Wiseman, 2020-06-24 Foster dignity and respect and combat youth aggression As middle school students adjust to tougher academics they also find themselves introduced to increasingly complex social situations including conflicts on social media racism anxiety and bullying and the choices they make can have repercussions far beyond the classroom But they are not alone This new edition from bestselling author and Cultures of Dignity co founder Rosalind Wiseman is packed with the latest research based strategies reviewed by high school and middle school students and revised to include all that she has learned while working over decades with young people Owning Up has helped teachers counselors and leaders give students the tools they need to own up and take responsibility as perpetrators bystanders and targets for unethical behavior and to treat themselves and others with dignity This bigger comprehensive edition features Three flexible dynamic curricula separated by grade A new chapter on successfully implementing a social and emotional learning program in every school More games role playing activities and provocative discussion questions to use in co ed or single sex groups Even more lessons and resources updated to address social media bystanding and how young people can develop strong healthy relationships with adults Designed for use both in school and out Owning Up helps prevent many of the common issues young people face and promotes friendships in these critical years As educators we must enlist the people who can make a real difference the students
