The Offensive Art Leonard Freedman, 2008-11-30 *The Offensive Art* is an arch and sometimes caustic look at the art of political satire as practiced in democratic monarchical and authoritarian societies around the world over the past century together with the efforts by governmental religious and corporate authorities to suppress it by censorship intimidation policy and fatwa Examples are drawn from the full spectrum of satiric genres including novels plays verse songs essays cartoons cabarets and revues movies television and the Internet The multicultural and multimedia breadth and historical depth of Freedman s comparative approach frames his novel assessment of the role of political satire in today s post 9 11 world and in particular the cross
