**Dorothy Wordsworth and Romanticism**, rev. ed. Susan M. Levin, 2009-08-20 Like her more famous brother William Dorothy Wordsworth was also an important writer Yet her work has found a wide readership only in recent years Appearing in 1987 the first edition of this book was the first full length scholarly study of the author and was also the first to collect her poems discovered at Dove cottage and in other libraries This new edition adds critical readings based on the latest research into Wordsworth s life and work and will further the argument for her place among the important writers of Romanticism

**Dorothy Wordsworth and Hartley Coleridge** N. Healey, 2012-04-05 This book provides a reassessment of the writings of Hartley Coleridge and Dorothy Wordsworth and presents them in a new poetics of relationship re evaluating their relationships with William Wordsworth and Samuel Taylor Coleridge to restore a more accurate understanding of Hartley and Dorothy as independent and original writers

**William and Dorothy Wordsworth** Lucy Newlyn, 2013-09-12 William Wordsworth s creative collaboration with his beloved Sister spanned nearly fifty years from their first reunion in 1787 until her premature decline in 1835 Rumours of incest have surrounded the siblings since the 19th century but Lucy Newlyn sees their cohabitation as an expression of deep emotional need arising from circumstances peculiar to their family history Born in Cockermouth and parted when Dorothy was six by the death of their mother the siblings grew up separately and were only reunited four years after their father had died leaving them destitute How did their orphaned consciousness shape their understanding of each other What part did traumatic memories of separation play in their longing for a home How fully did their re settlement in the Lake District recompense them for the loss of a shared childhood Newlyn shows how William and Dorothy s writings closely intertwined with their regional affiliations were part of the lifelong work of jointly re building their family and re claiming their communal identity Walking talking remembering and grieving were as important to their companionship as writing and at every stage of their adult lives they drew nourishment from their immediate surroundings This is the first book to bring the full range of Dorothy s writings into the foreground alongside her brother s and to give each sibling the same level of detailed attention Newlyn explores the symbiotic nature of their creative processes through close reading of journals letters and poems sometimes drawing on material that is in manuscript She uncovers detailed interminglings in their work approaching these as evidence of their deep affinity The book offers a spirited rebuttal of the myth that the Romantic writer was a solitary genius and that William Wordsworth was a poet of the egotistical sublime arguing instead that he was a poet of community carrying everywhere with him relationship and love Dorothy is not presented as an undervalued or exploited member of the Wordsworth household but as the poet s equal in a literary partnership of outstanding importance Newlyn s book is deeply researched drawing on a wide range of recent scholarship not just in Romantic studies but in psychology literary theory anthropology and life writing Yet it is a personal book written with passion by a scholar poet and intended to be of some practical use and inspirational value to non specialist readers

Adopting a holistic approach to mental and spiritual health human relationships and the environment Newlyn provides a timely reminder that creativity thrives best in a gift economy

**Nineteenth Century Prose**, 2011 **Lacework or Mirror? Diary Poetics of Frances Burney, Dorothy Wordsworth and Mary Shelley** Magdalena Ożarska, 2014-01-08 Lacework or Mirror Diary Poetics of Frances Burney

Dorothy Wordsworth and Mary Shelley sets out to determine whether each of the diaries by three female writers namely Frances Burney Dorothy Wordsworth and Mary Shelley approximates the Philippe Lejeunean concept of the diary as lacework or the more sweeping view typical of the broadly conceived autobiography which Georges Gusdorf famously likened to the mirror The author explores Burney s Wordsworth s and Shelley s attempts at concealing the gaps between their narrating and narrated I s as well as examining their diary lacunae especially helpful for illustrating the gradual emergence of the diarists individual selves Broader issues connected with diary poetics such as the use of metaphors and symbols the degree of reliance on dialogue and ensuing narrativity down to handling the past by means of anachronous eccentricities are also subject to examination The study is based on the assumption that the journal is a literary genre which can be investigated with tools routinely used for the examination of literary texts Yet beyond the issues of literariness in accordance with Philippe Lejeune s dictum the three journals reveal the writers diaristic practices In fact it seems that issues of the journal genre and the journal practice cannot be divorced and neither can their lacework and mirror aspects British Romanticism and the Literature of Human Interest Mai-Lin Cheng, 2017-12-22 British Romanticism and the Literature of Human Interest explores the importance to Romantic literature of a concept of human interest It examines a range of literary experiments to engage readers through subjects and styles that were at once interesting and that in principle were in their interest These experiments put in question relationships between poetry and prose lyric and narrative and literature and popular media The book places literary works by a range of nineteenth century writers including William and Dorothy Wordsworth Thomas De Quincey Samuel Taylor Coleridge Mary and Percy Shelley Lord Byron and Matthew Arnold into dialogue with a variety of non literary and paraliterary forms ranging from newspapers to footnotes The book investigates the generic structures of Romantic literature and the negotiation of the status of literature in the period in relation to a new media landscape It explores the self theorization of Romantic literature and argues for its value to contemporary literary criticism **The Routledge Companion to Romantic Women Writers** Ann R. Hawkins, Catherine S. Blackwell, E. Leigh Bonds, 2022-12-30 The Routledge Companion to Romantic Women Writers overviews critical reception for Romantic women writers from their earliest periodical reviews through the most current scholarship and directs users to avenues of future research It is divided into two parts The first section offers topical discussions on the status of provincial poets on women s engagement in children s literature the relation of women writers to their religious backgrounds the historical backgrounds to women s orientalism and their engagement in debates on slavery and abolition The second part surveys the life and careers of individual women some 47 in all with sections for biography biographical resources works modern editions archival holdings critical reception and avenues for further research The final sections of each essay offer further guidance for researchers including Signatures under which the author published and a List of Works accompanied whenever possible with contemporary prices and publishing formats To facilitate research a robust Works Cited includes all texts mentioned or
