Dostoyevsky's Critique of the West Bruce K. Ward,2010-10-30 Not much attention has been given to Dostoyevsky's concern with the crisis of the modern West although allusions to almost every aspect of Western civilization including the political economic and social dimensions are present in his literary works and abound in his secondary writings This book points the way to a better understanding of the apparent contradiction between Dostoyevsky's concern with the highest reaches of human spirituality and at the same time with the most detailed developments in domestic and international politics Ward argues that the apparent polarization of religious thought and political analysis of the West are held together for Dostoyevsky in his search for the best human order He demonstrates not only that Dostoyevsky's observations about the West constitute a coherent critique intimately related to the deepest aspects of his thought but also that these can be rendered more systematic and explicit What results is an incisive account of both the religious and the political thought of Dostoyevsky which helps clarify what Dostoyevsky can teach us about the modern situation of the Western world and about the problem of human order in general for as the author states it was Dostoyevsky's great virtue as a thinker always to see the pressing issues of his particular time and place in the light of the everlasting problems **Dostoevsky** Joseph Frank,1986 Begins with the writer's return to St Petersburg after a ten year Siberian exile Having met with sudden fame as the highly praised young author of *Poor Folk* in 1845 Dostoevsky was abruptly forgotten after his arrest and exile for political conspiracy He came back to the capital determined to reestablish his literary reputation Now as the editor of and writer for two literary journals that joined in the cultural and social ferment of Russia in the early 1860s Dostoevsky was to discover the themes that would underlie his mature masterpieces **Dostoevsky and the Epileptic Mode of Being** Paul Fung,2017-07-05 For Fyodor Dostoevsky 1821-81 who lived with epileptic seizures for more than thirty years illness is an ineradicable part of existence Epilepsy in his writings denotes both a set of physical symptoms and a state of survival in which the protagonists incessantly try to articulate theorize or master what is ungraspable in their everyday experience Their attempts to deal with what they cannot control or comprehend results in disappointment or what Dostoevsky called a mystical terror Dostoevsky's heroes are unable fully to understand this state and their existence becomes epileptic in so far as self knowledge and self coincidence are never achieved Fung explores new critical pathways by reexamining five of Dostoevsky's post Siberian novels Drawing on insights from writers including Benjamin Blanchot Freud Lacan and Nietzsche the book takes epilepsy as a trope for discussing the unspeakable moments in the texts and is intended for students and scholars who are interested in the subject of modernity critique of the visual and dialogues between philosophy and literature Paul Fung is Assistant Professor in English at Hang Seng Management College Hong Kong

Dostoevsky and the Catholic Underground Elizabeth A. Blake, 2014-04-30 While Dostoevsky's relation to religion is well trod ground there exists no comprehensive study of Dostoevsky and Catholicism Elizabeth Blake's ambitious and learned *Dostoevsky and the Catholic Underground* fills this glaring omission in the scholarship Previous commentators have traced a wide ranging hostility in Dostoevsky's understanding of Catholicism to his Slavophilism Blake depicts a far more nuanced picture Her close reading demonstrates that he is repelled and fascinated by Catholicism in all its medieval Reformation and modern manifestations Dostoevsky saw in Catholicism not just an inspirational source for the Grand Inquisitor but a political force an ideological wellspring a unique mode of intellectual inquiry and a source of cultural production Blake's insightful textual analysis is accompanied by an equally penetrating analysis of nineteenth century European revolutionary history from Paris to Siberia that undoubtedly influenced the evolution of Dostoevsky's thought

Archetypes from Underground Lonny Harrison, 2016-05-17 Archetypes from Underground Notes on the Dostoevskian Self uncovers archetypal imagery in Dostoevsky's stories and novels and argues that archetypes bring a new dimension to our understanding and appreciation of his works In this interdisciplinary study Harrison analyzes selected texts in light of fresh research in Dostoevsky studies cultural history comparative mythology and depth psychology He argues that one of Dostoevsky's chief concerns is the crisis of modernity and that he dramatizes the conflicts of the modern self by depicting the dynamic transformative nature of the psyche Harrison finds the language and imagery of archetypes in Dostoevsky's characters symbols and themes and shows how these resonate in remarkable ways with the archetypes of self persona and the shadow He demonstrates that major themes in Dostoevsky coincide with Western esotericism such as the complementarity of opposites transformation and the symbolism of death and resurrection These arguments inform a close reading of several of Dostoevsky's texts including *The Double* *Notes from Underground* and *The Brothers Karamazov* Archetypes inform these works and others bringing vitality to Dostoevsky's major characters and themes This research represents a departure from the religious and philosophical questions that have dominated Dostoevsky studies This work is the first sustained analysis of Dostoevsky's work in light of archetypes framing a topic that calls for further investigation

Archetypes illumine the author's ideas about Russian national identity and its faith traditions and help us redefine our understanding of Russian realism and the prominent place Dostoevsky occupies within it **Dostoevsky** Grant Walker Broadhurst, William Collen, Mary Lou Cornish, Awara Fernandez, John Givens, Sojourna Howfree, Matthew Lilly, Christy Luis, Brian Melton, Patricia Newberry, Josiah Peterson, Theresa Pihl, George Scondras, Thomas Sims, Katie Windham, Clark Weidner, Joshua Jo Wah Yen, 2023-12-22 Dostoevsky Sober Hope Finding Faith in the Bleak Midwinter As winter descends to end the year 2023 it is a time for contemplation a time to revel in the joys and find balm for the woes of the past year a time to find the courage to hold on and the hope to thrive in the new year Fyodor Dostoevsky 1821 1881 faced his own bleak and Russian winters from childhood play amongst the impoverished at his father's medical clinic to a last minute reprieve from the Tsar's firing squad for discussing banned books followed by ten years of prison camp and military service in exile While his novels such as Crime Punishment and The Brothers Karamazov demonstrate human depravity they also give glimmers of grace love and beauty which have made him one of the most beloved novelists of all time It is our hope that as you find time to relax during the holiday season making it a habit for the new year that you will find these discussions deeply meaningful Awaiting for you within are discussions of his characters from novels and short stories alike Dostoevsky inspired poems and reviews of films books and even contemporary music which reflect the light and warmth he dared to find in his own bleak winter CONTRIBUTORS Dostoevsky for Our Times by Editorial introduction by Seth Myers DOSTOEVSKY THE FUNDAMENTALS Dostoevsky the Culturally Active Christian by William Collen Dostoevsky's Narrative of Unbelief From Psychology to Theology by John Givens Underground Apologetics by George Scondras A Midterm in Russian Literature by Tom Sims THE BROTHERS KARAMAZOV The Brothers Karamazov and the Existential Problem of Atheism by Josiah Peterson Fifty Shades of Bleak The Karamazov Principle Explored by Matthew Lilley Dear Kind God A Divine Dilemma by Grant Walker Broadhurst THE IDIOT Beauty in Tragedy The Idiot Dostoevsky and Eucatastrophe by Clark Weidner Interpreting Prince Myshkin The Idiot by Joshua Jo Wah Yen CRIME AND PUNISHMENT What Would I Be Without God by Sojourna Howfree By Their Fruit An Allegorical Tale by Brian Melton SHORT STORIES AND POEMS Crazy Love The Action and Call of Grace in Dostoevsky's The Dream of the Ridiculous Man by Theresa Pihl The Heart of Christ and Dostoevsky's The Christmas Tree and a Wedding by Christy Luis 2057 Carnot Street by Patricia Newberry Another Magi's Journey by Awara Fernandez Necropolis and the Soul's Well by Katie Windham REVIEWS From Literature to Film Adapting Dostoevsky's Works by Mary Lou Cornish Soul Survival Kit Tolstoy and Dostoevsky by Seth Myers Dostoevsky Man About Town Gulags Muscovite Gentlemen and Murakami by Seth Myers Review of James Scanlan's Dostoevsky the Thinker by Seth Myers Dostoevsky in Midnights Metropolis Midnights Anti Hero and Marvel ous Heroes by Seth Myers Volume 6 Issue 4 Advent 2024 330 pages Cover Image Riz Crescini *Dostoevsky's The Brothers Karamazov* Julian W Connolly, 2013-02-14 Fyodor Dostoevsky's The Brothers Karamazov is unquestionably one of the greatest works of world literature With its dramatic portrayal of a Russian family in

crisis and its intense investigation into the essential questions of human existence the novel has had a major impact on writers and thinkers across a broad range of disciplines from psychology to religious and political philosophy This proposed reader's guide has two major goals to help the reader understand the place of Dostoevsky's novel in Russian and world literature and to illuminate the writer's compelling and complex artistic vision The plot of the novel centers on the murder of the patriarch of the Karamazov family and the subsequent attempt to discover which of the brothers bears responsibility for the murder but Dostoevsky's ultimate interests are far more thought provoking Haunted by the question of God's existence Dostoevsky uses the character of Ivan Karamazov to ask what kind of God would create a world in which innocent children have to suffer and he hoped that his entire novel would provide the answer The design of Dostoevsky's work in which one character poses questions that other characters must try to answer provides a stimulating basis for reader engagement Having taught university courses on Dostoevsky's work for over twenty years Julian W Connolly draws upon modern and traditional approaches to the novel to produce a reader's guide that stimulate the reader's interest and provides a springboard for further reflection and study

Christ's Subversive Body Olga V. Solovieva, 2017-11-15 *Christ's Subversive Body* offers a fascinating exploration of six historical examples of politically or culturally subversive usages of the body of Christ Shining a light on the enabling potential of religious rhetoric Solovieva examines how in moments of crisis or transition throughout Western history the body of Christ has been deployed in a variety of discourses including recent neo and theoconservative movements in the United States Solovieva's survey includes the iconoclastic polemics of Epiphanius at the moment of struggles for supremacy between the Roman state and the Christian church the mystical theologico political alchemy of an anonymous treatise circulated at the Council of Constance Lavater's counter Enlightenment visions of the afterlife expressed through physiognomy Dostoevsky's refashioning of ethical communities Pier Paolo Pasolini's attempts to provoke the scandal of Jesus's mission once more in the modern world and the elaboration of a political theology subordinating democratic dissent to the higher unity of a corporately conceived unitary executive in early twenty first century America Solovieva presents her findings not as an entry into theological or Christological debates but rather as a study in comparative discourse analysis She demonstrates how these uses of Christ's body are triggered by moments of epistemological political and representational crisis in the history of Western civilization
