Dostoevsky And The Affirmation Of Life:

Dostoevsky and the Affirmation of Life Predrag Cicovacki, 2017-07-12 Dostoevsky's philosophy of life is unfolded in this searching analysis of his five greatest works *Notes from the Underground* *Crime and Punishment* *The Idiot* *The Possessed* and *The Brothers Karamazov*. Predrag Cicovacki deals with a fundamental issue in Dostoevsky's opus neglected by all of his commentators: How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality? This work displays the vital significance of Dostoevsky's philosophy for understanding the human condition in the twenty-first century. The main task of this insightful effort is to reconstruct and examine Dostoevsky's aesthetically motivated affirmation of life based on cycles of transgression and restoration. If life has no meaning as his central figures claim, it is absurd to affirm life and pointless to live. Since Dostoevsky's doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism, the central question of this book: whether Dostoevsky can overcome the skepticism of his most brilliant creation, is innately relevant. This volume includes a thorough literary analysis of Dostoevsky's texts; yet even those who have not read all of these novels will find Cicovacki's analysis interesting and enthralling. The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage.

Dostoevsky's Spiritual Art George Panichas, 2017-09-04 Fyodor Dostoevsky's highest and most permanent achievement as a novelist lies in his exploration of man's religious complex, his world, and his fate. His primary vision is to be found in his last five novels: *Crime and Punishment*, *The Idiot*, *The Devils*, *A Raw Youth*, and *The Brothers Karamazov*. This volume culminates twenty years of studying, teaching, and writing on Dostoevsky. Here George A. Panichas critically analyzes the religious themes and meanings of the author's major works. Focusing on the pervasive spiritual consciousness at play, Panichas views Dostoevsky not as a religious doctrinaire but as a visionary whose five great novels constitute a sequential meditation on man's human and superhuman destiny.

Dostoevsky's Incarnational Realism Paul J. Contino, 2020-08-17 In this book Paul Contino offers a theological study of Dostoevsky's final novel *The Brothers Karamazov*. He argues that incarnational realism animates the vision of the novel and the decisions and actions of its hero, Alyosha Fyodorovich Karamazov. The book takes a close look at Alyosha's mentor, the Elder Zosima, and the way his role as a confessor and his vision of responsibility to all for all develops and influences Alyosha. The remainder of the study, which serves as a kind of reader's guide to the novel, follows Alyosha as he takes up the mantle of his elder, develops as a monk in the world, and at the end of three days ascends in his vision of Cana. The study attends also to Alyosha's brothers and his ministry to them; Mitya's struggle to become a new man; and Ivan's anguished groping toward responsibility. Finally, Contino traces Alyosha's generative role with the young people he encounters and his final message of hope.

Dostoevsky and His Creation; a Psycho-critical Study Janko Lavrin, 1920 *The Varieties of Atheism* David Newheiser, 2022-12-09 The conversation around atheism is still dominated by the strident and combative voices of figures like Sam Harris, Richard Dawkins, Daniel Dennett, and the now deceased Christopher Hitchens. In

bestselling books prominent columns and widely viewed lectures these commentators have claimed that religion is irrational unscientific morally corrosive and something that must be actively opposed Those who have tried to defend religion against these criticisms have tended to reproduce the idea that religion and atheism are competing theories about belief in divine beings But defining atheism narrowly in terms of belief makes it into an abstraction that misrepresents atheism as it actually exists There are other ways to imagine atheism and *The Varieties of Atheism* performs that imaginative work This collection offers an expansive account of atheism's diversity exploring what it has meant in the past and what it can mean in the future The essays highlight the contingency and ambivalence of basic categories like atheism and religion which are marked by the history of post Enlightenment debates over Judaism and Christianity The essays in this collection trace key themes and figures in these debates in conversation with early modern philosophy medieval theology and contemporary theory By clarifying the complex lines of affinity and tension between particular atheists and particular religious traditions *The Varieties of Atheism* opens new avenues for the study of secularity

The Russian Idea. Dostoevsky's Worldview Nikolay Alexandrovich Berdyaev,

Dostoevsky's Convictional Theology Expressed in His Life and Literature Dumitru Sevastian, 2021-03-12 Fyodor Dostoevsky was not a theologian and his books are not books of theology However there is a living way that emerges from the study of his life and work convictions made manifest in the details of his own life and the lives of his characters Utilizing James William McClendon's conception of biography as theology Dr Dumitru Sevastian explores the lived convictions that emerge from three distinct periods in Dostoevsky's life the pre Siberian Siberian and post Siberian each represented by one of his novels *The Poor Folk* *The House of the Dead* and *The Brothers Karamazov* What emerges is a powerful expression of faith formed in community and tempered in suffering an example relevant to all Christians seeking to model their lives and relationships on the dying and resurrected Christ

Dostoevsky's Crime and Punishment Robert Guay, 2019-04-26 The gruesome double murder upon which the novel *Crime and Punishment* hinges leads its culprit Raskolnikov into emotional trauma and obsessive destructive self reflection But Raskolnikov's famous philosophical musings are just part of the full philosophical thought manifest in one of Dostoevsky's most famous novels This volume uniquely brings together prominent philosophers and literary scholars to deepen our understanding of the novel's full range of philosophical thought The seven essays treat a diversity of topics including language and the representation of the human mind emotions and the susceptibility to loss the nature of agency freedom and the possibility of evil the family and the failure of utopian critique the authority of law and morality and the dialogical self Further authors provide new approaches for thinking about the relationship between literary representation and philosophy and the way that Dostoevsky labored over

intricate problems of narrative form in *Crime and Punishment* Together these essays demonstrate a seminal work's full philosophical worth a novel rich with complex themes whose questions reverberate powerfully into the 21st century

Thriving in Babylon David B. Capes, J. Daryl Charles, 2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A J Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction This festschrift as esteemed theologian and Conyers's mentor Jurgen Moltmann indicates in the foreword is intended to mirror Conyers's own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper specialization with the greatest of ease He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the Enlightenment or the fatherhood of God Catholic substance or Protestant reform Yet Conyers always did this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co-opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward fulfilling the message and hope of Conyers' life and work to faithfully thrive in Babylon

The Affirmations of Reason Sigurd Baark, 2018-01-08 This book examines the speculative core of Karl Barth's theology reconsidering the relationship between theory and practice in Barth's thinking A consequence of this reconsideration is the recognition that Barth's own account of his theological development is largely correct Sigurd Baark draws heavily on the philosophical tradition of German Idealism arguing that an important part of what makes Barth a speculative theologian is the way his thinking is informed by the nexus of self-consciousness reason and freedom which was most fully developed by Kant Fichte and Hegel The book provides a new interpretation of Barth's theology and shows how a speculative understanding of theology is useful in today's intellectual climate

Redeeming the Enlightenment Bruce Ward, 2010-02-15 As we move further away from the historical period known as the Enlightenment it seems the debate about its impact becomes increasingly polarized

Arguments focus on either rejecting or claiming its legacy In this book Bruce Ward contends that the concern should be neither to reject or claim but to see how it can be redeemed Ward sets up a three sided dialogic encounter among primary thinkers and critics of modernity philosophical theological and literary using Rousseau Nietzsche and Dostoevsky to focus the discussion Ward does not neglect other significant thinkers notably Kant Heidegger Tolstoy Charles Taylor Locke Kafka Ren Girard and Martha Nussbaum but uses them to illumine the questions at issue among the primary three Though each chapter of this book can be treated as a relatively independent reflection the book as a whole offers innovative redemption of the Enlightenment values of equality authenticity tolerance and compassion

Dostoevsky's Religion Steven Cassedy, 2005-05-02 Any reader of Dostoevsky is immediately struck by the importance of religion within the world of his fiction That said it is very difficult to locate a coherent set of religious beliefs within Dostoevsky's works and to argue that the writer embraced these beliefs This book provides a trenchant reassessment of his religion by showing how Dostoevsky used his writings as the vehicle for an intense probing of the nature of Christianity of the individual meaning of belief and doubt and of the problems of ethical behavior that arise from these questions The author argues that religion represented for Dostoevsky a welter of conflicting views and stances from philosophical idealism to nationalist messianism The strength of this study lies in its recognition of the absence of a single religious prescription in Dostoevsky's works as well as in its success in tracing the background of the ideas animating Dostoevsky's religious probing
