

Solving Problems - Sharing

Home Learning Challenge

April has 3 rabbits who love eating carrots. He has 6 carrots to share between them. How many carrots will each rabbit have? Draw 3 rabbits and share out the 6 carrots to check.

A squirrel collects 10 nuts to share between her 5 babies. How many nuts will each baby have? Draw the nuts to check.

There are 15 biscuits between your favourite 5 dogs. How many biscuits does each dog have? Is it fair?

Carve an apple into 8 slices. If you shared it equally between yourself and 5 friends, how many slices would you have each?

Make a cake for some friends and share it out. If you cut it into 12 pieces and there are 4 people, how many slices could each person have?

If a packet has 10 sweets in and you share them equally between you and 3 friends, how many will you get each? Draw 10 sweets on a sheet of paper, equally sharing them into the 4 corners of the paper. Count how many are in each corner.

Solving Problems - Doubling

Home Learning Challenge

Joe has 4 spots on one side and 4 spots on the other. How many does she have in total?

Ms. If you found 4 very small worms, how many would you have?

On outside. Collect 3 leaves. How many do you have?

Draw 1 caterpillar on a large leaf. Double the amount. How many caterpillars are there in total? Draw all the caterpillars and count them to check.

Jordan made 4 cupcakes for her class, but she needs to make more. There are double that number of children in her class. How many cupcakes does she need in total? Can you make that many cupcakes?

10 children visit your class for an afternoon. There are usually 10 children in your class but today there are double that amount. How many are there altogether?

Solving Problems - Halving

Home Learning Challenge

Aprilia has 10 cupcakes and ate half of them. How many did she have left? Can you draw the cupcakes Aprilia had left?

Count out 10 sticks or stones. Put half into the soil for animals to hide under and put half in a wooden box at an insect home. How many do you have in the box? How many in the soil?

Write a point on a classroom board. Draw half the point below it. How many are there?

10 cars in a car park at half were driven away. How many are left in the afternoon? If you were, you could walk it out.

There are 12 children in Mrs. Powell's class. Half of the children are girls. How many are girls? How many are boys?

There are 12 footballers on a field and half of them are wearing blue. How many footballers are in red? Draw 12 T-shirts and colour them to check.

Doubling Halving And Sharing Activities Eyfs

Ann Langston,Jonathan Doherty

Doubling Halving And Sharing Activities Eyfs:

Learning Threads for the EYFS Eleanor Hoskins, 2019-02-15 This book presents clear and concise practical activities that are detailed and closely linked to early years specifications and requirements The Learning threads and practical activities in this book embrace early years play and exploration whilst recognising the preparation needed for Key Stage 1 Year 1 The EYFS: A Practical Guide for Students and Professionals Vicky Hutchin, 2013-01-04 Endorsed by CACHE this is the ideal book for you if you are an early years professional a Level 2 or Level 3 child care learner are working in a pre school or are working as a child minder This book will de mystify the revised 2012 Early Years Foundation Stage and show how you can deliver the new EYFS using the best and most effective standards of professional practice Each chapter explains a key theme of the EYFS and follows the same model to ensure ease of reading Understanding this theme Looking at children What the experts say and Effective practice The most important theory and research relating to each aspect of the EYFS is clearly and simply explained and suggestions as to how this can influence effective practice are included Links between child development and the EYFS are demonstrated using carefully analysed observations of children at different ages highlighting not only common themes but also the uniqueness in every child s learning and development Case studies in every chapter provide practical examples of best practice and activities help you reflect on and develop your own practice **The Revised EYFS in practice** Ann Langston, Jonathan Doherty, 2013-05-23 With the new EYFS in its infancy this practical professional development title will take practitioners through the new policies and provide vital information and practical advice on how to implement it effectively With their wealth of experience in the Early Years Ann Langston and Dr Jonathan Doherty have all the expertise to make this an authoritative book that will be useful to anyone involved in Early Years education *Primary Mathematics: Teaching Theory and Practice* Claire Mooney, Mary Briggs, Alice Hansen, Judith McCullouch, Mike Fletcher, 2018-02-12 With full coverage of the theory and practice required for effective and creative mathematics teaching this text is an essential guide for all trainees working towards QTS Qualified Teacher Status *Bringing the Steiner Waldorf Approach to your Early Years Practice* Janni Nicol, 2016-01-12 Have you ever wondered what the Steiner approach is all about where it comes from and how it can be used to benefit the young children in your setting Bringing the Steiner Waldorf Approach to your Early Years Setting is an excellent introduction to this philosophy Janni Nicol clearly explains the history of Steiner Waldorf education the role of play in learning and the key themes of rhythm repetition and reverence with ideas for activities and resources Practical examples throughout the book involving children of different ages in a wide variety of settings allow readers to see the connection between theory and practice This new edition has been fully updated to include Clear comparisons between Steiner practice and the revised Early Years Foundations Stage EYFS requirements A section on the growth of international Steiner settings Information on celebrating festivals and outdoor environments This convenient guide will help Early Years practitioners students and parents to really understand what the Steiner Waldorf approach can

bring to their practice and children

Child Centred Planning in the Early Years Foundation Stage Jo

McEvoy, Samantha McMahon, 2019-05-27 This practical text supports early years students and practitioners to build confidence in planning for learning across all stages of the EYFS and in the many different contexts in which it is delivered

Mathematics and Transition to School Bob Perry, Amy MacDonald, Ann Gervasoni, 2015-01-09 This edited book brings together for the first time an international collection of work focused on two important aspects of any young child's life learning mathematics and starting primary or elementary school The chapters take a variety of perspectives and integrate these two components in sometimes explicit and sometimes more subtle ways The key issues and themes explored in this book are the mathematical and other strengths that all participants in the transition to school bring to this period of a child's life the opportunities provided by transition to school for young children's mathematics learning the importance of partnerships among adults and among adults and children for effective school transitions and mathematics learning and teaching the critical impact of expectations on their mathematics learning as children start school the importance of providing children with meaningful challenging and relevant mathematical experiences throughout transition to school the entitlement of children and educators to experience assessment and instructional pedagogies that match the strengths of the learners and the teachers the importance for the aspirations of children families communities educators and educational organisations to be recognised as legitimate and key determinants of actions experiences and successes in both transition to school and mathematics learning and the belief that young children are powerful mathematics learners who can demonstrate this power as they start school In each chapter authors reflect on their work in the area of mathematics and transition to school place that work within the overall context of research in these fields predict the trajectory of this work in the future and consider the implications of the work both theoretically and practically

Planning for Learning through

Celebrations and Festivals Rachel Sparks Linfield, 2021-04-12 Celebrations and Festivals is part of the very popular and established Planning for Learning series through series which aims to make planning in the Early Years Foundation Stage practical easy and cost effective There are six weeks of planning around six different themes Each theme includes two activities linked to the areas of learning to develop children's skills across the Curriculum The themes cover Celebrating diversity Special food and clothes Card lights and decorations Music festivals around the world

Understanding Early Years Education across the UK Diane Boyd, Nicky Hirst, 2015-09-07 The four nations of the UK each have distinctive policy and curricula in relation to Early Childhood Education and Care ECEC This new textbook offers a comprehensive look at early years education in England Northern Ireland Scotland and Wales bringing the curriculum frameworks for each country together in one place Drawing on the cultural and practical pedagogy of each curriculum this book aims to develop students understanding of the development care education health well being and upbringing of young children across the UK in a social pedagogical and policy context Divided into two sections the first examines each country's learning and teaching

requirements in detail within a policy context The book then explores the similarities and differences between the curricula focusing on key areas such as play the indoor and outdoor learning environment the family and assessment Accessible and engaging this book will help students to analyse and question practice both in their own country and across all four Home Nations Features include case studies to illustrate practice and a frequently asked questions section in each chapter to clarify key points and opportunities for reflection and debate Including contributions from expert practitioners in each country this text is essential reading for all students studying early childhood and will help them to understand the impact of policy on children and families across the UK

Teaching Languages in the Primary School Philip Hood, Kristina Tobutt, 2015-01-19 Languages are now a more important part of primary education than ever before and all successful primary teachers need to understand the principles that support good language teaching and learning This second edition provides a coherent overview of teaching and learning languages combining practical strategies for use in the classroom with engaging coverage of how to teach informed by academic research and theory Key features of this new edition Fully updated coverage of policy and curriculum developments including the 2014 National Curriculum and the Teachers Standards A new chapter on curriculum planning and assessment for KS2 Expanded coverage of the transition from primary to secondary school and the implications for teaching More examples of creative teaching and learning throughout This is essential reading for all students studying primary languages on initial teacher education courses including undergraduate BEd BA with QTS postgraduate PGCE School Direct SCITT and also NQTs

The Early Years Foundation Stage Ioanna Palaologou, Editor, 2021-02-24 This new fourth edition of The Early Years Foundation Stage is fully updated to bring it in line with key changes in the revised EYFS What is included in this new edition A brand new chapter on Reflective Practice Completely new content in fully revised chapters on Play Pedagogical Documentation Communication and Language Literacy Mathematics Understanding the World and Children's Health and Wellbeing New coverage of Baseline Assessment New and updated case studies throughout the book Taking it Outside examples New coverage of self regulation A student favourite this textbook supports your learning with case studies points for discussion reflective tasks and further reading to help you effectively apply theory in your practice across all areas of the EYFS

Developing Early Maths Skills Outdoors Marianne Sargent, 2020-01-09 Developing Early Maths Skills Outdoors provides practitioners with practical planning for how to develop and enhance the outdoor area to facilitate mathematical learning It includes up to 80 activities to embed each learning experience into daily provision with dedicated plans to develop specific skills and aspects of mathematics The activities throughout the book are low cost and easy to set up aiming to reassure practitioners and give them the confidence to plan more mathematical learning experiences outdoors This is further supported with planning guidance and resource ideas as well as advice on observation and assessment including suggestions for how to reduce the paperwork burden and a useful observation template The book is divided into sections that represent the different aspects of mathematics and

includes An introduction to each aspect explaining why it is important and outlining the fundamental skills and concepts that underpin it ideas for adult led and adult initiated activities that aim to develop children s early mathematical knowledge skills and understanding suggestions for how to enhance continuous outdoor provision so that it promotes independent investigation fostering creative and critical thinking pointers and tips about teaching mathematics in the early years ideas for how to involve parents and carers and links to all four British early years curriculum frameworks *Inspiring Play Spaces* Susie Rosback,Natalie Coulson,2015-02-26 Written to meet the requirements of the EYFS this book demonstrates a whole range of ways in which different spaces can be instigated and set up in response to children s interests It is perfect for practitioners looking for new ways to present equipment and new ideas to create beautiful play spaces which can be executed or set up in a variety of ways at little or no cost **Time to Discover Maths** Trudi Fitzhenry,Karen Murphy,2016-07-14 With the revision of the EYFS in September 2012 mathematics became one of the Specific Areas of Learning This book seeks to provide valuable guidance for practitioners across the entire Early Years provision This is a practical tool that will enable practitioners to be innovative and exciting whilst meeting their targets It includes suggestions for parents to try out at home and a variety of ideas to inspire adult led learning **NCFE CACHE Level 3 Child Care and Education (Early Years Educator)** Carolyn Meggitt,Tina Bruce,2015-05-29 Exam board CACHE Level 3 Subject Early Years and Child Care First teaching 2015 First exams Various dates Help your students master the knowledge and skills they need for the new CACHE Level 3 Award Certificate and Diploma in Childcare Education Early Years Educator Written by experts Carolyn Meggitt and Tina Bruce this is the only resource for the Level 3 Diploma in Childcare Education EYE endorsed by CACHE The approachable writing style makes learning key concepts both easy and enjoyable for all learners and all aspects of the qualification are covered and linked to specific learning outcomes This book will support your students through their assessment and the start of their careers Communicates all the requirements of the new qualification fully with clearly stated learning outcomes and key terms Shows how concepts are applied in real settings with numerous case studies In Practice boxes give students the opportunity to check and reflect on their understanding Includes activity boxes linked to assessment criteria to prepare learners for examinations and assessment Early Childhood Studies Jane Johnston,Lindy Nahmad-Williams,Ruby Oates,Val Wood,2018-02-16 This fully updated new edition offers a comprehensive accessible yet rigorous introduction to the study of Early Childhood that will add value to any Early Childhood Studies course at both foundation and degree level Addressing both care and education in the Early Years the book considers a range of multi disciplinary aspects of Early Childhood including health social educational psychological and sociological perspectives Early Childhood Studies engages the reader by providing real world examples that underpin theoretical perspectives and bring examples to life while encouraging practitioners to engage in reflective practice by considering their own similar experiences Key features include Engaging activities and case studies that bring theory to life Cutting edge research Practical tasks and

advice with points for further reading End of chapter summaries Reflective Tasks and Study Skills boxes in each chapter Full colour illustrations throughout This core introductory textbook is an indispensable resource for Early Years students and professionals whatever their level of expertise or experience
