Moreland,2014-03-14 We know that faith means being sure of what we hope for and certain of what we do not see Hebrews 11 1 NIV Love Your God with All Your Mind explains the importance of using your mind not only to win others to Christ but also to experience personal spiritual growth Author J P Moreland challenges you to use logic and reason to further God s kingdom through evangelism apologetics worship and vocation This revised edition includes expanded appendixes and three new chapters that outline how to reason for the reality of God and the historicity of Jesus life teachings death and resurrection      **Teen Spirit** Paul Howe,2020-11-15 Teen Spirit offers a novel and provocative perspective on how we came to be living in an age of political immaturity and social turmoil Award winning author Paul Howe argues it s because a teenage mentality has slowly gripped the adult world Howe contends that many features of how we live today some regrettable others beneficial can be traced to the emergence of a more defined adolescent stage of life in the early twentieth century when young people started spending their formative developmental years with peers particularly in formal school settings He shows how adolescent qualities have slowly seeped upward where they have gradually reshaped the norms and habits of adulthood The effects over the long haul Howe contends have been profound in both the private realm and in the public arena of political economic and social interaction Our teenage traits remain part of us as we move into adulthood so much so that some now need instruction manuals for adulting Teen Spirit challenges our assumptions about the boundaries between adolescence and adulthood Yet despite a cultural system that seems to be built on the ethos of Generation Me it s not all bad In fact there has been an equally impressive rise in creativity diversity and tolerance within society all traits stemming from core components of the adolescent character Howe s bold and suggestive approach to analyzing the teen in all of us helps make sense of the impulsivity driving society and encourages us to think anew about civic reengagement
