Boer, Paul E. Capetz**

Christian Ethics An Introductory Reader:

Christian Ethics Samuel Wells, 2010-05-10 CHRISTIAN ETHICS CHRISTIAN ETHICS AN INTRODUCTORY READER
The selection of readings is excellent and I d happily have my students devour them Esther Reed University of Exeter Clear sharply focused and precisely what is needed This book is enlightening and potentially transformative It presents Christian ethics as an exciting theological enterprise and offers a rich deep and accessible way of practicing ethics John Swinton University of Aberdeen Wells and Quash have put together a wonderfully comprehensive survey of Christian ethics while at the same time offering a distinctive and fresh perspective With the array of primary texts and judicious and very well informed commentary that the two volumes represent they have succeeded in constructing an extremely valuable resource for teachers and students of Christian ethics Michael S Northcott University of Edinburgh of *Introducing Christian Ethics* and *Christian Ethics An Introductory Reader* *Christian Ethics An Introductory Reader* provides a comprehensive anthology of primary documents and materials relating to the emergence and study of key approaches to Christian ethics The volume seeks to encompass the entire canon of Christian ethics including first hand accounts from major figures in the theological and ecclesial tradition Readers are introduced to foundational figures such as Augustine Aquinas Luther Calvin and Barth as well as contemporary voices including Rosemary Radford Ruether James Cone J rgen Moltmann Stanley Hauerwas Oliver O Donovan Wendell Berry and many others Other notable figures not usually associated with the study of formal theoretical ethics such as Gandhi and Martin Luther King Jr are also represented The significance of each extract is summarized through useful introductory sections placing the author or text in the context of broader developments in Christian ethical theory Whether it is used independently or alongside the accompanying textbook *Introducing Christian Ethics* this engaging and informative volume offers students a window into the fascinating evolution of Christian ethical thought *Christian Ethics* Hunter P. Mabry, 1987 ***Introducing Christian Ethics*** Samuel Wells, Ben Quash, 2017-03-14 *Introducing Christian Ethics* 2e now thoroughly revised and updated offers an unparalleled introduction to the study of Christian Ethics mapping and exploring all the major ethical approaches and offering thoughtful insights into the complex moral challenges facing people today This highly successful text has been thoughtfully updated based on considerable feedback to include increased material on Catholic perspectives further case studies and the augmented use of introductions and summaries Uniquely redefines the field of Christian ethics along three strands universal ethics for anyone subversive ethics for the excluded and ecclesial ethics for the church Encompasses Christian ethics in its entirety offering students a substantial overview by re mapping the field and exploring the differences in various ethical approaches Provides a successful balance between description analysis and critique Structured so that it can be used alongside a companion volume *Christian Ethics An Introductory Reader* which further illustrates and amplifies the diversity of material and arguments explored here ***Christian Ethics*** , 1987

Introducing Christian Ethics Samuel Wells, Ben Quash, 2010-02-22 This comprehensive textbook redefines the field of

Christian Ethics highlighting distinctions between ethical approaches and offering thoughtful insights into the complex moral challenges facing people today Redefines the field of Christian ethics along three strands universal ethics for anyone subversive ethics for the excluded and ecclesial ethics for the church Offers students substantially more than many texts most of which focus solely on issues approaches or key figures in Christian ethics this books covers all *Christian Ethics* Stivers, Laura, A., Martin-Schramm, James B.,2020-08-15 The fifth edition of this classic introduction to Christian ethics via the case method approach utilizing case studies of contemporary ethical issues *Moral Discernment in the Christian Life* James M. Gustafson,Theodoor Adriaan Boer,Paul E. Capetz,2007-01-01 James M Gustafson has been a leading and formative figure in the field of Christian ethics over the past fifty years His many contributions to theological ethics have helped to define and shape ethical thinking by Christians who reflect on great moral issues Gustafson s work must be dealt with by all students in this discipline and his perceptive insights have given clarity and guidance to the process of moral discernment The essays collected here are ones that have had a significant impact on discussions and debates over recent decades The Library of Theological Ethics series focuses on what it means to think theologically and ethically It presents a selection of important and otherwise unavailable texts in easily accessible form Volumes in this series will enable sustained dialogue with predecessors though reflection on classic works in the field *Edenic Eve Versus Clonaid Eve* Lephem Thank Kumar,2015-11-25 Human Cloning by virtue of its achievement in the field of medico science has sparked a big controversy across the globe In the contemporary world being a global village no one can claim to be untouched by it It wont take much time to succeed in its attempt to creep into human society as the other discoveries and inventions have done in the past Nevertheless religion has never left science all alone to move on as it wished to make its way into the human society Religion being the core of human society has always checked such developments some time due to her vital role in the society and sometimes due to her legal doctrines that never allow her to think otherwise The objective of this book is to scrutinize the development in the field of Human Cloning in the light of its intentions and implication in marriage family and the larger society In order to fulfill the objective of this book the author has attempted to compare the first mother called Edenic Eve from Christian literature with first claimed human clone from the field of science The primary role of Christian Ethics has been to scrutinize all controversial issues in the society for its good Scrutinizing human cloning is one such attempt

Theology, Church, and Ministry David S. Dockery,2017-10-01 Theology Church and Ministry A Handbook for Theological Education helps readers understand the critical role theological education plays in equipping God called ministers for service in the church **Ethics and Moral Reasoning** C. Ben Mitchell,2013-11-30 Gay marriage Embryonic stem cell research Abortion Such generation defining issues loom large in our society and demand a thoughtful response Helping Christians to interact with our morally confused world Ben Mitchell challenges the relativism so rampant in the West today In addition to examining the history of ethical reflection from Moses to Immanuel Kant Mitchell also incorporates the voices of current

Christian ethicists such as Stanley Hauerwas and N T Wright proposing a holistic approach to ethics one based on biblical principles historical views today s leaders and Christian virtues *Christian Ethics, Issues and Insights* Em Sttīphan,2007 This book makes a comprehensive study of the foundational aspects of Christian ethics From Christ to the World Wayne G. Boulton,Thomas D. Kennedy,Allen Verhey,1994 Here is a single volume that effectively introduces students to the full breadth of the discipline of Christian ethics Essays deal with both concrete issues and theoretical foundations Relevant biblical readings and a series of case studies accentuate the text **Academic Vocation in the Church and Academy** **Today** Shaun C. Henson,Michael J. Lahey,2017-05-15 This book explores the vital common yet surprisingly often misunderstood and neglected vocation of people gifted to combine academic and priestly roles in church church related and secular academic contexts The works of those who unite priestly and academic functions into one vocation have been vital to the Church since its first century foundations The Church would have no practically informed theology or liturgy and arguably no New Testament if not for individuals who have been as gifted at researching writing and teaching as at conventional ministry skills like preaching and pastoral care With a specific focus on Anglicanism as one useful lens prominent voices from around the Anglican Communion reflect here on their experiences and expertise in academic priestly vocation Including contributions from the UK USA and Australia this book makes a distinctive and timely offering to discussions that must surely continue *Forgiveness and Politics* Kethoser Aniu Kevichusa,2017-11-14 Forgiveness and politics are often assumed both ordinarily and academically to be unrelated and unrelatable This study not only argues that forgiveness and politics can be related but also that they are intrinsically related In making the case this publication explores both the biblical foundations of forgiveness and the concepts and practices of politics justice and reconciliation The findings are tested and illustrated within two case studies of forgiveness examining the conflict in Northern Ireland and several conflicts in Nagaland India **Foucault and Theology** Jonathan Tran,2011-06-16 Near the end of his life Michel Foucault turned his attention to the early church Fathers He did so not for anything like a return to God but rather because he found in those sources alternatives for re imaging the self And though Foucault never seriously entertained Christianity beyond theorizing its aesthetic style one might argue that Christian practices like confession or Eucharist share family resemblances to Foucaultian sensibilities This book will explain how to do theology in light of Foucault or more precisely to read Foucault as if God mattered Therefore it will seek to articulate practices like confession prayer and so on as techniques for the self situate the church as politics within present constellations of power disclose theological knowledges as modes of critical intervention or what Foucault called archaeology and conceptualize Christian existence in time through mnemonic practices of genealogy **The Rise of Western Power** Jonathan Daly,2013-12-19 The West s history is one of extraordinary success no other region empire culture or civilization has left so powerful a mark upon the world The Rise of Western Power charts the West s achievements representative government the free enterprise system modern science and the rule of law as well as

its misdeeds two frighteningly destructive World Wars the Holocaust imperialistic domination and the Atlantic slave trade Adopting a global perspective Jonathan Daly explores the contributions of other cultures and civilizations to the West's emergence Historical geographical and cultural factors all unfold in the narrative Adopting a thematic structure the book traces the rise of Western power through a series of revolutions social political technological military commercial and industrial among others The result is a clear and engaging introduction to the history of Western civilization

Introduction to Christian Ethics Ronald P. Hamel, Kenneth R. Himes, 1989 In recent years we have seen a renewal in the field of Christian ethics that is both ecumenical and interdisciplinary This book gathers together key contributions by leading moral theologians as well as psychologists and Scripture scholars to provide a basic introduction to the discipline

Towards Wise Management Tuomo Peltonen, 2018-07-29 This book contributes to the discussion on wisdom in management leadership and strategy by developing a unique theoretical approach Integrating rational analytical intuitive and philosophical dimensions of wise decision making it advocates a broadly Platonic Socratic view on wisdom Applying a developed framework of wisdom dynamics it analyses a number of decision making case studies in order to discuss the potential of and obstacles to the use of wisdom in broader organizational trends from the Cuban Missile Crisis to the downfall of Nokia

The Cambridge Companion to Black Theology Dwight N. Hopkins, Edward P. Antonio, 2012-07-26 This volume discusses normative theological categories from a black perspective and argues that there is no major Christian doctrine on which black theology has not commented Part One explores introductory questions such as what have been the historical and social factors fostering a black theology and what are some of the internal factors key to its growth Part Two examines major doctrines which have been important for black theology in terms of clarifying key intellectual foci common to the study of religion The final part discusses black theology as a world wide development constituted by interdisciplinary approaches The volume has an important role in bringing Christian thought into confrontation with one of the central challenges of modernity namely the problem of race and racism This Companion puts theological themes in conversation with issues of ethnicity gender social analysis politics and class and is ideal for undergraduate and graduate students

Out of Obscurity Patrick Q. Mason, John G. Turner, 2016 In the years since 1945 the Church of Jesus Christ of Latter day Saints has grown rapidly in terms of both numbers and public prominence Mormonism is no longer merely a home grown American religion confined to the Intermountain West instead it has captured the attention of political pundits Broadway audiences and prospective converts around the world While most scholarship on Mormonism concerns its colorful but now well known early history the essays in this collection assess recent developments such as the LDS Church's international growth and acculturation its intersection with conservative politics in recent decades its stances on same sex marriage and the role of women and its ongoing struggle to interpret its own tumultuous history The scholars draw on a wide variety of Mormon voices as well as those of outsiders from Latter day Saints in Hyderabad India to Mormon Mommy blogs to evangelical

countercult ministries Out of Obscurity brings the story of Mormonism since the Second World War into sharp relief explaining the ways in which a church very much rooted in its nineteenth century prophetic and pioneering past achieved unprecedented influence in the realms of American politics and international business
