Christian Thought Charles F. Deems, 2017-03-29 Excerpt from *Christian Thought Lectures and Papers on Philosophy*
Christian Evidence Biblical Elucidation State some think too close in the reign of Constantine and this has been continued in European countries down to the present day when however it is keenly contested whether the State should continue to offer an endowment to the Church and whether the Church should accept such an endowment if offered In the early ages of the United States Republic there were endowments provided for the Church or rather for some particular Church say the Church of England but for the past century and more the States have been freeing themselves from all such entanglements Still there are government acts which seem to imply which I believe do really imply an alliance between Church and State as for example the prayers offered in the Senate and House of Representatives and in the opening of courts of justice in the appointment of chaplains in the army and navy and in prisons in the laws enacted for the preservation of the Sabbath and above all in the Bible being read in our national schools and religion being taught in our State colleges In these and in some other things there is an alliance between Church and State for good ends which seem to me legitimate and highly commendable Some indeed argue that these acts are all in the interest of civil law for the protection of life and property but the people in enacting and practising them mean them to be religious as well There are signs of a contest arising in which it will be insisted that all that is religious in these acts be handed over to the Churches which will have difficulties not impossibilities however in providing teachers and Chaplains and in protecting the Sabbath About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Christian Thought (Classic Reprint) Charles F. Deems, 2017-06-11 Excerpt from *Christian Thought* Weak men on both sides have done much harm the weak religionists by assuming and the weak scientists by claiming for guesses and hypotheses the high character and full value of real truth The guesses of both have collided in the air and a real battle seemed impending but it was only guesses which exploded bubbles not bombs and it is never to be forgotten that a professor of religion has just as much right to guess as a professor of science and the latter no more right nor skill than the former although he has had more practice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may

Christian Thought to the Reformation (Classic Reprint) Herbert B. Workman,2015-06-29 Excerpt from Christian Thought to the Reformation Man has no deeper or wider interest than theology none deeper for however much he may change he never loses his love of the many question it covers and none wider for under whatever law he may live he never escapes from its spacious shade nor does he never find that it speaks to him in vain or uses a voice that fails to reach him Once the present writer was talking with a friend who has equal fame as a statesman and a man of letters and he said Every day I live Politics which are affairs of Man and Time interest me less while Theology which is an affair to God and Eternity interests me more As with him so with many though the many feel that their interest is in theology and not in dogma Dogma they know is but a series of resolutions framed by a council or parliament which they do not respect any the more because the parliament was composed of ecclesiastically minded persons while the theology which so interests them is a discourse touching God though the Being so named is the God man Conceived as not only related to himself and his world but also as rising ever higher with the notions of the self and the world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections

The Progressiveness of Modern Christian Thought (Classic Reprint) James Lindsay, 2018-01-30 Excerpt from The Progressiveness of Modern Christian Thought I make no apology for this book No book of my theological acquaintance British Continental or American quite realises the ends I have in view or seeks them by the plan and in the spirit that will be found to pervade this work in which from the wide range of theological topic considered an exhaustive mode of treatment must give place to one which can at most only be suggestive About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Science and Christian Thought (Classic Reprint) John Duns, 2018-02-03 Excerpt from Science and Christian Thought This work is an inquiry into the present relations of science to Christian thought At no former period has the subject assumed aspects of deeper interest than now The last twenty and especially the last ten years have been marked by great progress in the chief branches of natural science A wide field has been surveyed and a great number of facts have been brought to light bearing more or less closely on revealed truth Much new and fresh material has been accumulated of great value to all who take pleasure in seeking out the works of the Lord and who love to trace innature the goings of Him who is great in his Church as a God of righteousness grace and love An effort is here made to bring some of this material within the reach of all and to render it popularly interesting In doing so the Author holds himself alone responsible for the accuracy of the statements made and the scientific facts referred to About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

An Outline of the History of Christian Thought Since Kant (Classic Reprint) Edward Caldwell Moore, 2017-10-25 Excerpt from An Outline of the History of Christian Thought Since Kant It is impossible to write upon the theme which this book sets itself without using the terms Catholic and Protestant in the conventional sense The words stand for certain historic magnitudes It is equally impossible to conceal from our selves how misleading the language often is The line between that which has been

happily called the religion of authority and the religion of the spirit does not run between Catholic and Protestant It runs through the middle of many Protestant bodies through the border only of some and who will say that the Roman Church knows nothing of this contrast The sole use of recurrence here to the historic distinction is to emphasise the fact that this distinction stands for less than has commonly been supposed In a large way the history of Christian thought from earliest times to the end of the eighteenth century presents a Very striking unity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Eucken and Bergson E. Hermann, 2017-12-25 Excerpt from Eucken and Bergson Their Significance for Christian Thought While there is an excellent general introduction to Eucken's philosophy for English students that of his distinguished pupil Professor Boyce Gibson of Melbourne and while we can supplement our study of Bergson by such scholarly discussions as those of Mr A D Lindsay and Dr J M Kellar Stewart no attempt has been made as Yet to present the thought of Eucken and Bergson in its specific bearing upon the problems of theology It is with a view to supplying this lack in some small measure that this book has been written and any apparently one sided emphasis of certain aspects of their thought as well as the omission of other aspects interesting and valuable in themselves must be understood with reference to this controlling purpose About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Evolution and the Need of Atonement (Classic Reprint)** Stewart Andrew McDowall, 2017-07-16 Excerpt from Evolution and the Need of Atonement As the title indicates the main object of this book is not to offer a new theory of the Atonement Rather it is intended to Show that when the origin and history of man are studied from the scientific and especially the biological side the spiritual life its partial failure and the need for Atonement far from receding into vagueness and unreality are thrown into strong relief About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing

The Continuity of Christian Thought Alexander V. G. Allen, 2017-11-16 Excerpt from The Continuity of Christian Thought A Study of Modern Theology in the Light of Its History This treatise owes its shape to the circumstance of its having been written as a course of lectures which were delivered in Philadelphia on the foundation of the late John Bohlen The lectures being six in number required what may seem a somewhat artificial division of the subject matter But the grouping of topics which I was in consequence constrained to make will not I think be found an unnatural one The lectures have been as carefully revised as my engagements would allow they are published substantially as they were spoken with the exception

of several portions omitted in the delivery for the sake of brevity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Christian Thought**

Monthly Charles F. Deems, 2017-05-21 Excerpt from Christian Thought Monthly August 1883 I To this question we answer Because it is a simple matter of fact that Christianity first forced these truths effectually upon the world's attention and the world's acceptance by means of its supernatural claims and its supernatural history and caused them to be largely accepted as principles of the world's philosophy which now commend themselves to man's reason and shine by their own light In defending itself Christianity has been forced to defend these truths on grounds of reason against the attacks of subtle and powerful antagonists and sharply and still more sharply to define them under the unsparing scrutiny of keen sighted critics In these attacks and defences these truths have been brought into every conceivable relation to other truths and theories of science and religion When the discussions have seemed to be purely theological they have very often if not more frequently turned upon some principle of this underlying philosophy It does not follow because Christianity has inwrought certain truths into the world's philosophy that it has taught them by authority or enforced them by miracle or testimony This inference is excluded by the undisputed fact that in its use of miracle and testimony Christianity assumes these principles to be accepted and to be necessary in order to give force or significance to miracle or history and that again and again it has rested its cause on grounds of philosophy alone Much is said in these days of the hindrance which Christian theology has been to science and philosophy Much might be said of the stimulus and aid which it has given to both in a moral and intellectual way About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Race and Religion* Thomas Allin, 2018-03-18 Excerpt from Race and Religion Hellenistic Theology Its Place in Christian Thought IT is the special good fortune of Hellenism that it appeals at once to the Liberal and to the Conservative to the latter because it is the most ancient and venerable statement of Christian teaching which we possess to the former because of its remarkable anticipation of much that seems modern in the religious thought of to day About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com

McKim, 2018-01-31 Excerpt from Present Day Problems of Christian Thought Attempts have been made by a Certain class of writ em to use the religion of Buddha as a means of weak ening the force of the claim which Jesus of Nazareth makes for Himself and for the religion of which He is the founder and the head The argument may be stated thus Jesus claims to be the Light of the World and to have established a religion which is the absolute religion before which all other religions must give way because it is true and they are false it is super naturally revealed they are of purely natural origin But the rellglon of Buddha presents so many resem blances and parallels to the religion of Christ in its ethical code in its spirit and in the life of its founder that the exclusive claims of the latter cannot be main tained and every open minded man must see that both of these great religions are divine revelations or neither is But it may be shown in answer to this that the alleged points of resemblance between the two reli gions when closely scrutinized are in many cases un real in many others greatly exaggerated and that the residuum of real likeness is totally insufficient to out weigh the contrasts which are radical fundamental About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Faith of a Quaker (Classic Reprint)* John William Graham, 2017-02-06 Excerpt from The Faith of a Quaker There arise also the insistent questions which beset all mystics and which in Quakerism demanded a corporate instead of an individual answer Was the light infallible Was the claim to it an assumption of spiritual exaltation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Tertullian and His Apologetics John B. Immanence and Christian Thought Frederic Platt, 2015-07-15 Excerpt from Immanence and Christian Thought Implications and Suggestions This popular distinction involves a false antithesis 106 The doctrine of immanence renders these exclusive categories untenable 106 The assumption of the undivineness of the natural and the unnaturalness of the Divine responsible for the antagonism between science and religion 107 Immanence is not the eclipse of the Supernatural but its transfiguration Nature is not the All 109 Spiritual because it denotes a causative teleological personal conception is a wiser term for indicating the Divine transcendence of sensible experience of the material order 112 By the acceptance of the idea of immanence the natural implies knowledge of orderly antecedents and sequents whilst the supernatural involves knowledge of their meaning and purpose ultimately they are complementary not antithetical About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
