Christie And The Hellcat:

Christie and the Hellcat Barbara Davies,2024-06-25 Zee Brodie can't seem to walk down the street without being reminded of her days as the notorious outlaw Hellcat. Never mind she paid her dues in Yuma prison and is now the Deputy Sheriff of Cochise County. Christie Hayes and her brother Blue followed their dream and headed west where Blue opened a dry goods shop. They settled into a contented life with Christie keeping house and helping part time in the shop. When Zee and her prisoner seek shelter in the home of the enchanting Miss Christie, the encounter turns both their lives upside down. It takes Christie agreeing to marry an unsuitable suitor for her to realize where her heart really lies. Now all Zee and Christie have to do is face down an irate fiancé, fight bad guys, replant Christie's beloved roses and get Blue to accept his sister wanting to spend her life with a former outlaw, not to mention a woman, before they can live happily ever after. **Christie and the Hellcat**

Barbara Davies,2013-08 Zee Brodie can't seem to walk down the street without being reminded of her days as the notorious outlaw Hellcat. Never mind that she paid her dues in Yuma prison and is now the Deputy Sheriff of Cochise County. Life for an outlaw turned deputy is never going to be tranquil. When Zee and her prisoner seek shelter in the home of the enchanting Miss Christie Hayes, the encounter imperils both Zee's life and her heart. **Novel Approaches to Lesbian History**

Linda Garber,2022-01-01 *Novel Approaches to Lesbian History* tells a tale about history and community in our allegedly post identity era, examining contemporary novels that depict lesbian characters in recognizable historical situations. These imaginative stories provide a politically vital speculative past in the face of a sketchy problematic archive. Among the memorable characters in some 200 novels are pirates, cowgirls, and famous artists, ghosts and time travellers, immigrants and lovers. The best lesbian historical novels are conscientious and buoyant as they engage critical historiographical questions, but *Novel Approaches* also discusses the class and race biases that weigh on the genre. Some lesbian historical novels are based on archival evidence, others on conjecture or fantasy, but all convey the true fact that identity is elusive without a past without which its future is nearly impossible. *Secrets from the Agatha Christie Archives* Jared Cade,2025-02-05

The untold story of how Agatha Christie conquered the serial market with her thrilling mysteries. Dame Agatha Christie reigns supreme as the Queen of Crime. Numerous books have been written about the legendary crime writer, focusing on nearly every aspect of her craft. But until now, no one has carried out an in-depth investigation into how she conquered the serial market with her thrilling tales of murder and intrigue. In the UK and US, Agatha Christie's work was serialized in the most prestigious magazines and newspapers of the day, often under an array of different titles prior to being published by Collins and Dodd Mead and Company. Second serial rights could result in a single title being syndicated to over 40 newspapers. Over the decades, numerous records have been lost or destroyed, and keeping track of her literary legacy has proved a major challenge for her publishers, literary agents, and others. Until now, Jared Cade, author of the ground-breaking biography *Agatha Christie and the Eleven Missing Days*, has unearthed a huge plethora of hitherto unknown facts about the timeline of her

publishing history that will delight her devotees and enable future generations to write about her work with far greater authority and accuracy than ever before especially when correlating her publications to the parallels in her life Illustrated with rare pictures Secrets from the Agatha Christie Archives is destined to become an essential reference tool for fans librarians scholars antiquarian booksellers broadcasters and others interested in the making of one of the 20th century s most beloved writers Jared Cade is an acknowledged authority on Christianna Crime Time **Armor**, 2001 **Battle of the Bulge** Ben Skipper, 2022-10-21 The Battle of the Bulge was the perfect storm for the Allies in late 1944 a tired army overstretched supply lines and poor intelligence on what was waiting on the other side of the hill On 16th December with almost complete surprise the Germans launched their last major offensive in the West Emerging from thick fog and through the dense woodland of the Ardennes nearly 500 000 German troops slammed into American lines For almost a week the Germans were able to make good ground and the glory days of 1940 beckoned as they crushed all resistances before them often with extreme cruelty On Christmas Eve the Germans had lost their initial advantage the skies cleared and air support returned For the next 3 weeks the battle hung in the balance For the Americans the Battle of the Bulge would be the deadliest single battle of the Second World War This Battle Craft title also looks at four pieces of military hardware that were involved in these legendary battles Massive King Tigers rained down terror and destruction among the Allies M4 s and other armor until the arrival of nimble M18 Hellcats which counted for several King Tigers Over head the almost uncatchable ME262 battled with its own nemesis the virtually indestructible P 47 The Quartermaster section provides the modeler with an insight into the development and operational use of the four chosen vehicles and aircraft that were involved in the Battle of the Bulge A selection of historical and contemporary photos and illustrations feature alongside stunning showcase builds providing the modeler with subjects to whet the creative appetite It also features details of model kits and extras that can really help the modeler bring military history to life **Camp Colt to Desert Storm** George F. Not All Supermen Tim Hanley,2022-07-15 An eye opening exploration of the toxic masculinity and sexism that pervades the superhero genre Superheroes have been exciting and inspirational cultural icons for decades dating back to the debut of Superman in the 1930s The earliest tales have been held up as cornerstones of the genre looked upon with nostalgic reverence However enshrining these tales also enshrines many outdated values that have allowed sexist gender dynamics to thrive In Not All Supermen Sexism Toxic Masculinity and the Complex History of Superheroes Tim Hanley examines how anger aggression and violence became the norm in superhero comics paired with a disdain for women that the industry has yet to fully move beyond The sporadic addition of new female heroes over the years proved largely ineffective the characters

often underused and objectified Hanley also reveals how the genre's sexism has had real world implications with many creators being outed as sexual harassers and bigots while intolerant fan movements are awash with misogynistic hate speech Superheroes can be a force for good representing truth justice and courage but the industry is laden with excessive baggage The future of the genre depends on what elements of its past are celebrated and what is left behind Not All Supermen unravels this complex history and shows how superheroes can become more relevant and inspiring for everyone
