Deepak Chopra and others whom Prashad terms Godmen shows us how some South Asians exploit the stereotype of inherent spirituality much to the chagrin of other South Asians Following the long engagement of American culture with South Asia Prashad traces India's effect on thinkers like Cotton Mather and Henry David Thoreau Ravi Shankar's influence on John Coltrane and such essential issues as race versus caste and the connection between antiracism activism and anticolonial resistance The Karma of Brown Folk locates the birth of the model minority myth placing it firmly in the context of reaction to the struggle for Black Liberation Prashad reclaims the long history of black and South Asian solidarity discussing joint struggles in the U S the Caribbean South Africa and elsewhere and exposes how these powerful moments of alliance faded from historical memory and were replaced by Indian support for antiblack racism Ultimately Prashad writes not just about South Asians in America but about America itself in the tradition of Tocqueville Du Bois Richard Wright and others He explores the place of collective struggle and multiracial alliances in the transformation of self and community in short how Americans define themselves
