One Christian's Journey through Racism to Financial Security Earl C. Johnson, 2022-10-13 In this book I share with you a little about myself How I grew up and my meager beginning while being raised by my grandparents back in Cincinnati Ohio The lack of financial management training I received while growing up and my unawareness to my condition of lower class living I give you some insight into some of my struggles with racism while in the military and the effects it had on me navigating the military's system of advancement How some military personnel believed that race was a determining factor in a person's capacity to do certain jobs and consequently shouldn't have equal access to promotions and opportunities I share multiple scriptures with you as proof positive that God the creator of heaven and Earth the King of kings and the Lord of lords is our source and it is He who gives us the believers the power to gain wealth The Parable of the Talent in the book of Matthew and the Parable of the Minas in the book of Luke are solid evidence that God expects us to be good servants of the money He blesses us with And I also share with you my six step financial management system that will help any believer who follows it to become financially secure and a good servant of the money God has and will bless you with The six step financial management system is sequential meaning you start with the first step and you don't progress to the second step until the first step is complete Doing so will ensure you have built a financial foundation that will not be shaken or destroyed by the tests trials and tribulations we all experience in this world It ends with answering three questions about retirement When do you start preparing for retirement How much money will you need for retirement And what does your retirement look like This is the first book and it will serve as a financial foundation to those who absorb its contents To you that have ears to hear if you read and believe you will achieve your financial goals It is the will of God 2 Implementing Quality in Laboratory Policies and Processes Donnell R.
