Christian Dogmatics Two Volumes:

Christian Faith (Two-Volume Set) Friedrich Schleiermacher, 2016-09-01 Christian Faith is one of the most important works of Christian theology ever written. The author, known as the father of theological liberalism, correlates the entirety of Christian doctrine to the human experience of and consciousness of God. A work of exhaustive scholarship written in deep sympathy with the ministry of congregations and church bodies, Christian Faith has inspired admiration and debate from all quarters of the Christian family since its first publication in 1821. This is the first full translation of Schleiermacher's Christian Faith since 1928 and the first English language critical edition ever. Edited by top Schleiermacher scholars, this edition includes extensive notes that detail changes Schleiermacher made to the text and explain references that may be unfamiliar to contemporary readers. Employing shorter sentences and more careful tracking of vocabulary, the editors have crafted a translation that is significantly easier to read and follow. Anyone who wishes to understand theology in the modern period will find this an indispensable resource.

Christian Dogmatics Franz Pieper, 1950 A translation of Christliche Dogmatik. Volume 1 addresses Nature and character of theology, Holy Scripture, Doctrine of God, Creation, Divine providence, Angelology, Doctrine of man, Sin and evil, and more.

Systematic Theology, Volume 1, Fourth Edition James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century. Baptist History and Heritage Journal, July 1996. One of the characteristics of Garrett's system that needs especially to be noted is its balanced, judicious, and nearly invariably objective presentation of materials. While holding true to the teachings of his own Baptist faith, Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive.

Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology, there is no more complete presentation in a relatively short work than this. Pastors will especially find this feature to be a real help in teaching theology. It is an indispensable contribution to the task of systematic theology. Journal of the Evangelical Theological Society, September 1999. Many students and pastors will find all they need here and will, in addition, be helped to relate their knowledge to recent developments in the theological world. The Churchman: A Journal of Anglican Theology, 1991. A gold mine of helpful material. The Christian Century, May 29/June 5, 1991. No book that I know is more loaded with biblical and theological facts than this one. The prodigious research that must have gone into the preparation of this volume is truly mind

boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary Ante-Nicene Christian Library Alexander Roberts,Sir James Donaldson,1871 **Ante-Nicene Christian Library** Alexander Roberts,Sir James Donaldson,1870 **Ante-Nicene Christian Library** ,1880 **A History of the Christian Councils** Karl Joseph von Hefele,1883 **The Christian Doctrine of Sin** Julius Müller,1877 History of the Christian Church.
