Carmody, 1995-01-01 Luck, 2022-07-07 Donald Luck has spelled out an introduction to theology that is as engaging in its clarity as it is solid in its content In giving a lucid and broad review of how the nature and method of theology is understood in the Christian community he balances description with evaluation but in such a way that he does not dictate or prescribe Although he is careful to lay out the clear sometimes stark differences in the way Christians understand the task of interpreting the Bible he himself seeks a middle mediating way Luck insists that theologians must be able to show that the experience of Christian faith must be both practical and reasonable Paul F Knitter Xavier UniversityDonald Luck thoughtfully confronts the articulated resistance of undergraduates seminarians and adult lay Christians to the disciplined study of theology Responding to their most common objections one by one Luck practices good pedagogy and systematically builds a persuasive case for studying theology on the grounds that the discipline exemplifies loving God with all one s mind He succeeds in the end in making it difficult if not impossible for students to resist his invitation to reflect critically and constructively on Christian faith Paula M Cooev Macalester College **Knowing God by Name** Cherith Fee Nordling, 2010 Does women s experience matter for theological inquiry Elizabeth Johnson's premise is that it does Knowing God by name is a critical assessment and evaluation of this approach bringing Johnson into conversation with Catholic and feminist colleagues and with Karl Barth whose Trinitarian theology of experience maintains the divine creaturely distinction she challenges P 4 cover

Introducing Feminist Ecclesiology Natalie K. Watson,2008-12-01 Introducing Feminist Ecclesiology explores women s experiences of being church and reclaiming the church in order to rebuild it as a meaningful open sacramental space where everybody s presence is celebrated Natalie Watson proposes a creative and constructive dialog with existing theological approaches to the church from different Christian traditions as well as more recent feminist theologians and suggests the development of criteria that hear women s experiences of being church and reclaiming church into speech The church is the embodied reality of all women children and men whose stories tell the story of the Triune God The Pentecostal Gender Paradox Joseph Lee Dutko,2023-11-16 The distinct subjects of eschatology and gender equality have seen an explosion of interest in recent decades particularly within Pentecostal scholarship Pentecostalism is regarded ideally as both an eschatological and egalitarian movement However many Pentecostals have lamented the inconsistency between the early egalitarian impulse of the movement and its current restrictive practices This situation has been described as the so called Pentecostal gender paradox referring to the conflicting freedoms and limitations experienced by Pentecostal women Pentecostals have also recognized the waning eschatological fervor within the movement and its shifting eschatological convictions leading to calls to rediscover the eschatological heart of the movement Despite the renewed interest in both

eschatology and women s equality little research has been done to put these two areas into conversation with each other eschatological convictions are often absent in the debate on gender roles in the church For Pentecostals eschatology has often been about urgency in saving souls rather than attending to social issues but could Pentecostal eschatology be the key to re discovering greater equality for women in the church Is the waning of both eschatology and women s equality within Pentecostalism potentially interrelated For over one hundred years the role of women in Pentecostalism has been debated without a firm consensus By examining gender solely through an eschatological lens in history Scripture and praxis this work provides a valuable and creative contribution to one of the most important theological and global issues of our time women s in equality This book is also one of the first comprehensive studies to approach a single social issue solely through an eschatological lens and to provide attention to developing a thorough and methodologically connected eschatological praxis By uncovering the unified eschatological egalitarian narrative thread within both the Pentecostal and biblical story this work suggests that the present end of women s inequality begins with fidelity to the future eschaton of gender equality
