Mindful Spirituality Duncan S. Ferguson, 2018-02-28 The world contrary to popular understanding is not less religious but in many ways more religious than ever Two issues seem to be emerging in this resurgence One is the need for a spiritual center that gives integration a sense of inner peace ethical guidance and meaning and direction in life It is present in most of the world's great religious traditions and present elsewhere as humans seek to find their way in a confusing conflicted and rapidly changing world Accompanying this quest for a deeper spirituality is the God question and a desire to understand the divine in new ways that match a contemporary worldview This book Mindful Spirituality invites the reader to find a thoughtful credible and satisfying way to address these two major concerns While starting within a Christian frame of reference the book is not exclusive but ecumenical and interfaith in spirit It is especially helpful to those with no set spiritual pathway and those disenchanted with traditional approaches that seem out of date and for another era In a deep and sacred way it invites the reader to reach upward for a thoughtful way of understanding transcendence to open inward for a mature and gratifying spirituality and to expand outward in responsible and loving service
