Miyazaki's Animism Abroad Eriko Ogiwara-Schuck, 2014-10-21 After winning an Oscar for *Spirited Away*, the Japanese director Hayao Miyazaki's animated films were dubbed into many languages. Some of the films are saturated with religious themes distinctive to Japanese culture. How were these themes or what Miyazaki describes as animism received abroad, especially considering that they are challenging to translate? This book examines how American and German audiences grounded on Judeo-Christian traditions responded to the animism in Miyazaki's *Nausicaä of the Valley of the Wind* (1984), *My Neighbor Totoro* (1988), *Princess Mononoke* (1997), *Spirited Away* (2001), and *Ponyo on the Cliff by the Sea* (2008). By a close reading of adaptations and film reviews and a study of transitions in their verbal and visual approaches to animism, this book demonstrates that the American and German receptions transcended the conventional view of an antagonistic relationship between animism and Christianity. With the ability to change their shapes into forms easily accessible to other cultural arenas, the anime films make a significant contribution to interreligious dialogue in the age of secularization.

Brands of Faith Mara Einstein, 2007-09-14 In a society overrun by commercial clutter, religion has become yet another product sold in the consumer marketplace, and faiths of all kinds must compete with a myriad of more entertaining and more convenient leisure activities. *Brands of Faith* argues that in order to compete effectively, faiths have had to become brands, easily recognizable symbols and spokespeople with

whom religious prospects can make immediate connections Mara Einstein shows how religious branding has expanded over the past twenty years to create a blended world of commerce and faith where the sacred becomes secular and the secular sacred In a series of fascinating case studies of faith brands she explores the significance of branded church courses such as Alpha and The Purpose Driven Life mega churches and the popularity of the televangelist Joel Olsteen and television presenter Oprah Winfrey as well as the rise of Kaballah She asks what the consequences of this religious marketing will be and outlines the possible results of religious commercialism good and bad Repackaging religion updating music creating teen targeted bibles is justifiable and necessary However when the content becomes obscured religion may lose its unique selling proposition the very ability to raise us above the market What Does the Bible Say? Mary Ann Beavis,HyeRan

Kim-Cragg,2017-04-25 This book is a collaboration between a biblical scholar Mary Ann Beavis and a practical theologian HyeRan Kim Cragg who are concerned with the way that the Bible is portrayed and interpreted in popular culture including but not limited to the movies This concern points to a need for a conversation examining what the Bible actually says in order to uncover transformations and distortions of the biblical stories in the wider culture including Christian culture Our conversation is counter cultural not in an oppositional way but taking an alternative posture that aims to provide different insights by drawing from and closely looking at the Bible The chapters take a Christian canonical approach articulating what the Bible says and doesn't say with regard to culturally pervasive themes such as sin and salvation Christ and Antichrist heaven and hell in contrast to popular understandings as disseminated in primarily film advertising television etc We hope that together we will open up fertile academic ecclesial and secular space for disclosing loaded cultural and ideological views towards offering positive and intriguing insights embedded in the Bible **God's Design for the Highly Healthy Teen**
