## **Christianity Is Not Great How Faith Fails:**

**Christianity is Not Great** Hector Avalos, 2014 In this new anthology critiquing Christianity John Loftus a former minister and now a leading atheist has brought together an outstanding group of respected scholars who focus on the harms caused by the world's leading religion The contributors begin by dissecting the many problematic aspects of religious faith generally They repeatedly demonstrate that with faith as a foundation almost anything can be believed or denied And almost any horrific deed can be committed The authors then take a good hard look at many of the most important political institutional scientific social and moral harms committed in the name of Christianity These range from the historical persecutions of the Inquisition and witch hunts to the current health hazards of faith healing Finally the authors answer three common Christian retorts to criticisms from nonbelievers 1 that atheists cannot judge a harmful action without an objective moral standard 2 that atheists need faith to solve the world's problems and 3 that atheists cannot live a good life without faith Loftus and the contributors generally conclude that given both the well documented historical record and ongoing problems raised by the faith Christianity decisively fails empirical tests of its usefulness to humanity *The Popular Handbook of World Religions* Daniel J McCoy, 2021-03-23 A Christian's Guide to the World's Most Prominent Religions Meeting people from other religions is an incredible blessing and a unique challenge As Christians what do we need to know about their beliefs to effectively interact with them And how can we share about Jesus with sensitivity for someone's relationship to their current faith A compilation from some of today's top religion scholars *The Popular Handbook of World Religions* is a clear and insightful guide to understanding and conversing with followers of the world's major belief systems You will gain a balanced nuanced comprehension of what followers of other religions believe and see how those beliefs compare with those of Christianity develop deeper respect for different cultures and appreciate their unique traditions and ideas learn how to share about Christ with true compassion and a recognition of other people's individuality and heritage Featuring the writings of Dr Douglas Groothuis Dr Paul Copan Dr Winfried Corduan and more *The Popular Handbook of World Religions* is designed to help you gain the wisdom you need to interact with people of other faiths from atheism to Judaism Buddhism to Islam Jainism to Sikhism and more [How to Defend the Christian Faith](#) John W. Loftus, Peter Boghossian, 2015-11-01 The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of philosophical historical and theological arguments but many of the arguments that worked in an earlier age no longer resonate in today's educated West Where has apologetics gone wrong What is the best response to the growing challenge presented by scientific discovery and naturalistic thought Unlike every work on Christian apologetics that has come before *How to Defend the Christian Faith* is the first one written by an atheist for Christians As a former Christian defender who is now a leading atheist thinker John Loftus answers these questions and more He shows readers why Christian

This book is written for ordinary people with enquiring and skeptical minds about the Christian God The author defends the Christian faith apologetics by covering a wide spectrum of topics like the credibility and compatibility of the Bible with science the Big Bang evolution and the age of the earth Christianity is an intellectual logical religion and you can believe in God the creator and also accept that God caused the Big Bang to happen use evolution to create and although human beings may originate from the great apes they are unique and special once God made them into His image by putting his spiritual soul in them The individual today gets more than ever bombarded with attacks on Christianity by prominent atheists scientific discoveries different religions and philosophies The intellectual levels of individuals increases all the time and as knowledge increases often so does more questions arise even for believing Christians like why is there so much pain and suffering in the world Considering the limited time people have this book attempt to save time for busy individuals who cannot take a book or two out on every topic that bothers them Covering many controversial questions and arguments with counter arguments a strong case is being made that the arguments against the Christian God fail      **The Christian Advocate** ,1927      **Short discourses to be read in families. **Prayers** William Jay,1849      *UNSEEN THINGS* Jean McBride,2017-09-03 This is not an examination of the quality or quantity of your faith It is an examination of the existence of your faith There are only two responses to this examination of self Yes I am in the faith or no I am not in the faith If the answer is yes then you got there by seeking the Lord You did not pray for faith you sought God and faith came If the answer is no you will not get in the faith by praying for faith You will only get in the faith by seeking God We will never get more faith by seeking more faith When I began this Bible study my goal was

simple I was in the faith but I really felt I needed more faith What I really needed was to learn more about the faith I had I learned that faith has the capacity to be in one accord with God If we seek God and His ways we will find that we have all the faith we need The purpose of seeking God is so that we will know what we can be in accord with The chapters in this book are based on the great faith chapter in the Bible Hebrews 11
