Mackenzie, 2020-07-25 This is an informative well researched and very readable book From the Preface This volume deals with the myths and legends connected with the ancient civilization of Crete and also with the rise and growth of the civilization itself while consideration is given to various fascinating and important problems that arise in the course of investigating pre Hellenic habits of thought and habits of life which are found to have exercised a marked influence in the early history of Europe **Myths of Crete & Pre-Hellenic Europe** Donald Alexander Mackenzie, 1918 Survivors of Atlantis Frank Joseph, 2004-08-10 Explores scientific evidence from four cataclysmic events that led to the development of civilization and the downfall of Atlantis The sequel and companion volume to *The Destruction of Atlantis* Studies the connections between the world conquering war the Atlanteans launched and the quartet of natural catastrophes that ravaged the earth more than 5 000 years ago Demonstrates that the Atlanteans ran an imperial copper trade empire that stretched from North America to Asia Minor Archaeologists have long puzzled over the evidence suggesting highly sophisticated copper mining activities in the area of the Great Lakes some 5 000 years ago Menomonic Indian tradition speaks of fair skinned mariners who had come in the past to dig out the shiny bones of the Earth Mother Plato meanwhile recorded that Atlanteans provided an exceptionally high grade of copper that was no longer available in his time In this sequel to *The Destruction of Atlantis* Frank Joseph argues that the Menomonic Indians mariners were Atlanteans and that the destruction of Atlantis by war and natural catastrophe brought about the end of Bronze Age civilization Furthermore Atlantis s survivors dispersed to all sides of their former island empire into Western Europe the Near East and North and South America In *Survivors of Atlantis* Frank Joseph provides an in depth study of the Atlantean war and the intimate connections it had with the last of four great cosmic catastrophes generated by the cyclical return of a comet and its debris This quartet of natural disasters was followed by mass migrations recorded in the histories of such diverse peoples as the Incas of Peru the Celtic Irish the Classical Greeks and the Aztecs of Mexico Where the archaeology mythology astronomy and geology of these cultures coincide a common thread is exposed Atlantis Joseph shows that the fate of the Atlantean empire is the story of early civilization and reveals Atlantis to be a credible part of the world s history Impossible Histories Hal Johnson, 2023-02-07 Across 1400 years and six continents sorry Australia *Impossible Histories* examines pivotal moments in history from both sides what happened and what would have happened had things gone differently The results are by turns strange hilarious

tragic and always fascinating Imagine a world in which Hitler builds a thousand year Reich Columbus gets driven from the Americas by mounted knights Robespierre decapitates Caesar Augustus The Inca Empire has an air force Jimmy Carter presses the Button These brave new worlds are merely our own familiar world if something small had happened differently We re all one elephant away from peace in the Middle East one knife thrust away from nuclear Armageddon This book examines twenty pivotal moments in history asks what if and drags the answers kicking and screaming into the light History factual and counterfactual has never been so entertaining A whirlwind ride through history as it never happened but could have

Psychoanalytic and Psychotherapeutic Perspectives on Stepfamilies and Stepparenting Prophecy Coles, 2017-11-01 Psychoanalytic and Psychotherapeutic Perspectives on Step families and Step parenting looks at the role step parents can play in the psychic development of children Step parenting requires enormous confidence and resilience that stretches into a territory of human emotions and conflict that can make marriage seem easy Prophecy Coles concern has been that we are witnessing a new kinship system and our psychological thinking has not kept up with the emotional effect that stepparents are having upon the next generation The author traces the history of our beliefs about stepparents through the oral tradition of the fairy story into our present arguably prejudiced beliefs about them Coles explores whether our feelings about stepparents arise from the unconscious tradition that placed stepparents in hostile opposition to the natural forces of parenting The absence of detailed clinical work on the subject has meant that the author has drawn on interviews biography and three long term research projects to think about this new family constellation Covering such topics as the prevalence and importance of step mothers historically the reasons for psychoanalytic neglect of this subject and using clinical material drawn from work with step mothers children and fathers this is a much needed guide to working with families affected by maternal loss and alternative parenting roles It will encourage a further appreciation of the psychological difficulties that stepparents face and at the same time offer a re appraisal of the pain that young children go through when their parents decide to separate Psychoanalytic and Psychotherapeutic Perspectives on Step families and Step parenting will appeal greatly to psychoanalysts and psychoanalytic psychotherapists

To-day, 1918 *The Nine Maidens* Stuart McHardy, 2023-08-30 Whether as the mothers of the Norse God Heimdall Morgan and her sisters on Avalon the nine sisters at the heart of the founding myth of the Gikuyu of Kenya or witches battling with the Irish St Patrick stories of nine women often attending a goddess or linked to a heroic or divine male

exist across much of our world Triggered by a local story still told in his native Dundee Stuart McHardy has traced what seems to be memories of groups of nine women most likely some kind of priestesses across much of Europe and as far as Siberia Korea India and Africa Whether as Pictish saints Muses Valkyries Druidesses or witches the tales of these groups of nine women transcend a vast range of cultural and linguistic boundaries The painting of nine women dancing round a priapic male in a Catalonian cave painting over fifteen thousand years old suggests these groups may well have been one of the oldest cultural institutions humanity has known

The History & Use of Amulets, Charms and Talismans Gary R. Varner, 2008-01-27 Amulets and charms have been used since mankind evolved from its distant origins millions of years ago They have been used to protect and to harm and in both the practice and avoidance of witchcraft and sorcery They are made of wood and stone clay metal plants and dead animals They are carved into crude shapes and in the most exquisite forms They may also be composed entirely of words which are believed to have great power and magical properties Used by pagans Christians Jews and followers of every faith and tradition known across the world they are considered direct links to the gods and local spirits All are links to the supernatural Regardless if they are called amulets charms or talismans these objects are credited with providing cures causing evil and bringing health and prosperity This book using ethnographic studies ancient records and folklore will explore the history and use of amulets and will show that they continue to be an important part of our modern culture

The Mythic Forest, the Green Man and the Spirit of Nature Gary R. Varner, 2006 Mankind has given a recognizable face to the awesome and impalpable forces of nature in the image of the Green Man and the nature spirits that this book explores The ways in which different societies and different craftsmen have depicted these spirits display the wide creative range of the human imagination but the persistence of the theme suggests that in all their many facets these spirits represent a deep primordial sense that humans have shared since civilization began For the very origin and message of these images have remained the same even if somewhat altered over time Traditional customs from around the world from the rites that celebrate spring and egg on the forces of fertility to folk health remedies and the use of talismans to ward off illness and other evils show some surprising similarities and hint at the shared origins of human culture Even though the original significance of many customs has been lost or diluted they still hold an appeal and many towns even today are re-introducing seasonal fairs to recreate the link between man and nature Varner presents examples ancient and new from Europe and Asia East Coast and West and identifies in particular the different guises of the Green Man who has figured in architecture since before the advent of Christianity and still makes his appearance today peering out from behind his leaves on California banks and New York brownstone houses

Creatures in the Mist Gary R. Varner, 2007 Varner brings together a medley of stories myths and folklore sharing a fascination and respect for humankind's early and contemporary cultures and wondering at similarities across the board Here he focuses on Little People and giants animals and were-creatures and the odd helpful or threatening ways imputed to our earthly companions including dogs and cats bats
