Crime In An Insecure World

John Pratt, Jordan Anderson

Crime In An Insecure World:

Crime in an Insecure World Richard Victor Ericson, 2007

Crime in an Insecure World Richard V.

Ericson, 2007-01-09 Crime in an Insecure World investigates the alarming trend across Western societies of treating every imaginable source of harm as a crime The book explains why selected issues of national security social security corporate security and domestic security are at the top of the political agenda

Seeking Security in an Insecure World Dan

Caldwell, Robert E. Williams Jr., 2016-02-24 This revised edition of Seeking Security in an Insecure World provides a thorough accessible introduction to contemporary security studies All chapters are updated and a wide range of new topics are discussed including the Syrian civil war Russia's annexation of Crimea and its intervention in East Ukraine the global refugee crisis China's military buildup the impact of fracking on oil and gas markets and rapidly evolving cyberwar capabilities Each chapter also addresses what has been and can be done to enhance security Overall Seeking Security in an Insecure World offers a clear and compelling framework for understanding what security means today and how it can best be achieved

Criminology and Political Theory Dr Anthony Amatrudo, 2009-07-09 A lucid sophisticated and timely vindication of the importance of Marxist feminist and other radical perspectives on the state and political economy to the analysis of crime control and justice It offers a valuable guide to issues of political philosophy for students and teachers of criminology critically deconstructing the taken for granted categories of law and criminal justice Professor Robert Reiner London School of Economics UK This clear and concise book sets out the relationship between political theory and criminology It critically analyzes key theories and debates within criminology and addresses the major political ideas that lie beneath them Organized around key criminological concepts and issues the book covers power and ideology the nature of the state social control and policing punishment economics and criminal activity morality The book has been carefully developed to support practical teaching and learning and contains chapter summaries further reading and a comprehensive glossary which combine to provide a full understanding of the themes

The SAGE Handbook of Criminological Theory Eugene

McLaughlin, Tim Newburn, 2010-07-06 For any criminologist looking to make sense of recent developments in the field this is the go to book In essays by leading specialists it provides the latest updates on traditional theories whilst charting new directions It also offers interpretive frameworks for criminology's current flux and fragmentation and closely examines relationships among theory policy and criminal justice practice Invaluable and indispensable Nicole Rafter Professor Northeastern University The SAGE Handbook of Criminological Theory re-centres theory in the boldest most thought provoking form possible within the criminological enterprise Written by a team of internationally respected specialists it provides readers with a clear overview of criminological theory enabling them to reflect critically upon the variety of theoretical positions traditional emergent and desirable that are constitutive of the discipline at the beginning of the twenty first century Each chapter has been specially commissioned to include the following A brief historical overview of the

theoretical perspective Core ideas and key associated concepts A critical review of the contemporary status of the perspective Reflections on future developments In addition the Handbook features a substantive introduction by the editors providing a review of the development of criminological theory the state of contemporary criminological theory and emergent issues and debates The SAGE Handbook of Criminological Theory is an indispensable international resource for libraries and scholars of all levels studying the rapidly developing interdisciplinary field of criminology

The Routledge International Handbook of the Crimes of the Powerful Gregg Barak, 2015-06-05 Across the world most people are well aware of ordinary criminal harms to person and property Often committed by the powerless and poor these individualized crimes are catalogued in the statistics collected annually by the FBI and by similar agencies in other developed nations In contrast the more harmful and systemic forms of injury to person and property committed by powerful and wealthy individuals groups and national states are neither calculated by governmental agencies nor annually reported by the mass media As a result most citizens of the world are unaware of the routinized crimes of the powerful even though they are more likely to experience harms and injuries from these types of organized offenses than they are from the atomized offenses of the powerless Research on the crimes of the powerful brings together several areas of criminological focus involving organizational and institutional networks of powerful people that commit crimes against workers marketplaces taxpayers and political systems as well as acts of torture terrorism and genocide This international handbook offers a comprehensive authoritative and structural synthesis of these interrelated topics of criminological concern It also explains why the crimes of the powerful are so difficult to control Edited by internationally acclaimed criminologist Gregg Barak this book reflects the state of the art of scholarly research covering all the key areas including corporate global environmental and state crimes The handbook is a perfect resource for students and researchers engaged with explaining and controlling the crimes of the powerful domestically and internationally

Criminology Gregg Barak, 2009 Barak provides the first integrated analysis of crime criminal justice and criminology through a global lens revealing the importance of a global perspective for the study of crime and justice in the 21st century While moving seamlessly from the micro bio psychological interactive social process to the macro cultural structural forces that shape crime and our responses to it the author presents the reader with a feast of the latest criminological ideas in this sumptuous tome

Moral Rhetoric and the Criminalisation of Squatting Lorna Fox O'Mahony, David O'Mahony, Robin Hickey, 2014-10-24 This collection of critical essays considers the criminalisation of squatting from a range of different theoretical policy and practice perspectives While the practice of squatting has long been criminalised in some jurisdictions the last few years have witnessed the emergence of a newly constituted political concern with unlawful occupation of land With initiatives to address the threat of squatting sweeping across Europe the offence of squatting in a residential building was created in England in 2012 This development which has attracted a large measure of media attention has been widely regarded as a controversial policy departure with many commentators Parliamentarians and

professional organisations arguing that its support is premised on misunderstandings of the current law and a precarious evidence base concerning the nature and prevalence of squatting

Moral Rhetoric and the Criminalisation of Squatting explores the significance of measures to criminalise squatting for squatters owners and communities The book also interrogates wider themes that draw on political philosophy social policy criminal justice and the nature of ownership to consider how the assimilation of squatting to a contemporary punitive turn is shaping the political social legal and moral landscapes of property housing and crime

Policing Integration Chris Giacomantonio, 2015-07-20 This book critically examines coordination work between police officers and agencies Police work requires constant interaction between police forces and units within those forces yet the process by which police work with one another is not well understood by sociologists or practitioners At the same time the increasing inter dependence between police forces raises a wide set of questions about how police should act and how they can be held accountable when locally based police officers work in or with multiple jurisdictions This rearrangement of resources creates important issues of governance which this book addresses through an inductive account of policing in practice *Policing Integration* builds on extensive fieldwork in a multi jurisdictional environment in Canada alongside a detailed review of ongoing research and debates In doing so this book presents important theoretical principles and empirical evidence on how and why police choose to work across boundaries or create barriers between one another

Global Policing Ben Bowling, James Sheptycki, 2011-12-16 In the transitional networked society police power is no longer constrained by the borders of the nation state It has globalised *Global Policing* shows how security threats have been constructed by powerful actors to justify the creation of a new global policing architecture and how the subculture of policing shapes the world system Demonstrating how a theory of global policing is central to understanding global governance the text explores the new security agenda focused on serious organised crime and terrorism and how this is transforming policing the creation of global organisations such as Interpol regional entities such as Europol and national policing agencies with a transnational reach the subculture of the global cops blurring boundaries between police private security military and secret intelligence agencies the reality of transnational policing on the ground its effectiveness legitimacy accountability and future development Written by two leading international experts who bring cutting edge theoretical debates to life with case studies and examples *Global Policing* will prove captivating reading for students and scholars in criminology criminal justice international relations law and sociology

Criminal Justice and Criminology Research Methods Peter B. Kraska, John J. Brent, W. Lawrence Neuman, 2020-12-31 *Criminal Justice and Criminology Research Methods* Third Edition is an accessible and engaging text that offers balanced coverage of a full range of contemporary research methods Filled with gritty criminal justice and criminology examples including policing corrections evaluation research forensics feminist studies juvenile justice crime theory and criminal justice theory this new edition demonstrates how research is relevant to the field and what tools are needed to actually conduct that research

Kraska Brent and Neuman write in a pedagogically friendly style yet without sacrificing rigor offering balanced coverage of qualitative quantitative and mixed methods With its exploration of the thinking behind science and its cutting edge content the text goes beyond the nuts and bolts to teach students how to competently critique as well as create research based knowledge This book is suitable for undergraduate and early graduate students in US and global Criminology Criminal Justice and Justice Studies programs as well as for senior scholars concerned with incorporating the latest mixed methods approaches into their research

Healthcare Corruption Graham Brooks,2024-05-22 This book offers a broad international analysis of healthcare corruption drawing upon criminology sociology psychology law political and behavioural economics and nudge theory It engages with the existing key debates on how to define healthcare corruption and the measurement of it but builds on this and offers new analysis of these issues in the private healthcare sector too Furthermore it moves beyond the analysis of funds lost to healthcare and includes the impact and costs of healthcare corruption on victims and family members of victims and the CJS It also uniquely considers that the healthcare sector victimizes patients and its own employees with the healthcare sector as part of a carceral state to help highlight how different disciplines can contribute to our understanding in reducing healthcare corruption

The Future of Policing Jennifer M. Brown,2013-10-08 The police service in England and Wales is facing major challenges in its financing political oversight and reorganisation of its structures Current economic conditions have created a wholly new environment whereby cost saving is permitting hitherto unthinkable changes in the style and means of delivery of policing services In the context of these proposed changes Lord Stevens formerly Commissioner of the Metropolitan Police Service was asked to chair an Independent Commission looking into the future of policing The Commission has a wide ranging remit and the papers in this book offer up to date analysis of contemporary problems from the novel perspective of developing a reform agenda to assist the Commission Bringing together contributions from both key academic thinkers and police professionals this book discusses new policing paradigms lays out a case for an evidence based practice approach and draws attention to developing areas such as terrorism public order and hate crime Policing is too important to be left to politicians as the health of a democracy may be judged by the relationship between the police and the public The aim of this book is to question and present analyses of problems offer new ideas and propose realistically achievable solutions without being so timid as to preserve the status quo It will be of interest to both academics and students in the fields of criminology and policing studies as well as professionals in the policing service NGOs and local authority organisations

Handbook of Public Protection Mike Nash,Andy Williams,2010-09-27 Public protection has become an increasingly central theme in the work of the criminal justice agencies in many parts of the world in recent years Its high public profile and consequent political sensitivity means that growing numbers of criminal justice professionals find their daily work load dominated by the assessment and management of high risk of harm offenders Developments such as sex offender registers and in the UK Multi Agency Public Protection Arrangements Mappa have made

this issue not only a core activity for police probation and prison services but to a range of other organizations as well in particular social work and the health services Partnership has become central to the concept of public protection At the same time the concept of public protection has occasioned increased political debate Protecting the public from high risk or dangerous offenders has become an international issue and has increasingly shaped criminal justice policy This text brings together leading authorities in the field providing authoritative coverage of the theory and practice of public protection both in the UK and internationally It provides a critical review of contemporary public protection practice as well as up to date research and thinking in the field

Public Criminology? Ian Loader, Richard Sparks, 2013-05-13 What is the role and value of criminology in a democratic society How do and how should its practitioners engage with politics and public policy How can criminology find a voice in an agitated insecure and intensely mediated world in which crime and punishment loom large in government agendas and public discourse What collective good do we want criminological enquiry to promote In addressing these questions Ian Loader and Richard Sparks offer a sociological account of how criminologists understand their craft and position themselves in relation to social and political controversies about crime whether as scientific experts policy advisors governmental players social movement theorists or lonely prophets They examine the conditions under which these diverse commitments and affiliations arose and gained or lost credibility and influence This forms the basis for a timely articulation of the idea that criminology's overarching public purpose is to contribute to a better politics of crime and its regulation Public Criminology offers an original and provocative account of the condition of and prospects for criminology which will be of interest not only to those who work in the fields of crime security and punishment but to anyone interested in the vexed relationship between social science public policy and politics

Preventive Justice Andrew Ashworth, Lucia Zedner, 2014-03-27 This book arises from a three year study of Preventive Justice directed by Professor Andrew Ashworth and Professor Lucia Zedner at the University of Oxford The study seeks to develop an account of the principles and values that should guide and limit the state's use of preventive techniques that involve coercion against the individual States today are increasingly using criminal law or criminal law like tools to try to prevent or reduce the risk of anticipated future harm Such measures include criminalizing conduct at an early stage in order to allow authorities to intervene incapacitating suspected future wrongdoers and imposing extended sentences or indefinite on past wrongdoers on the basis of their predicted future conduct all in the name of public protection and security The chief justification for the state's use of coercion is protecting the public from harm Although the rationales and justifications of state punishment have been explored extensively the scope limits and principles of preventive justice have attracted little doctrinal or conceptual analysis This book re-assesses the foundations for the range of coercive measures that states now take in the name of prevention and public protection focussing particularly on coercive measures involving deprivation of liberty It examines whether these measures are justified whether they distort the proper boundaries between criminal and civil law or whether they signal a

larger change in the architecture of security In so doing it sets out to establish a framework for what we call Preventive Justice

The Politics of the Police Benjamin Bowling, Robert Reiner, James W. E. Sheptycki, 2019 The Politics of the Police offers a geographical and historical overview of the law and politics of the police This fifth edition covers a wider range of empirical and theoretical issues encompassing a transnational scope and reflecting the growing diversity of policing forms in today's globalized world

Criminal Justice, Risk and the Revolt against Uncertainty John Pratt, Jordan Anderson, 2020-03-17 This book examines the impact and implications of the relationship between risk and criminal justice in advanced liberal democracies in the context of the revolt against uncertainty which has underpinned the rise of populist politics across these societies in recent years It asks what impact the demands for more certainty and security and the insistence that national identity be reasserted will have on criminal law and penal policy Drawing upon contributions made at a symposium held at Victoria University of Wellington New Zealand in November 2018 this edited collection also discusses the way in which risk has come to inform sentencing practices broader criminal justice processes and the critical issues associated with this It also examines the growth and making of new risky populations and the harnessing of risk prevention logics techniques and mechanisms which have inflated the influence of risk on criminal justice

Escape Routes: Contemporary Perspectives on Life After Punishment Stephen Farrall, Richard Sparks, Shadd Maruna, Mike Hough, 2010-12-15 Escape Routes Contemporary Perspectives on Life After Punishment addresses the reasons why people stop offending and the processes by which they are rehabilitated or resettled back into the community Engaging with and building upon renewed criminological interest in this area Escape Routes nevertheless broadens and enlivens the current debate First its scope goes beyond a narrowly defined notion of crime and includes for example essays on religious redemption the lives of ex war criminals and the relationship between ethnicity and desistance from crime Second contributors to this volume draw upon a number of areas of contemporary research including urban studies philosophy history religious studies and ethics as well as criminology Examining new theoretical work in the study of desistance and exploring the experiences of a number of groups whose experiences of life after punishment do not usually attract much attention Escape Routes provides new insights about the processes associated with reform resettlement and forgiveness Intended to drive our understanding of life after punishment forward its rich array of theoretical and substantive papers will be of considerable interest to criminologists lawyers and sociologists

The Insecurity State Peter Ramsay, 2012-04-26 The Insecurity State is a book about the recent emergence of a right to security in the UK's criminal law The Insecurity State sets out from a detailed analysis of the law of the Anti Social Behaviour Order and of the Coalition government's proposed replacement for it It shows that the liabilities contained in both seek to protect a freedom from fear and that this right to security explains a lot of other recently enacted criminal offences This book identifies the normative source of this right to security in the idea of vulnerable autonomy It demonstrates that the vulnerability of autonomy is an axiomatic assumption of political theories that have enjoyed a

preponderant influence right across the political mainstream It considers the influence of these normative commitments on the policy of both the New Labour and the Coalition governments The Insecurity State then explores how the wider contemporary criminal law also institutionalizes the right to security and how this differs from the law's earlier protection of security interests It examines the right to security and its attendant penal liabilities in the context of both human rights protection and normative criminal law theories Finally the book exposes the paradoxical claims about the state's authority that are entailed by penal laws that assume the vulnerability of the normal representative citizen The Insecurity State offers a criminal law theory that is unorthodox in both its method and its content BLIt is focused on a contemporary development in the special part of the criminal law rather than the law's general principles BLIt is an explanatory political sociology of substantive criminal law rather than the more familiar normative theory but it is an explanatory theory that seeks to understand the law's historical development through an investigation of the changing character of its normative order BLIt does not apply a pre-existing sociological or philosophical theory to the law rather it develops a theoretical explanation from detailed legal analysis and reconstruction of New Labour's penal laws BLIt concludes that repressive criminal laws have arisen from a deficit of political authority rather than from excessive authoritarianism

Unveiling the Magic of Words: A Review of "**Crime In An Insecure World**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Crime In An Insecure World**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound impact on the souls of its readers.
